Tracking The White Rabbit A Subversive View Of Modern Culture

Leslie Gardner, Frances Gray

Tracking The White Rabbit A Subversive View Of Modern Culture:

Tracking the White Rabbit Lyn Cowan, 2005-07-05 Since its beginning depth psychology has attempted to change the status quo of individual and cultural life by probing beneath surface appearances Lyn Cowan explores a number of subjects considering what possible meanings and implications for change might lie behind the conventional attitudes toward such subjects as Abortion Gender and sexuality Language Memory Melancholy The author puts forward the argument that although psychology and subversion are not usually thought of as belonging together they should be Such a view presented clearly with humour and insight offers a way to think differently about usual things and yield fresh meaning to some of the pressing dilemmas of our time and how we as individuals may respond to them *Animus, Psyche and Culture* Sulagna Sengupta, 2023-07-19 *Animus Psyche and Culture* takes Carl Jung's concept of contra sexual psyche and locates it within the cultural expanse of India using ethnographic narratives history religion myth films biographical extracts to deliberate on the feminine in psychological social and archetypal realms Jung's concept of unconscious contra sexuality based on notions of feminine Eros and masculine Logos was pioneering in his time but took masculine and feminine to be fixed and essential attributes of gender in the psyche This book explores the relevance of the animus examining its rationale in current contexts of gender fluidity Taking off from Post Jungian critiques it proposes an exposition of the animus in history social and religious phenomena theories of knowledge psychoid archetype and synchronicity to grasp its nuances in diverse cultural worlds This study re-envision the notion of animus keeping in mind the intricacies of feminine subjectivity and the diversity of cultural worlds where depth psychological ideas are currently emerging A remarkable reworking of Jungian ideas this well researched and important new book will be an insightful read for Jungian analysts and scholars with an interest in cultural and gender studies *Creases in Culture* Dennis Patrick Slattery, 2014-01-15 This collection of essays written over a period of years entertains the shared place of psyche and poetics Dr Slattery has explored the manner in which the psyche is poetic and how poetry is deeply psycho-mythical Influenced in part by the archetypal psychologist James Hillman's idea of the poetic basis of mind that comprises the soul's foundation Slattery's writing moves into the interactive field in which myth is the ground for both psyche and poetry The essays develop a further understanding of what has been called mythopoiesis the fundamental myth-making and shaping capacity of the soul *Feminist Views from Somewhere* Leslie Gardner, Frances Gray, 2016-12-08 *Feminist Views from Somewhere* Post Jungian Themes in Feminist Theory explores what and how Jungian thought contributes to feminist thinking Broadly speaking feminist thinking or thinking by and about women as autonomous intelligent and independent agents has opened up scholarship through insightful reflective critique and practice This is the starting point of this collection from a range of theorists interested in the multiple concerns of Jungian and analytical psychology The contributors take a unique approach to Jungian thinking Rather than focusing on its mythological aspects the authors develop alternative feminist approaches that enhance the appreciation of the possibilities for Jungian and post

Jungian studies With a primarily theoretical orientation the rigorous critical approaches in the collection highlight the possibilities of imaginative Jungian theory Divided into three parts Viewing Earth Clinical Perspectives and Literary Landscapes the chapters cover themes including embodiment intersubjectivity individuation and narrative The contributors vividly reflect the range and diversity of opinions amongst women influenced by Jungian thought Feminist Views from Somewhere is essential reading for academics and students of Jungian and post Jungian studies women s studies and gender studies as well as analytical psychologists in practice and in training *Jungian and Interdisciplinary Interfaces Between Emotions* Elizabeth Brodersen, Isabelle Meier, Valeria Céspedes Musso, 2025-04-09 C G Jung stressed that emotions are the driving forces behind social and psychological lives enabling individuals to connect with themselves and their environment Divided into five parts this innovative volume explores the enmeshments between emotions The material locates emotions within the context of nonverbal developmental somatic embodiment eco political and psychosocial engagement gender and LGBTQ Shadow phenomenology history myth and the effects of war are likewise explored in depth Each theme expertly stimulates a resurgence of Jungian and non Jungian clinical and academic interest in the role that emotions play in contemporary thought and in the impetus for eco socioeconomic change This volume will be of great interest to Jungian analysts and trainees psychotherapists and interdisciplinary cultural theorists It will aid scholars in Jungian academic studies and related fields interested in metaphor symbols gender and LGBTQ perspectives *The Maya Book of Life* Michael Owen, 2011-03 THE MAYA BOOK OF LIFE UNDERSTANDING THE XULTUN TAROT is the companion book to the Xultun Tarot Classic Edition It explores the archetypes and alchemy of the major arcana of the Xultun Tarot through indigenous teachings and the analytical psychology of C G Jung and casts new light on the meaning of 2012 The Xultun Tarot was created by Peter Balin in 1976 based on images from Maya history and culture Taken from a single painting it is the only tarot deck where the major arcana form a complete picture This picture is a symbolic image of the alchemical marriage of spirit and matter and a map of what Jung called the individuation process Only 500 copies of the original Xultun Tarot were ever printed Now Kahurangi Press xultun.com has recreated this classic long out of print deck true to its original large size and vibrant colours together with a book that explains the profound symbolism of the cards Michael Owen is a clinical psychologist in private practice and author of *Jung and the Native American Moon Cycles* He lives in New Zealand *The Matrix and Meaning of Character* Nancy J. Dougherty, Jacqueline J. West, 2013-12-02 Character structures underlie everyone s personality When rigidly defended they limit us yet as they become more flexible they can reveal sources of animation renewal and authenticity The Matrix and Meaning of Character guides the reader into an awareness of the archetypal depths that underlie character structures presenting an original developmental model in which current analytic theories are synthesised The authors examine nine character structures animating them with fairy tales mythic images and case material creating a bridge between the traditional language of psychopathology and the universal realm of image and symbol This

