Victorian Literature and the Victorian State Lauren M. E. Goodlad, 1995 **Victorian Literature and the Victorian State** Lauren M. E. Goodlad, 2003-12-11 Studies of Victorian governance have been profoundly influenced by Discipline and Punish Michel Foucault's groundbreaking genealogy of modern power Yet according to Lauren Goodlad Foucault's analysis is better suited to the history of the Continent than to nineteenth century Britain with its decentralized voluntarist institutional culture and passionate disdain for state interference Focusing on a wide range of Victorian writing from literary figures such as Charles Dickens George Gissing Harriet Martineau J S Mill Anthony Trollope and H G Wells to prominent social reformers such as Edwin Chadwick Thomas Chalmers Sir James Kay Shuttleworth and Beatrice Webb Goodlad shows that Foucault's later essays on liberalism and governmentality provide better critical tools for understanding the nineteenth century British state Victorian Literature and the Victorian State delves into contemporary debates over sanitary education and civil service reform the Poor Laws and the century long attempt to substitute organized charity for state services Goodlad's readings elucidate the distinctive quandary of Victorian Britain and indeed any modern society conceived in liberal terms the elusive quest for a pastoral agency that is rational all embracing and effective but also anti bureaucratic personalized and liberatory In this study impressively grounded in literary criticism social history and political theory Goodlad offers a timely post Foucauldian account of Victorian governance that speaks to the resurgent neoliberalism of our own day Janice Carlisle *A Reference Guide for English Studies* Michael J. Marcuse, 1990-01-01 This ambitious undertaking is designed to acquaint students teachers and researchers with reference sources in any branch of English studies which Marcuse defines as all those subjects and lines of critical and scholarly inquiry presently pursued by members of university departments of English language and literature Within each of 24 major sections Marcuse lists and annotates bibliographies guides reviews of research encyclopedias dictionaries journals and reference histories The annotations and various indexes are models of clarity and usefulness and cross references are liberally supplied where appropriate Although cost conscious librarians will probably consider the several other excellent literary bibliographies in print such as James L Harner's *Literary Research Guide* Modern Language Assn of America 1989 larger academic libraries will want Marcuse's volume Jack Bales Mary Washington Coll Lib Fredericksburg Va Library Journal *Literature, Journalism, and the Vocabularies of Liberalism* J. Macleod, 2013-05-07 This book examines the impact of the new liberalism on English literary discourse from the fin de siècle to World War One It maps out an extensive network of journalists men of letters and political theorists showing how their shared political and literary vocabularies offer new readings of liberalism's relation to an emerging modernist culture *The Victorian Novel in Context* Grace Moore, 2012-06-28 This book introduces students to the Victorian novel and its contexts teaching strategies for reading and researching nineteenth century literature Combining close reading with background information and analysis it considers the Victorian novel as a product of the industrial age by

focusing on popular texts including Dickens's *Oliver Twist*, Gaskell's *North and South* and Hardy's *The Mayor of Casterbridge*. *The Victorian Novel in Context* examines the changing readership resulting from the growth of mass literacy and the effect that this had on the form of the novel. Taking texts from the early mid and late Victorian period, it encourages students to consider how serialization shaped the nineteenth-century novel. It highlights the importance of politics, religion, and the evolutionary debate in classic Victorian texts. Addressing key concerns including realist writing, literature and imperialism, urbanization, and women's writing, it introduces students to a variety of the most important critical approaches to the novels. Introducing texts, contexts, and criticism, this is a lively and up-to-date resource for anyone studying the Victorian novel.

Bleak Liberalism Amanda Anderson, 2016-11-30. Why is liberalism so often dismissed by thinkers from both the left and the right? To those calling for wholesale transformation or claiming a monopoly on realistic conceptions of humanity, liberalism's assured progressivism can seem hard to swallow. *Bleak Liberalism* makes the case for a renewed understanding of the liberal tradition, showing that it is much more attuned to the complexity of political life than conventional accounts have acknowledged. Amanda Anderson examines canonical works of high realism, political novels from England and the United States, and modernist works to argue that liberalism has engaged sober and even stark views of historical development, political dynamics, and human and social psychology. From Charles Dickens's *Bleak House* and *Hard Times* to E. M. Forster's *Howards End* to Doris Lessing's *The Golden Notebook*, this literature demonstrates that liberalism has inventive ways of balancing sociological critique and moral aspiration. A deft blend of intellectual history and literary analysis, *Bleak Liberalism* reveals a richer understanding of one of the most important political ideologies of the modern era. **Library of Congress Subject Headings** Library of Congress, 1990. **Library of Congress Subject Headings** Library of Congress.

