Micha I N van der Meer Martin Meiser Douglas C Mohrmann Daniel Olariou Vladimir Olivero Luke Neubert Daniel Prokop Alison Salvesen Daniela Scialabba Leonardo Pessoa da Silva Pinto Martin Tscheu and Jelle Verburg *Transformations in the Septuagint* Theo A. W. van der Louw, 2007 This study inaugurates interaction between Septuagint research and Translation Studies From the field of Translation Studies the author has singled out approaches suited to LXX research The historical survey of views of translation in Antiquity reveals that among Greeks Romans Egyptians and Jews similar disputes about language and translatability existed Three Septuagint chapters Genesis 2 Isaiah 1 and Proverbs 6 are analysed in depth whereby the transformations shifts are categorised with help of linguistic Translation Studies Before ascribing deviations either to the translator's ideology or to a variant in the Hebrew parent text we must ascertain that the deviation does not have a purely translational origin Every transformation has a reason and by categorizing the reasons behind all transformations one can trace the translational hierarchy that unconsciously guided the translator The rationale behind a transformation can be detected by analysing the literal alternative which the translator rejected The conclusions of this study are of importance for Translation Studies Classical Studies and Theology **The Targum of Samuel** E. van Staalduijn-Sulman, 2002-07-01 This volume deals with the Targum of 1 and 2 Samuel It systematically discusses its text translation techniques and the usage of several Aramaic words It also provides a commentary including an English translation to the entire Targum of these books The book is important for those interested in early Jewish history and theology especially for those studying all kinds of Targumim The section on usage of Aramaic words is important for linguists specialized in the various Aramaic dialects and stages The commentary offers a supplement to commentaries on the Hebrew text of the Books of Samuel because it provides part of the history of exegesis Modernism Today Sjeff Houppermans, Pete Liebrechts, Jan Baetens, Otto Boele, 2013-10-25 This book manifests at least four recent shifts and tendencies within Modernist studies in general that point at the expansion of this increasingly interdisciplinary field First Modernist studies has seen a temporal expansion to the extent that scholars in the field have come to turn to both the pre and posterior history of Modernism Second the field has witnessed a spatial expansion in that increasingly so researchers have also come to scrutinize the Modernisms of regions at the fringes of Europe and beyond Thirdly a vertical expansion too has marked Modernist studies in recent decades not only by further expanding the canon of women writers and exploring the continuum between high and lowbrow but also by looking at the artistic and mediated hierarchies and cross fertilizations operative in the period A fourth conceptual expansion of the field shows that whereas concepts such as middlebrow *à la* re garde and to some extent even avant garde were once exotic notions of at best marginal importance in European Modernist studies they now form part and parcel of the field complicating and expanding it conceptually **Agatha Christie's The Mysterious Affair at Styles in German and Dutch Translation** Marjolijn Storm, 2016-01-12 Agatha Christie is one of the most popular and most translated authors of all time Yet there is little academic work on her writing This book sets out to rectify this No

matter where in the world you are Hercule Poirot is a name that conjures up certain associations The detailed analysis of the original text three German and two Dutch translations of *The Mysterious Affair at Styles* however shows that his depiction differs immensely between the individual texts In the course of this book reasons for these differences are found via the analysis of the shifts of status of Agatha Christie as an author of detective fiction and of translations from English in Germany and the Netherlands During this exploration the discovery will be made that when translated escapist literature such as Christie's detective fiction actually becomes a highly political affair *There's a Double Tongue* Dirk Delabastita, 2021-11-15

The pun is as old as Babel and inveterate punsters like Shakespeare clearly never lacked translators This book critically examines the evergreen cliché that wordplay defies translation replacing it by a theory and a case study that aim to come to grips with the reality of wordplay and its translation What are the possible modes of wordplay translation What are the various sometimes conflicting constraints prompting translators in certain situations to go for one strategy rather than another Ample illustration is provided from *Hamlet* and other Shakespearean texts and several Dutch French and German renderings The study exemplifies how theory can usefully be integrated into a description oriented approach to translation Much of the argument also rests on the definition of wordplay as an open ended and historically variable category The book's concerns range from the linguistic and textual properties of Shakespeare's punning and its translation to matters of historical poetics and ideology Its straightforward approach shows that discourse about wordplay doesn't need to rely on stylistic bravura or abstract speculation The book is concluded by an anthology of the puns in *Hamlet* including a brief semantic analysis of each and a generous selection of diverse translations **Vrijdag? Alexanderplatz Alfred Döblin,2015-03-14 Berlijn Alexanderplatz is een roman over het bruisende Berlijn van de jaren twintig van de twintigste eeuw een stad die uit zijn voegen is gebarsten door de toeloop van massa s gelukszoekers Alfred Döblin beschrijft het allemaal het kroegleven de onderwereld met zijn kruimeldieven en scharrelaars de tobbers die maar net het hoofd boven water kunnen houden Op virtuoze wijze en met een fenomenaal gevoel voor details beschrijft hij net zo minutieus een uitbundig bal als hoe het toegaat in het kolossale slachthuis dat de metropool van vlees moet voorzien De hoofdpersoon is Franz Biberkopf die net is vrijgelaten uit de gevangenis en m r van het leven verlangt dan een simpele boterham Wat begint als een redelijk verlangen eindigt in het besef dat het niet eenvoudig en vanzelfsprekend was wat hij verlangde maar hoogmoedig en na ef brutaal maar evengoed laf en vol zwakheden Het wordt naar het zich laat aanzien zijn ondergang De lezer raakt onweerstaanbaar betrokken bij het lot van Franz Biberkopf Je ergert je aan hem je lacht om hem je spreekt hem vermanend toe je aarzelt voortdurend tussen Eigen schuld dikke bult en Ocharm die stakker krijgt het wel voor zijn kiezen Het zijn soms hilarische taferelen waarin hij verzeild raakt maar ook situaties van intens verdriet En al loopt Biberkopf aan het slot weer rond op zijn Alexanderplatz de lezer vraagt zich verbijsterd af of dat nu een plein is in het werkelijke Berlijn de hoofdstad van het Duitse Rijk of ergens in het hiernamaals **In de studeervertrekken van de**
