The Vietnam War in Popular Culture Ron Milam, 2016-11-07 Covering many aspects of the Vietnam War that have not been addressed before this book supplies new perspectives from academics as well as Vietnam veterans that explore how this key conflict of the 20th century has influenced everyday life and popular culture during the war as well as for the past 50 years How did the experience of the Vietnam War change the United States not just in the 1950s through the 1970s but through to today What role do popular music and movies play in how we think of the Vietnam War How similar are the recent wars in Iraq and Afghanistan and now Syria to the Vietnam War in terms of duration cost success and failure rates and veteran issues This two volume set addresses these questions and many more examining how the Vietnam War has been represented in media music and film and how American popular culture changed because of the war Accessibly written and appropriate for students and general readers this work documents how the war that occurred on the other side of the globe in the jungles of Vietnam impacted everyday life in the United States and influenced various entertainment modes It not only covers the impact of the counterculture revolution popular music about Vietnam recorded while the war was being fought and after and films made immediately following the end of the war in the 1970s but also draws connections to more modern events and popular culture expressions such as films made in the aftermath of September 11 2001 Attention is paid to the impact of social movements like the environmental movement and the civil rights movement and their relationships to the Vietnam War The set will also highlight how the experiences and events of the Vietnam War are still impacting current generations through television shows such as *Mad Men*

Graphic History Richard Iadonisi, 2012-11-30 When it comes to recounting history issues arise as to whose stories are told and how reliable is the telling This collection of fourteen essays explores the unique ways in which graphic novels can aid us in addressing those issues while shedding new light on a variety of texts including those by canonical North American and European writers Art Spiegelman *Maus* In the Shadow of No Towers Alan Moore *From Hell* The League of Extraordinary Gentlemen Frank Miller *The Dark Knight Returns* Chris Ware *Jimmy Corrigan* Chester Brown *Louis Riel* and Harvey Pekar Recognizing the global appeal of graphic novels this collection also provides a fresh look at history seen through the eyes of canonical non Western writers Marjane Satrapi *Persepolis* and Yoshihiro Tatsumi *A Drifting Life* and the highly vexed relationship of the West and the Middle East The array of contributors from the fields of art literature history and cultural studies is matched by the array of theoretical perspectives and by the depth and breadth of subjects ranging from the sixteenth century voyages of Sebastian Cabot to Jack the Ripper from the Chicago World's Columbian Exposition of 1893 to lynching in the early twentieth century American South and from post war Japan to the fall of the Shah in Iran

Redrawing the Historical Past Martha J.

Cutter, Cathy J. Schlund-Vials, 2018-04 *Redrawing the Historical Past* examines how multiethnic graphic novels portray and revise U S history This is the first collection to focus exclusively on the interplay of history and memory in multiethnic graphic novels Such interplay enables a new understanding of the past The twelve essays explore Mat Johnson and Warren Pleece's *Incognegro* Gene Luen Yang's *Boxers and Saints* GB Tran's *Vietnamerica* Scott McCloud's *The New Adventures of Abraham Lincoln* Art Spiegelman's post *Maus* work and G Neri and Randy DuBurke's *Yummy The Last Days of a Southside Shorty* among many others The collection represents an original body of criticism about recently published works that have received scant scholarly attention The chapters confront issues of history and memory in contemporary multiethnic graphic novels employing diverse methodologies and approaches while adhering to three main guidelines First using a global lens contributors reconsider the concept of history and how it is manifest in their chosen texts Second contributors consider the ways in which graphic novels as a distinct genre can formally renovate or intervene in notions of the historical past Third contributors take seriously the possibilities and limitations of these historical revisions with regard to envisioning new different or even more positive versions of both the present and future As a whole the volume demonstrates that graphic novelists use the open and flexible space of the graphic narrative page in which readers can move not only forward but also backward upward downward and in several other directions to present history as an open realm of struggle that is continually being revised Contributors Frederick Luis Aldama Julie Buckner Armstrong Katharine Capshaw Monica Chiu Jennifer Glaser Taylor Hagood Caroline Kyungah Hong Angela Lafien Catherine H Nguyen Jeffrey Santa Ana and Jorge Santos
