

# THE FIGHT FOR THE RIGHT TO DIE

# When Is It Right To Die

**Derek Humphry, Ann Wickett**

## **When Is It Right To Die:**

When Is It Right to Die? Joni Eareckson Tada, 2018-01-30 More and more people who are terminally ill are choosing assisted suicide When is it Right to Die offers a different path with alternatives of hope compassion and death with real dignity Joni Eareckson Tada knows what it means to wrestle with this issue and to wish for a painless solution For the last 50 years she has been confined to a wheelchair and struggled against her own paralysis And she sat by the bedside of her dying father thinking So much suffering why not end it all quickly painlessly The terminally ill the elderly the disabled the depressed and suicidal can all be swept up into this movement of self deliverance Skip the suffering Put a quick end to merciless pain and mental anguish These are tempting enticements to the hurting Joni doesn't give pat answers Instead she gives warm comfort from God and practical help to meet the realities for those facing death When Is It Right to Die tells the stories of families who have wrestled with end of life questions and found that death with dignity does not necessarily mean three grams of Phenobarbital in the veins Behind every right to die situation is a family A family like yours In her warm personal way Joni takes the reader into the lives of families and lets them speak about assisted suicide What they say is surprising Whether you have a dying family member facing moral and medical choices or struggling with a chronic condition that feels overwhelming this book will help you find practical encouragement and biblical advice to help you make difficult decisions This book is revised and updated to examine the current events trending issues and the rising acceptance of assisted suicide in this country

**When Is It Right to Die?** Joni Tada, 2022-02-01 What do you do with life's toughest questions Maybe a parent is terminally ill or your friend is struggling with cancer Every human has to face the last great enemy at some point in their lives death But when circumstances require you to make that decision early because of extraordinary circumstances or suffering health what should you do This pamphlet by Joni Eareckson Tada goes into detail about What to say to someone who is struggling with suicidal thoughts God's plan for your life with a disability What the Bible says about struggling through the tough questions on life and death Artificial Life support And more Answers Key Questions About Quality of Life and Human Dignity How do you find and apply wisdom from God's Word when questions arise about end of life matters This practical pamphlet will help you answer the most common questions such as What does Scripture say about life and death My life is hell may I end it When is artificial life support extraordinary And more Key Features of this Pamphlet Bible based Scripture focused this pamphlet will guide you through your journey using relevant verses Practical have practical advice and solutions to help yourself or those you serve Compassionate this pamphlet was written by an author that has wrestled and made peace with God over chronic pain Easy to Understand avoids complicated theology and boils down biblical principles in an easy to read way that you can grasp in minutes Also includes a list of common terms and their definitions from euthanasia and assisted suicide to quality of life and death with dignity About the Author Joni Eareckson Tada offers hope to people struggling with health and emotional challenges After a 1967 diving

accident left her a spinal cord injured quadriplegic Tada embarked on a lifelong study to make sense of suffering from God's perspective Joni Eareckson Tada is now an international advocate for individuals with disabilities and the founder of the non profit organization Joni Friends      *Freedom to Die* Derek Humphrey, Mary Clement, 1998-09-15 Explores the evolution of the right to die movement from the perspective of American social history and to examine the controversies and ethical framework of the movement      **The Right to Die** Alan Meisel, Kathy L. Cerminara, Thaddeus M. Pope, 2004-01-01 The Right to Die Third Edition analyzes the statutory and case law      Right To Die? John Wyatt, 2015-11-10 The case for assisted suicide can seem so compelling Surely it can't be wrong to help desperate people to kill themselves Don't we have a right to take our own lives in certain circumstances There are no trite or easy answers John Wyatt helps us to navigate the arguments with hearts and heads engaged and above all with our Bibles open There are practical and compassionate alternatives to assisted suicide and as many who have gone before us have found the end of our lives on this earth may turn out to be a strange and wonderful opportunity for growth and internal healing      *The Right to Die* Derek Humphry, Ann Wickett, 1986

*A Natural Right to Die* Raymond A. Whiting, 2001-11-30 While other books deal with the contemporary issue of the right to die no attempt has been made to demonstrate substantially the historic nature of this question beyond the borders of the United States Whiting demonstrates that the right to die controversy stretches back more than two thousand years and he explains how current attitudes and practices in the U S have been influenced by the legal and cultural development of the ancient western world This perspective allows the reader to understand not only the origins of the controversy but also the different perspectives that each age has contributed to the ongoing debate Whiting discusses the development of legal rights within both western culture and the United States then applies these developments to the question of the right to die In an environment of public debate that features such emotional events as the exploits of Jack Kevorkian the publication of how to suicide manuals and the counterattacks of Right to Life groups the United States is left with very few options      The Right to Die with Dignity Derya Nur Kayacan, 2022-06-20 Can I choose to die As the number of requests for euthanasia and physician assisted suicide continues to rise human rights law faces a new conflict the right to die vs the right to life The right to die or in other words the right to choose the time and manner of one's own death is a question of personal autonomy and its limits This book provides a comprehensive understanding of the right to die and sheds light on its possible future under the European Convention on Human Rights After setting a clear framework by defining the key terminology the book takes a two part approach to achieving its aim The first part focuses on the right to die in practice by examining selected jurisdictions Switzerland which is famous for its assisted suicide organizations and the Netherlands which was the first country to legalize euthanasia are examined in detail Belgium Germany the United Kingdom and as an exception to the Convention perspective Canada are also included While this examination offers a better understanding of what the right to die looks like in practice it also provides insights on the slippery slope argument which serves as a counterweight to personal

autonomy without making a definitive statement on its validity This part also illustrates the different paths that led or did not lead to the right to die in practice The second part is an analysis of the European Court of Human Rights case law on the right to die The Court has made important statements in only very cases while its caution when approaching such a delicate and controversial topic among its 47 members is understandably emphasized This analysis of the Court s approach to the balancing of personal autonomy against other interests allows us to take a look back at the practice in more permissive jurisdictions through the lens of the Convention Taken together the book s two parts provide valuable lessons for countries that decide to practice assisted dying which are outlined in the conclusion In addition given that a purely legal approach can only offer a partial picture the book argues that an interdisciplinary approach would be much more favorable in terms of providing the necessary basis for the right to die debate

### **Right to Die Versus Sacredness of Life** Kalman

Kaplan,2019-03-08 This volume published as a special issue from OMEGA Journal of Death and Dying presents a number of theoretical and empirical articles on the topic of euthanasia doctor assisted suicide and suicide We have examined the first extended data available in America with regard to the 93 physician assisted deaths of Drs Kevorkian and Reding We examine the roles of biological verses psychological factors in the patient s decision to actively hasten their death The role of gender age social economic status ethnic national religious ancestry and marital status have been examined in depth through quasi psychological autopsies when available often with very troubling implications In addition we present some preliminary work on seven cases of physician assisted suicides in Australia

*The Right to Die* John E. Ferguson,2007 Presents divergent views on euthanasia laws and legislation in the United States
