Victorian Unfinished Novels S. Neo-Victorian Humour, 2017-06-06 This volume highlights humour's crucial role in shaping historical revisions of the long nineteenth century through modes ranging from subtle irony camp excess ribald farce and aesthetic parody to blackly comic narrative games It analyses neo Victorian humour's politicisation its ideological functions and ethical implications across varied media including fiction drama film webcomics and fashion Contemporary humour maps the assumed distance between postmodernity and its targeted nineteenth century referents only to repeatedly collapse the same in a seemingly self defeating nihilistic project This collection explores how neo Victorian humour generates empathy and effective socio political critique dispensing symbolic justice but also risks recycling the past's invidious ideologies under the politically correct guise of comic debunking even to the point of negating laughter itself This rich and innovative collection invites us to reflect on the complex and various deployments of humour in neo Victorian texts where its consumers may wish at times that they could swallow back the laughter a scene or event provokes It covers a range of approaches to humour utilised by neo Victorian writers dramatists graphic novelists and filmmakers including the deliberately and pompously unfunny the traumatic the absurd the ribald and the frankly distasteful producing a richly satisfying anthology of innovative readings of canonical neo Victorian texts as well as those which are potential generic outliers The collection explores what is funny in the neo Victorian and who we are laughing at the Victorians as we like to imagine them or ourselves in ways we rarely acknowledge This is a celebration of the parodic playfulness of a wide range of texts from fiction to fashion whilst offering a trenchant critique of the politics of postmodern laughter that will appeal to those working in adaptation studies gender and queer studies as well as literary and cultural studies more generally Prof Imelda Whelehan University of Tasmania Australia

Victorians and Their Animals Brenda Ayres, 2018-12-07 This book *Victorians and Their Animals* *Beast on a Leash* investigates the notion that British Victorians did see themselves as naturally dominant species over other humans and over animals They conscientiously hegemonically were determined to rule those beneath them and the animal within themselves albeit with varying degrees of success and failure The articles in this collection apply posthuman and other theories including queer postcolonialism deconstruction and Marxism in their exploration of Victorian attitudes toward animals They study the biopolitical relationships between human and nonhuman animals in several key Victorian literary works Some of this book's chapters deal with animal ethics and moral aesthetics Also being studied is the representation of animals in several Victorian novels as narrative devices to signify class status and gender dynamics either to iterate socially acceptable mores or to satirize hypocrisy or breach of behavior or to voice social protest All of the chapters analyse the interdependence of people

and animals during the nineteenth century **The Cambridge Companion to Sensation Fiction** Andrew Mangham, 2013-10-17 Accessible and comprehensive account of the sensation novel of the nineteenth century Dickens' Novels as Poetry Jeremy Tambling, 2014-11-13 Focusing on the language style and poetry of Dickens novels this study breaks new ground in reading Dickens novels as a unique form of poetry Dickens writing disallows the statement of single unambiguous truths and shows unconscious processes burrowing within language disrupting received ideas and modes of living Arguing that Dickens within nineteenth century modernity sees language as always double Tambling draws on a wide range of Victorian texts and current critical theory to explore Dickens interest in literature and popular song and what happens in jokes in caricature in word play and punning and in naming Working from Dickens earliest writings to the latest deftly combining theory with close analysis of texts the book examines Dickens key novels such as *Pickwick Papers* *Martin Chuzzlewit* *Dombey and Son* *Bleak House* *Little Dorrit* *Great Expectations* and *Our Mutual Friend* It considers Dickens as constructing an urban poetry alert to language coming from sources beyond the individual and relating that to the dream life of characters who both can and cannot awake to fuller different consciousness Drawing on Walter Benjamin Lacan and Derrida Tambling shows how Dickens writes a new and comic poetry of the city and that the language constitutes an unconscious and secret autobiography This volume takes Dickens scholarship in exciting new directions and will be of interest to all readers of nineteenth century literary and cultural studies and more widely to all readers of literature

