The Art of Ancient Music David Walter Leinweber, 2020-10-28 From the very beginning music has helped us create our world everything from language to technology to philosophy and religion The Art of Ancient Music discusses the important role music has played in shaping human development While emphasizing shared human themes the text has a special focus

on the rise of Western music in the ancient Near East the Bible and the Classical worlds A final chapter provides a discussion of the way music helped bridge the gap between the ancient world and the Middle Ages especially in the guise of Church music **Indigenous Ethnographies of North East India** Somenath Bhattacharjee, Anup Kumar Dey, 2021-01-01

Northeast India is very rich in its multiethnic and multicultural diversity Their indigenous culture is nourished in the lap of nature However with the changing dimension of time and influence of globalization a number of social and cultural changes can be noticed among them On the other hand as their cultural practices social norms values and customs are oral in tradition these are remaining undocumented In this context to understand about the traditional culture contemporary period demands an in depth analytical research from the emic perspective to write the ethnography of indigenous communities It is an academic effort to build the co relation between central and marginal traditions to frame the holistic national integrity in multiethnic and multicultural India Through this book Indigenous Ethnographies of North East India A Study From Emic Perspective it has been tried to find out the similarities in between different cultural traditions as well as to find out the relevance of such traditions in the greater dimension of Indian civilization as a whole **A Companion to the Byzantine**

Culture of War, ca. 300-1204, 2018-09-04 This collection of essays on the Byzantine culture of war in the period between the 4th and the 12th centuries offers a new critical approach to the study of warfare as a fundamental aspect of East Roman society and culture in Late Antiquity and the Middle Ages The book s main goal is to provide a critical overview of current research as well as new insights into the role of military organization as a distinct form of social power in one of history s more long lived empires The various chapters consider the political ideological practical institutional and organizational aspects of Byzantine warfare and place it at the centre of the study of social and cultural history Contributors are Salvatore Cosentino Michael Gr nbarth Savvas Kyriakidis Tilemachos Lounghis Christos Makrypoulas Stamatina McGrath Philip Rance Paul Stephenson Yannis Stouraitis Denis Sullivan and Georgios Theotokis See inside the book **The shepherd protects**

their flock Chris Flaherty, 2021-09-13 This volume looks back into a huge expanse of time identifying an historic juncture where feuding became warfare that was fought by soldiers during a long historical process called the crossing of the military threshold This book examines the first tactics used in warfare weapons and the transition from hunter warriors to soldiers Starting with the Neolithic it then covers the Sumerians and the first micro armies of soldiers The process started during Late Neolithic urbanization and the Chalcolithic Copper Age and was completed by the early Bronze Age with the appearance of King Sargon s Royal Standing Army around 2334 BCE and the warrior armies of the Amorite Elamite and Lullubi The Oxford Handbook of Wetland Archaeology Francesco Menotti, Aidan O'Sullivan, 2012-12-20 The Oxford Handbook of Wetland Archaeology is the most comprehensive survey of global wetland archaeology ever published Well known for the spectacular quality of its surviving evidence from both an archaeological and environmental perspective wetland archaeology enables scholars to investigate and reconstruct past people s dwellings landscapes material culture and daily lives in great detail

Through concise essays written by some of the world's leading scholars in the field this Handbook describes the key principles, methodologies and revealing results of past and present archaeological investigations of wetland environments. The volume provides unique insights into past human interactions with lakes, bogs, rivers and coastal marshlands across the world from prehistory to modern times. Opening with a detailed introduction by the editors, the Handbook is divided into seven parts and contains 54 essays and over 230 photographs, figures, maps and graphs.

Winning at War Christian P. Potholm, 2010. What are the independent variables that determine success in war? Drawing on 40 years of studying and teaching war, political scientist Christian P. Potholm presents a template of seven variables that have served as predictors of military success over time and across cultures. In *Winning at War*, Potholm explains these variables: technology, sustained ruthlessness, discipline, receptivity to innovation, protection of military capital from civilians and rulers, will, and the belief that there will always be another war, and provides case studies of their implementation from ancient battles to today.