book will appeal to all analytical psychologists psychoanalysts and psychotherapists who want to strengthen their clinical expertise It will help clinicians to extend their clinical insights beyond a strictly behavioural medical or cognitive approach revealing the potential of the human spirit

Jane Eyre's Sisters Jody Gentian Bower,2015-03-15 Ever since women in the West first started publishing works of fiction they have written about a heroine who must wander from one place to another as she searches for a way to live the life she wants to live a life through which she can express her true self creatively in the world Yet while many have written about the heroine s journey most of those authors base their models of this journey on Joseph Campbell s model of the Heroic Quest story or on old myths and tales written down by men not on the stories that women tell In *Jane Eyre's Sisters How Women Live and Write the Heroine's Story* cultural mythologist Jody Gentian Bower looks at novels by women and some men as well as biographies of women that tell the story of the Aletis the wandering heroine She finds a similar pattern in works spanning the centuries from Lady Mary Wroth and William Shakespeare in the 1600s to Sue Monk Kidd Suzanne Collins and Philip Pullman in the current century including works by Jane Austen the Brontë sisters George Eliot Elizabeth Gaskell Charles Dickens Kate Chopin Virginia Woolf Doris Lessing J R R Tolkien and Alice Walker to name just a few She also discusses myths and folk tales that follow the same pattern Dr Bower argues that the Aletis represents an archetypal character that has to date received surprisingly little scholarly recognition despite her central role in many of the greatest works of Western fiction Using an engaging down to earth writing style Dr Bower outlines the stages and cast of characters of the Aletis story with many examples from the literature She discusses how the Aletis story differs from the hero s quest how it has changed over the centuries as women gained more independence and what heroines of novels and movies might be like in the future She gives examples from the lives of real women and scatters stories that illustrate many of her points throughout the book In the end she concludes authors of the Aletis story use their imagination to give us characters who serve as role models for how a woman can live a full and free life

Trauma and Beyond Ursula Wirtz,2020-06-08 In this seminal work on the clinical archetypal and spiritual dimension of trauma the author offers a compelling vision of the transformative potential of suffering and the dialectic of Dying and Becoming Wirtz outlines a healing path from fragmentation to integration and illuminates the resilience of the human spirit in the face of severe trauma *Trauma and Beyond* will be essential reading and a valuable resource for counsellors therapists and Jungian analysts who are challenged in their practice with individual and collective traumata

Jung and Sex Edward Santana,2016-10-04 C G Jung despite not being widely known for his views on sexuality or the treatment of sexual issues made extensive contributions to understanding the complexities of this field throughout his life In *Jung and Sex* Edward Santana makes the case that reclaiming this knowledge can address substantial problems with current treatments and support many who struggle with sexual issues This thorough exploration of Jung s approach to sexual issues presents a wide ranging new look at his work and adds contemporary perspectives for helping those suffering with sexual difficulties The book calls for an important bridging

of clinical perspectives to address the contemporary challenges of complex sexual issues and brings attention to a large body of Jung's work on human sexuality ranging from pioneering thoughts on sexual expressions of the soul to understanding ways to treat sexual symptoms. *Jung and Sex* provides a comprehensive analysis of Jung's views on and clinical approaches to sexual issues and treatments using this knowledge in order to help those with sexual problems and the professionals who support them. It is an essential text for understanding critical dimensions of human sexuality. *Jung and Sex* is an important contribution that closes a gap in the literature of Jungian psychology. It offers unique insights into the subject for Jungian psychotherapists, analytical psychologists, sex therapists, and relationship counselors. The book also supports the work of academics and those interested in contemporary applications of Jungian and post-Jungian studies.

Getting the books **Tracking The White Rabbit A Subversive View Of Modern Culture** now is not type of challenging means. You could not and no-one else going next books collection or library or borrowing from your associates to entry them. This is an enormously easy means to specifically get lead by on-line.
