Veterans Reflections Preserved William Graser:

Veterans' Reflections William R. Graser, 2015-12-18 Pacific Book Review Star Awarded to Books of Excellent Merit Some of the best history is personal that which is collected from participants in great events and movements In William R Graser's book Veterans Reflections History Preserved we are offered stories and vignettes from those who serve in the United States military in their own words Sergeant First Class William R Graser USA Ret worked for the US Army Security Agency overseas and in America In 2007 Graser conceived the simple but ingenious idea of letting soldiers tell their own stories and through this framework offer a picture of sixty three years of American military history His sixty interviews comprise the experiences of military personnel from World War II beginning in 1941 through the Cold War the Korean War the Vietnam War and what the author refers to as the Quiet War Korea aka Korean DMZ Conflict The last stories come from Global and Homeland Service up to 2004 Each segment starts with an explanation of the conflict its background and causes followed by interviewee accounts The first such account comes from Clement Hutchins age 93 in 2011 who served in World War II with the Merchant Marines In the North Atlantic prey to attacks from the German Wolf Pack submarines Hutchins recalls one evening in particular when nine merchant ships were sunk in less than fifteen minutes Samuel Masessa was an infantryman in Korea where he states the cold became the enemy He recounts a battle between American tanks and Chinese troops in a sudden attack that left many enemy soldiers dead he and his comrades then used flamethrowers to destroy the bodies in a grim task to prevent disease and eliminate the smell Harry Dalton was a K9 dog handler in Vietnam who was awarded numerous medals but stated I was proud to serve but prefer to keep most of my experiences to myself Another soldier Richard Matthews who served in the US Air Force in the sky over Cambodia and Laos expresses a similar sentiment I don't make a lot of noise about my awards and decorations In reality we were just soldiers airmen marines sailors and guardians doing what we were trained to do and dedicated to doing By allowing veterans to express their sentiments and describe their very real and harrowing experiences Graser has done honor to these individuals who served us so bravely and unselfishly He offers an intelligent analysis of the stages of war and conflict that the US was engaged in during the book's time frame He includes useful appendices of military terms acronyms and pictures of military medals Graser wrote Veterans Reflections History Preserved to increase our general understanding of American warfare through the eyes of those who were there He concludes with a phrase that will be familiar to anyone who has a veteran in the family When you see a veteran say thank you This book is a remarkable tribute to the sacrifice made by our veterans who fought for our country Veterans Reflections is compelling and inspiring to say the least Our heroes deserve to be heard Highly Recommended The military service of millions of Americans is reflected in these stories They will put you in the middle of the action of our nation's wars Through firsthand accounts of veterans who served during World War II the Cold War Korean War Cuban Missile Crisis Vietnam War Korean DMZ Conflict also known as the Quiet War and Operations Desert Storm and Enduring Freedom Afghanistan you'll

find yourself paying tribute to each and every veteran The stories of personal sacrifice commitment and valor demonstrate the values that have made the United States of America the envy of the world Sixty veterans recall their time in uniform sharing stories that are tragic heart wrenching and sometimes funny These stories provide an excellent opportunity to gain an understanding and appreciation of veterans Celebrate what it means to be an American devoted to freedom with Veterans Reflections As a veteran himself the author is obviously very close to this work and it shows not only in his passion for his subject but also in his attention to detail His method which weaves the veterans own stories into an historical overview of a specific conflict is extremely effective The soldiers accounts go well beyond the war s scorecard and reveal some of the actual fears and experiences of the participants Anyone can tell the facts behind a story but those who have lived it can share insights no secondhand history can match The US Review of Books **Smell the Gunpowder** William R. Graser,2022-10-25 Smell the Gunpowder The Land of the Morning Calm is inspired by true events and veterans firsthand accounts of Americans who served in Korea Because of these veterans the Republic of Korea remains a free sovereign nation and one of the strongest and wealthiest countries in Asia Today North Korea continues to have a nuclear arsenal and is one of the most militarized countries in the world creating a critical security challenge Concerns about North Korea and its intentions remain at the highest level since the end of the 1950s and 1960s Korean Conflicts South Korea has urged the United States and North Korea to formally reach a peace agreement ending the decades long conflict The outcome of a peace agreement is uncertain and Smell the Gunpowder makes no pretense of providing the complete account of the undeclared unconventional struggles that have gripped Korea since 1945 although it may serve to refocus attention on a most intriguing chapter in the annals of American and Korean history **Veterans' Reflections** William R. Graser,2016 Through firsthand accounts of veterans who served during World War II the Cold War the Korean War the Vietnam War and Operations Desert Storm and Enduring Freedom you ll find yourself paying tribute to each and every veteran Physics Briefs ,1985-07
