Rottman, 2013-05-20 This book reveals the evolving US Viet Cong and NVA tactics at battalion level and below throughout the Vietnam War Beginning with a description of the terrain climate and the unique nature of operations in this theatre of war the author a Vietnam veteran himself goes on to explain how unit organisation was broken down by combatant forces and the impact this had on the kind of tactics they employed In particular the author highlights how units were organised in reality on the battlefield as opposed to their theoretical tables of organisation US tactics included the standard US tactical doctrine as prescribed by several field manuals and in which leaders and troops were rigorously trained But it also reveals how many American units developed innovative small unit tactics specifically tailored to the terrain and enemy practices In contrast this book also reveals the tactics employed by Viet Cong and NVA units including their own Offensive Operations Reconnaissance Movement Formations and Security and Ambushes *US Air Cavalry Trooper vs North Vietnamese Soldier* Chris McNab, 2020-09-17 The tactics and technologies of modern air assault vertical deployment of troops by helicopter or similar means emerged properly during the 1950s in Korea and Algeria Yet it was during the Vietnam War that helicopter air assault truly came of age and by 1965 the United States had established fully airmobile battalions brigades and divisions including the 1st Cavalry Division Airmobile This division brought to Vietnam a revolutionary new speed and dexterity in battlefield tactics using massed helicopters to liberate its soldiers from traditional overland methods of combat manoeuvre However the communist troops adjusted their own thinking to handle airmobile assaults Specializing in ambush harassment infiltration attacks and small scale attrition the North Vietnamese operated with light logistics and a deep familiarity with the terrain They optimized their defensive tactics to make landing zones as hostile as possible for assaulting US troops and from 1966 worked to draw them into Hill Traps extensive kill zones specially prepared for defence in depth By the time the 1st Cavalry Division Airmobile withdrew from Vietnam in 1972 it had suffered more casualties than any other US Army division Featuring specially commissioned artwork archive photographs and full colour battle maps this study charts the evolution of US airmobile tactics pitted against North Vietnamese countermeasures The two sides are analysed in detail including training logistics weaponry and organization **US Helicopter Pilot in Vietnam** Gordon L.
