Where Did That Member Go Rediscovering The Lost Art Of Member Service

Alan Fogel

Where Did That Member Go Rediscovering The Lost Art Of Member Service:

Learning to Breathe Fire J.C. Herz, 2015-06-02 The absorbing definitive account of CrossFit's origins its explosive grassroots growth and its emergence as a global phenomenon One of the most illuminating books ever on a sports subculture Learning to Breathe Fire combines vivid sports writing with a thoughtful meditation on what it means to be human In the book veteran journalist J C Herz explains the science of maximum effort why the modern gym fails an obese society and the psychic rewards of ending up on the floor feeling as though you're about to die The story traces CrossFit's rise from a single underground gym in Santa Cruz to its adoption as the workout of choice for elite special forces firefighters and cops to its popularity as the go to fitness routine for regular Joes and Janes Especially riveting is Herz's description of The CrossFit Games which begin as an informal throw down on a California ranch and evolve into a televised global proving ground for the fittest men and women on Earth as well as hundreds of thousands of lesser mortals In her portrayal of the sport's star athletes its passionate coaches and its chief armorer Rogue Fitness Herz powerfully evokes the uniqueness of a fitness culture that cultivates primal fierceness in average people And in the shared ordeal of an all consuming workout she unearths the ritual intensity that's been with us since humans invented sports showing us how on a deep level we're all tribal hunters and first responders waiting for the signal to go all out

Where Did That Member Go? Thomas

Plummer, 2010-03-01 **Body Sense** Alan Fogel, 2013-04-29 The science and practice of feeling our movements sensations and emotions When we are first born before we can speak or use language to express ourselves we use our physical sensations our body sense to guide us toward what makes us feel safe and fulfilled and away from what makes us feel bad As we develop into adults it becomes easy to lose touch with these crucial mind body communication channels but they are essential to our ability to navigate social interactions and deal with psychological stress physical injury and trauma Combining a ground up explanation of the anatomical and neurological sources of embodied self awareness with practical exercises in touch and movement Body Sense provides therapists and their clients with the tools to attain mind body equilibrium and cultivate healthy body sense throughout their lives

Hearings, Reports, Public Laws United States.

Congress. House. Committee on Education and Labor, 1967 **Vocational and Occupational Education** United States.
