Tragic Mountains The Hmong The Americans And The Secret Wars For Laos 1942 199:

Tragic Mountains Jane Hamilton-Merritt, 1993 Examines the Hmong's struggle for freedom and survival from 1942 to the present

Asian-american Education Meyer Weinberg, 2012-12-06 Asian American Education Historical Background and Current Realities fills a gap in the study of the social and historical experiences of Asians in U S schools It is the first historical work to provide American readers with information about highly individual ethnic groups rather than viewing distinctly different groups as one vague global entity such as Asians The people who populate each chapter are portrayed as active participants in their history rather than as passive victims of their culture Each of the twelve country specific chapters begins with a description of the kind of education received in the home country including how widely available it was how equal or unequal the society was and what were the circumstances under which the emigration of children from the country occurred The latter part of each of these chapters deals with the education these children have received in the United States Throughout the book instead of dwelling on a relatively narrow range of children who perform spectacularly well the author tries to discover the educational situation typical among average students The order of chapters is roughly chronological in terms of when the first sizable numbers of immigrants came from a specific country

A History of Laos Martin Stuart-Fox, 1997-09-28 This authoritative and wide ranging 1997 history traces events in this little known country from ancient monarchy through its establishment as a French colony to independence in 1953 the People's Democratic Republic and the present one party authoritarianism The book highlights Laos complex and shifting political alliances The struggle for independence from France was followed by a struggle for unity and neutrality in the face of persistent foreign intervention as the country was drawn into the war in Vietnam Only with the end of the Cold War and the withdrawal of Vietnamese troops has Laos been able to reassert its neutral foreign policy and develop a market economy This book is an impressive political social cultural and economic history It will be essential for anyone wanting to understand Laos as it joins ASEAN faces great economic challenges and struggles to maintain its cultural identity

Hmong in America, Journey from a Secret War Tim Pfaff, 1995 In 1961 U S President Kennedy sent CIA operatives into northern Laos to recruit a secret army to fight communist forces in Laos and Vietnam For fifteen years Hmong highlanders attacked the Ho Chi Minh Trail guarded U S radar installations and acted as the frontline defense of Laos In 1975 the Americans withdrew Thousands of Hmong families fled to Thailand After months or years in refugee camps most resettled in the United States There they faced the imposing challenge of starting a new life in a highly industrialized technology driven society with radically different cultural values and practices Back cover

The Rise and Decline of the American Century William O. Walker III, 2018-10-15 No detailed description available for The Rise and Decline of the American Century

A Guide to Intra-state Wars Jeffrey S. Dixon, Meredith Reid Sarkees, 2015-10-22 This title describes how civil war is defined and categorized and presents data and descriptions for nearly 300 civil wars waged from 1816 to the present Analyzing trends over time and regions this work is the

definitive source for understanding the phenomenon of civil war The Vietnam War Mark Atwood Lawrence,2010-08-27

The Vietnam War remains a topic of extraordinary interest not least because of striking parallels between that conflict and more recent fighting in the Middle East In The Vietnam War Mark Atwood Lawrence draws upon the latest research in archives around the world to offer readers a superb account of a key moment in U S as well as global history While focusing on American involvement between 1965 and 1975 Lawrence offers an unprecedentedly complete picture of all sides of the war notably by examining the motives that drove the Vietnamese communists and their foreign allies Moreover the book carefully considers both the long and short term origins of the war Lawrence examines the rise of Vietnamese communism in the early twentieth century and reveals how Cold War anxieties of the 1940s and 1950s set the United States on the road to intervention Of course the heart of the book covers the American war ranging from the overthrow of South Vietnamese President Ngo Dinh Diem to the impact of the Tet Offensive on American public opinion Lyndon Johnson s withdrawal from the 1968 presidential race Richard Nixon s expansion of the war into Cambodia and Laos and the problematic peace agreement of 1973 which ended American military involvement Finally the book explores the complex aftermath of the war its enduring legacy in American books film and political debate as well as Vietnam s struggles with severe social and economic problems A compact and authoritative primer on an intensely relevant topic this well researched and engaging volume offers an invaluable overview of the Vietnam War **The Dream of the Hmong Kingdom** Mai Na M. Lee,2005

Program of the Annual Meeting - American Historical Association American Historical Association,2000 Some programs include also the programs of societies meeting concurrently with the association Program of the ... Annual Meeting Organization of American Historians. Meeting,2000
