Transforming Leadership Jesus Way Of Creating Vision Shaping Values Empowering Change:

Transforming Leadership Leighton Ford, 1991 Given our all too human feelings of inadequacy Leighton Ford writes how can Jesus be taken as our leadership model If he is unique if he is the Son of God does that not put him in a category which is light years beyond us And what relevance can a leader like that have for us In this inspiring book Ford recognizes the doubts and weaknesses of leaders as well as their strengths and confidences He does not saddle already overburdened leaders with another set of impossibly demanding tasks Instead he calls his readers to recognize the unique and refreshing vision of leadership modeled by Jesus Ford insists that Jesus model of leadership does not paralyze but empowers When I have false ideas of my strength Jesus Christ exposes my incompetence he writes When I feel totally beyond my depth he provides for me God's enabling power This is not another leadership how to manual It is a book for leaders who want to look anew and thoroughly at the powerful ministry of Jesus Only so will they become leaders who create vision shape values and empower change

Ecclesial Leadership as Friendship Chloe Lynch, 2019-03-01 When it comes to talking about the activity of directing the church the language of leadership and leaders is increasingly popular Yet what is leadership and how might theological narratives better resource the discourse and practice of leadership in ecclesial contexts In identifying and critiquing managerialism as a dominant narrative of leadership in the Western church this book calls for an alternative approach founded on the concept of friendship Engaging with the wider field of leadership studies the book establishes an understanding of leadership activity and brings it into conversation with an incarnational ecclesiology The result is a prophetic reimagining of ecclesial leadership in terms of a relational kenotic praxis This praxis of mutuality and love is framed here in the rich language of Christian friendship The book also wrestles deeply with the embodiment of such a praxis making explicit the power behaviours typical of friendship leadership and offering constructive guidance for practitioners in the task of implementation within a complex and fractured world This book offers a new vision of the centrality of friendship to leadership of a healthy church community As such it will

be of great use to scholars of practical theology ecclesiology and leadership as well as practitioners in church ministry