com Prequels, Coquels and Sequels in Contemporary Anglophone Fiction Armelle Parey, 2018-09-03 This book offers to delineate a key phenomenon in contemporary Anglophone fiction novel expansion when the plot and characters from a finished novel are retrieved to be developed in new adventures set before after or during the narrative time of the source text If autographic and allographic sequels are almost as old as literature prequels that imagine the anteriority of a narrative and coquels that develop secondary characters in the same story time as the source text are more recent The overall trend for novel expansion spread in the mid 1980s and 1990s and has since shown no sign of abating This volume is organised following three types of relationships to the source texts even if these occasionally combine to produce a more complex structure This book comprises 11 essays preceded by an introduction that examine narrative strategies aesthetic ethical and political tendencies underlying these novel expansions Following the overview provided in the introduction the reader will find case studies of prequels coquels and sequels before a final chapter that encompasses them all and more *Law, Literature and the Power of Reading* Suneel Mehmi, 2021-09-28 At the intersection of law literature and history this book interrogates how a dominant contemporary idea of law emerged out of specific ideas of reading in the nineteenth century Reading shapes our identities How we read shapes who we are Reading also shapes our conceptions of what the law is because the law is also a practice of reading Focusing on the works of key Victorian writers closely associated with legal practice this book addresses the way in which the identity of the reader of law has been modelled on the identity of the political elite At the same time it shows how other readers of law have been marginalised The book thus shows how a construction of the law has emerged from the ordering of a power that discriminates between different readers and readings More specifically and in response to the emerging media of photography and with it potentially subversive ideas of exposure and visibility the book shows that there have been dominant hidden and unrecognised guides to legal reading and to legal thought And in making these visible the book also aims to make them contestable This secret history of law will appeal to legal historians legal theorists those working at the intersection of law and literature and others with interests in law and the visual *David Foster Wallace: Fiction and Form* David Hering, 2016-09-08 In David Foster Wallace Fiction and Form David Hering analyses the structures of David Foster Wallace s fiction from his debut *The Broom of the System* to his final unfinished novel *The Pale King* Incorporating extensive analysis of Wallace s drafts notes and letters and taking account of the rapidly expanding field of Wallace scholarship this book argues that the form of Wallace s fiction is always inextricably bound up within an ongoing conflict between the monologic and the dialogic one strongly connected with Wallace s sense of his own authorial presence and identity in the work Hering suggests that this conflict occurs at the level of both subject and composition analysing the importance of a number of provocative structural and critical contexts ghostliness institutionality reflection to the fiction while describing how this argument is also visible within the development of Wallace s manuscripts comparing early drafts with published material to offer a career long framework of the construction of Wallace s fiction The

final chapter offers an unprecedentedly detailed analysis of the troubled decade long construction of the work that became *The Pale King*

[Il mistero di Edwin Drood](#) Charles Dickens, 2025-03-14 Un sentimento di oscurità maligna aleggia sulla cittadina di Cloisterham con la sua antica cattedrale dalla massiccia torre quadrata dove il maestro del coro John Jasper insegna canto alle fanciulle educate nella vicina Casa delle Monache Tra loro la graziosa Rosa Bud per la quale l'oppiomane Jasper nutre una passione ossessiva Ma Rosa promessa fin dall'infanzia a Edwin Drood il nipote di Jasper rimasto orfano e affidato alle sue cure Folle di gelosia il maestro di musica arriva a meditare l'assassinio del pupillo quando la scomparsa del giovane la mattina di Natale rimette in discussione ogni cosa Che fine ha fatto Drood fuggito o morto E del suo corpo che ne è stato Ultimo romanzo di Dickens Il mistero di Edwin Drood 1870 riprende gli stilemi della detective story e del racconto sensazionalistico per narrare una vicenda permeata da un senso di dissoluzione e decadenza In un'Inghilterra lugubre e allucinata tra fumerie d'oppio e personaggi ambigui lo scrittore dà forma alla visione amara dell'esistenza che caratterizza i suoi ultimi anni sondando nella ricerca del destino di Edwin Drood il mistero più grande di tutti il cuore di tenebra nascosto al fondo dell'animo di ciascun essere umano Rimasto incompiuto per la morte dell'autore Il mistero di Edwin Drood unisce il fascino di una trama fitta di

Male Adolescence in Mid-Victorian Fiction Alice Crossley, 2018-07-06 Focusing on works by George Meredith W M Thackeray and Anthony Trollope Alice Crossley examines the emergence of adolescence in the mid Victorian period as a distinct form of experience Adolescence Crossley shows appears as a discrete category of identity that draws on but is nonetheless distinguishable from other masculine types Important more as a stage of psychological awareness and maturation than as a period of biological youth Crossley argues that the plasticity of male adolescence provides Meredith Thackeray and Trollope with opportunities for self reflection and social criticism while also working as a paradigm for narrative and imaginative inquiry about motivation egotism emotional and physical relationships and the possibilities of self creation Adolescence emerges as a crucial stage of individual growth adopted by these authors in order to reflect more fully on cultural and personal anxieties about manliness The centrality of male youth in these authors novels Crossley demonstrates repositions age consciousness as an integral part of nineteenth century debates about masculine heterogeneity
