Ilustración radical en España: los hombres más malos del mundo Pascual Santos-Lopez, 2022-10-12. Una obra que va más allá de los grandes nombres de la Ilustración española para sacar a la luz las historias de ilustrados inóclitos que tienen un pensamiento radical y que se encuentran en los ricos archivos de la Inquisición española. Un libro que tiene como protagonista principal al lorquino Joaquín Muñoz Delgado, platero, maquinista, relojero, mago, cirujano y capitán de milicias de La Habana, materialista y libertino, que estuvo encarcelado seis años en la Inquisición de México y del que se relatan aventuras, viajes y luchas perdidas y ganadas. Un libro que se lee fácilmente a pesar de su rigurosidad histórica.

La familia en la historia María Antonia Bel Bravo, 2010-05-20. Aunando metodología expositiva histórica y una propuesta para el presente y el futuro, la profesora Bel Bravo ofrece una nueva forma de escribir historia. Si a ello unimos lo poco habitual del tema, la historia de la familia, podemos concluir que tenemos ante nosotros una de las obras más sólidas e importantes publicadas en los últimos tiempos.

De la poesía a la literatura Inke Gunia, 2008. El camino que conduce de la poesía a la literatura pasa por un proceso de diferenciación de un espacio social autónomo destinado a la producción y recepción de obras artísticas y literarias que en España abarca el lapso que va desde la segunda mitad del siglo XVIII hasta la primera mitad del siglo XIX. La reducción semántica del término literatura a un determinado cuerpo de textos que comunican un placer estético se examina con referencia a un entramado de cambios efectuados en la estructura del campo social de la España de la época. El cuerpo de textos del cual parte el análisis de los conceptos de poesía y literatura vigentes en el período especificado lo constituyen escritos poetológicos y obras de consulta lexicográfica. **Encyclopedia of the Romantic Era 1760-1850** Christopher John Murray, 2013-05-13. In 850 analytical articles, this two-volume set explores the developments that influenced the profound changes in thought and sensibility during the second half of the eighteenth century and the first half of the nineteenth century. The Encyclopedia provides readers with a clear, detailed and accurate reference source on the literature, thought, music and art of the period, demonstrating the rich interplay of international influences and cross currents at work and to explore the many issues raised.
