Fidel Humberto Fontova,2012-04-01 Funny name for a man who has threatened the United States with nuclear war who has made common cause with Islamic terrorists against the United States and whose people risk death to escape him But there's a lot that Hollywood liberals and other Fidel Castro admirers would rather you didn't know about the dictator of Cuba like how he imprisoned more people as a percentage of population than the prewar Nazis how Fidel's firing squads killed thousands of Cubans how Fidel's subjects would rather inject themselves with AIDS than live under his tyranny Drawing on a wealth of research including interviews with former Castro regime officials anti Castro freedom fighters and Castro's political prisoners acclaimed author Humberto Fontova reveals the ugly face of the Castro regime

The Cuban Connection Eduardo Sáenz Rovner,2009-06-01 A comprehensive history of crime and corruption in Cuba The Cuban

Connection challenges the common view that widespread poverty and geographic proximity to the United States were the prime reasons for soaring rates of drug trafficking smuggling gambling and prostitution in the tumultuous decades preceding the Cuban revolution Eduardo S enz Rovner argues that Cuba s historically well established integration into international migration commerce and transportation networks combined with political instability and rampant official corruption to help lay the foundation for the development of organized crime structures powerful enough to affect Cuba s domestic and foreign politics and its very identity as a nation S enz traces the routes taken around the world by traffickers and smugglers After Cuba the most important player in this story is the United States The involvement of gangsters and corrupt U S officials and businessmen enabled prohibited substances to reach a strong market in the United States from rum running during Prohibition to increased demand for narcotics during the Cold War Originally published in Colombia in 2005 this first English language edition has been revised and updated by the author *Cuban Studies* 33 Lisandro Perez,Uva De

King of Havana John Paul Rathbone, 2010-08-05 Fascinating A richly detailed portrait Michiko Kakutani The New York Times Known in his day as the King of Sugar Julio Lobo was the wealthiest man in prerevolutionary Cuba He had a life fit for Hollywood he barely survived both a gangland shooting and a firing squad and courted movie stars such as Joan Fontaine and Bette Davis Only when he declined Che Guevara's personal offer to become Minister of Sugar in the Communist regime did Lobo's decades long reign in Cuba come to a dramatic end Drawing on stories from the author's own family history and other tales of the island's lost haute bourgeoisie The Sugar King of Havana is a rare portrait of Cuba's glittering past and a hopeful window into its future
