Tracing Our White Ancestors White Roots:

Living to Prowl Samuel F. Pickering, 1997 Reading Pickering is like taking a walk with your oldest wittiest friend said Smithsonian magazine Living to Prowl Sam Pickering's ninth collection of essays finds the acclaimed author walking familiar paths taking time to enjoy family friends nature and other simple pleasures Like Pickering's earlier books this collection records in highly personal and idiosyncratic terms a year in the life of a man with a tenacious commitment to pausing and wondering Moving easily between humor and seriousness the mundane and the philosophical stark truth and evocative fictions his essays saunter through life and rummage through lives As Pickering himself puts it Living to Prowl is meant to make people turn away from the razzleum dazzleum of dream and abstraction to see the rich greens and blues at their doorsteps Casborn Creoles of Louisiana: Legally Divided In Black and White Anisa Faciane Watts, MLIS, 2017-11-26 This is a paper back copy of a historical family tree project Casborn Creoles is based on the authors research of her mother's paternal paternal side Most of all the book hones in on the family name all noted spellings going back to the late 1600s as well as a personal DNA analysis This book also includes family research for several other familiar names that were married and or born into the Casborn line such as St Ann Sylve Encalade Ordogne as well as other spellings Cazaubon Casbon and much more *A Free People* Dave Moore, David L. Moore, 2003 An excellent collection of stories writings and photographs by Hmong students in Minnesota as part of the Hmong Youth Cultural Awareness Project with grants from the the Minneapolis Public Schools A minority in every country where they have lived they value their independence and self sufficiency With help of Dave Moore and John Mundahl Hmong students interviewed their elders in the community to capture the history and culture of their people This book reunites the Hmong youth who have become alienated from their culture in living in the United States to Hmong culture and inspire self esteem as well as helping others learn about this amazing culture *Finding Your Roots, Season 2* Henry Louis Gates Jr., 2016-01-28 Who are we and where do we come from The fundamental drive to answer these questions is at the heart of Finding Your Roots the companion book to the hit PBS documentary series As scholar Henry Louis Gates Jr clearly demonstrates the tools of cutting edge genomics and deep genealogical research now allow us to learn more about our roots and look further back in time than ever before In the second season Gates's investigation takes on the personal and genealogical histories of more than twenty luminaries including Ken Burns Stephen King Derek Jeter Governor Deval Patrick Valerie Jarrett and Sally Field As Gates interlaces these moving stories of immigration assimilation strife and success he provides practical information for amateur genealogists just beginning archival research on their own families roots and details the advances in genetic research now available to the public The result is an illuminating exploration of who we are how we lost track of our roots and how we can find them again *In Search of Our Roots* Henry Louis Gates, Jr., 2009-01-27 Unlike most white Americans who if they are so inclined can search their ancestral records identifying who among their forebears was the first to set foot on this country s

shores most African Americans in tracing their family's past encounter a series of daunting obstacles. Slavery was a brutally efficient nullifier of identity willfully denying black men and women even their names. Yet from that legacy of slavery there have sprung generations who've struggled, thrived, and lived extraordinary lives. For too long African Americans' family trees have been barren of branches, but very recently advanced genetic testing techniques combined with archival research have begun to fill in the gaps. Here scholar Henry Louis Gates Jr., backed by an elite team of geneticists and researchers, takes nineteen extraordinary African Americans on a once unimaginable journey tracing family sagas through U.S. history and back to Africa. Those whose recovered pasts collectively form an African American people's history of the United States include celebrities such as Oprah Winfrey, Whoopi Goldberg, Chris Rock, Don Cheadle, Chris Tucker, Morgan Freeman, Tina Turner, and Quincy Jones; writers such as Maya Angelou and Blaise Broyard; leading thinkers such as Harvard divinity professor Peter Gomes, the Reverend T.D. Jakes, neurosurgeon Ben Carson, and sociologist Sara Lawrence Lightfoot; and famous achievers such as astronaut Mae Jemison, media personality Tom Joyner, decathlete Jackie Joyner Kersee, and *Ebony* and *Jet* publisher Linda Johnson Rice. More than a work of history, *In Search of Our Roots* is a book of revelatory importance that for the first time brings to light the lives of ordinary men and women who, by courageous example, blazed a path for their famous descendants. For a reader, there is the stirring pleasure of witnessing long forgotten struggles and triumphs, but there's an enduring reward as well. In accompanying the nineteen contemporary achievers on their journey into the past and meeting their remarkable forebears, we come to know ourselves.