Office for Subject Cataloging Policy, 1990. **Civilizing War** Nasser Mufti, 2017-12-15. Winner of the Gustave O. Arlt Award in the Humanities awarded by the Council of Graduate Schools, Honorable Mention for the 2019 Sonya Rudikoff Prize awarded by the Northeast Victorian Studies Association. *Civilizing War* traces the historical transformation of civil war from a civil affair into an uncivil crisis. Civil war is today synonymous with the global refugee crisis, often serving as grounds for liberal humanitarian intervention and nationalist protectionism. In *Civilizing War*, Nasser Mufti situates this contemporary conjuncture in the long history of British imperialism, demonstrating how civil war has been and continues to be integral to the politics of empire. Through comparative readings of literature, criticism, historiography, and social analysis, *Civilizing War* shows how writers and intellectuals of Britain's Anglophone empire articulated a poetics of national rupture that defined the metropolitan nation and its colonial others. Mufti's tour de force marshals a wealth of examples as diverse as Thomas Carlyle, Benjamin Disraeli, Friedrich Engels, Arthur Conan Doyle, Rudyard Kipling, Joseph Conrad, V. S. Naipaul, Nadine Gordimer, and Michael Ondaatje to examine the variety of forms this poetics takes: metaphors, figures, tropes, puns, and plot, all of which have played a central role in Britain's civilizing mission and its afterlife. In doing so, *Civilizing War* shifts the terms of Edward Said

s influential Orientalism to suggest that imperialism was not only organized around the norms of civility but also around narratives of civil war P-Z Library of Congress. Domestic Murder in Nineteenth-Century England Bridget Walsh,2016-05-13 Why did certain domestic murders fire the Victorian imagination In her analysis of literary and cultural representations of this phenomenon across genres Bridget Walsh traces how the perception of the domestic murderer changed across the nineteenth century and suggests ways in which the public appetite for such crimes was representative of wider social concerns She argues that the portrayal of domestic murder did not signal a consensus of opinion regarding the domestic space but rather reflected significant discontent with the cultural and social codes of behaviour circulating in society particularly around issues of gender and class Examining novels trial transcripts medico legal documents broadsides criminal and scientific writing illustration and notably Victorian melodrama Walsh focuses on the relationship between the domestic sphere so central to Victorian values and the desecration of that space by the act of murder Her book encompasses the gendered representation of domestic murder for both men and women as it tackles crucial questions related to Victorian ideas of nationhood national health political and social inequality newspaper coverage of murder unstable and contested models of masculinity and the ambivalent portrayal of the female domestic murderer at the fin de si cle *Overwhelmed* Maurice S. The Eudaimonic Turn James O. Pawelski, D. J. Moores, 2013 In much of the critical discourse of the seventies eighties and nineties scholars employed suspicion in order to reveal a given text's complicity with various undesirable ideologies and or psychopathologies Construed as such interpretive practice was often intended to demystify texts and authors by demonstrating in them the presence of false consciousness bourgeois values patriarchy orientalism heterosexism imperialist attitudes and or various neuroses complexes and lacks While it proved to be of vital importance in literary studies suspicious hermeneutics often compelled scholars to interpret eudaimonia or well being variously conceived in pathologized terms At the end of the twentieth century however literary scholars began to see the limitations of suspicion conceived primarily as the discernment of latent realities beneath manifest illusions In the last decade often termed the post theory era there was a radical shift in focus as scholars began to recognize the inapplicability of suspicion as a critical framework for discussions of eudaimonic experiences seeking out several alternative forms of

critique most of which can be called despite their differences a hermeneutics of affirmation In such alternative reading strategies scholars were able to explore configurations of eudaimonia not by dismissing them as bad politics or psychopathology but in complex ways that have resulted in a new eudaimonic turn a trans disciplinary phenomenon that has also enriched several other disciplines The Eudaimonic Turn builds on such work offering a collection of essays intended to bolster the burgeoning critical framework in the fields of English Comparative Literature and Cultural Studies by stimulating discussions of well being in the post theory moment The volume consists of several examinations of literary and theoretical configurations of the following determinants of human subjectivity and the role these play in facilitating well being values race ethics morality aesthetics class ideology culture economics language gender spirituality sexuality nature and the body Many of the authors compellingly refute negativity bias and pathologized interpretations of eudaimonic experiences or conceptual models as they appear in literary texts or critical theories Some authors examine the eudaimonic outcomes of suffering marginalization hybridity oppression and or tragedy while others analyze the positive effects of positive affect Still others analyze the aesthetic response and or the reading process in inquiries into the role of language use and its impact on well being or they explore the complexities of strength resilience and other positive character traits in the face of struggle suffering and othering
