Women Islam And The State Women Islam And The State:

Women, Islam, and the State Deniz Kandiyoti, 1991 This collection of original essays examines the relationship between Islam the nature of state projects and the position of women in the modern nation states of the Middle East and South Asia Arguing that Islam is not uniform across Muslim societies and that women s roles in these societies cannot be understood simply by looking at texts and laws the contributors focus instead on the effects of the political projects of states on the lives of women provided by publisher Women, Islam and the State Deniz Kandiyoti, 1991 Political projects of modern nation states the specificities of their nationalist histories and the positioning of Islam vis a vis diverse nationalisms are addressed in this volume with respect to their implications and consequences for women through a series of case studies

Women, Islam and the State Deniz Kandiyoti, 2016-07-27 Political projects of modern nation states the specificities of their nationalist histories and the positioning of Islam vis a vis diverse nationalisms are addressed in this volume with respect to their implications and consequences for women through a series of case studies **Women, Islamisms and the State** A. Karam, 1997-12-08 The book provides theoretical insight and analysis of the power relations between women s activism Islamist thought and praxis and the Egyptian state 1970s to 1990s Contemporary feminist debates among women s NGOs are examined and the different perceptions of gender roles among Islamist men and women are presented and contrasted Three feminist streams are identified as both shaping and being shaped by the dynamics of interaction between political Islam and state regimes Women, the State, and Development Sue Ellen M. Charlton, Jana Matson Everett, Kathleen A.

Staudt, 1989-07-15 This book reflects the most current scholarship on states socioeconomic development and feminist theory to emerge this decade Addressed are issues such as the role of state policies and ideologies in defining gender differences state influence over the boundaries between public and domestic spheres state control over women s productive and reproductive lives and the efforts of women to influence state policy Women the State and Development shows that state elites promote male domination as one way of maintaining social order when nation states are created and strengthened and that issues defined as male by the sexual division of labor are given priority in state policies that promote security and economic development such as foreign policy international trade agricultural development and resource extraction It analyzes these policies in terms of their impact on gender relations and also identifies ways in which women have responded

Women And The State Shirin M. Rai, Geraldine Lievesley, 2013-07-23 Offering a wide ranging selection of case studies this book evaluates women s political social and economic involvement in Third World countries It explores both specific experiences of women as well as common themes such as identity empowerment and the conflict between tradition and modernity **The Arab State and Women's Rights** Elham Manea, 2012-04-27 Researchers studying gender politics in Arab societies have been puzzled by a phenomenon common in many Arab states while women are granted suffrage rights they are often discriminated against by the state in their private lives This book addresses this phenomenon maintaining that

the Arab state functions according to a certain logic and patterns which have direct consequences on its gender policies in both the public and private spheres Using the features of the Arab Authoritarian state as a basis for a theoretical framework of analysis the author draws on detailed fieldwork and first hand interviews to study women s rights in three countries Yemen Syria and Kuwait She argues that the puzzle may be resolved once we focus on the features of the Arab state and its stage of development Offering a new approach to the study of gender and politics in Arab states this book will be of great interest to scholars and students of gender studies international politics and Middle East studies *Encyclopedia of Women & Islamic Cultures* Suad Joseph,Afsāna Nağmābādī,2003 Family Body Sexuality and Health is Volume III of the Encyclopedia of Women Islamic Cultures In almost 200 well written entries it covers the broad field of family body sexuality and health and Islamic cultures Women, Religion, and the State in Contemporary Turkey Chiara Maritato,2020-05-28 Tracing the centrality of women in the definition of Turkish secularism this study investigates the 2003 decision to increase the number of women officers employed by the Presidency of Religious Affairs Diyanet It explores how as professional religious officers the female Diyanet preachers epitomize a pious modern and highly educated woman whose role in society has been raised to prominence Based on extensive fieldwork in Turkey and drawing on a rich ethnography of the activities conducted by Diyanet women preachers in Istanbul Chiara Maritato disentangles the state s attempt to standardize a multifaceted female religious participation In using the feminization of the Diyanet as a prism through which to understand the significance of a renewed presence of Islam in the Turkish public realm she casts light on a broader reformulation of religious services for women and families in Turkey and pinpoints how this pervasive moral support has been able to penetrate and reshape even secular spaces **Citizenship and the Nation-state in Greece and Turkey** Thalia Dragonas,Faruk Birttek,2005 In this text Greek and Turkish social scientists bring their respective countries experiences to bear upon a debate which has occupied a central place in the concerns of social scientists and historians internationally A Most Masculine State Madawi Al-Rasheed,2013-03-15 Women in Saudi Arabia are often described as either victims of patriarchal religion and society or successful survivors of discrimination imposed on them by others Madawi Al Rasheed s new book goes beyond these conventional tropes to probe the historical political and religious forces that have across the years delayed and thwarted their emancipation The book demonstrates how under the patronage of the state and its religious nationalism women have become hostage to contradictory political projects that on the one hand demand female piety and on the other hand encourage modernity Drawing on state documents media sources and interviews with women from across Saudi society the book examines the intersection between gender religion and politics to explain these contradictions and to show that despite these restraints vibrant debates on the question of women are opening up as the struggle for recognition and equality finally gets under way **Eve and Adam** Kristen E. Kvam,Linda S. Schearing,Valarie H. Ziegler,1999-05-15 This anthology surveys more than 2 000 years of Jewish Christian and Muslim commentary and debate on the biblical story that continues to raise

questions about what it means to be a man or to be a woman *Mainstreaming gender, democratizing the state* Shirin Rai, 2018-07-30 This electronic version has been made available under a Creative Commons BY NC ND open access license Published in association with the United Nations this book builds on the existing body of literature on gender and democratization by looking at the relevance of national machineries for the advancement of women It considers the appropriate mechanisms through which the mainstreaming of gender can take place and the levels of governance involved defines what the interests of women are and how and by what processes these interests are represented to the state policy making structures Global strategies for the advancement of women are considered and how far these have penetrated at national level illuminated by a series of case studies gender equality in Sweden and other Nordic countries the Ugandan ministry of Gender Culture and Social services gender awareness in Central and Eastern Europe and further examples from South Korea the Lebanon Beijing and Australia **The Politics of State Intervention** Shireen Burki, 2013-08-22 The Politics of State Intervention Gender Politics in Pakistan Afghanistan and Iran examines how three culturally and religiously interconnected neighboring states have sought to regulate the lives of their female populace in order to gauge how successful or unsuccessful these efforts have been at the grassroots level Utilizing a historical framework it explores the gender specific policies of these states to assess whether or not shared cultural religious and social characteristics translate into similar gender policies and outcomes across borders and if not why Through comparison it conclusively identifies social and political roadblocks that threaten both the long term prospects and security for all females as well as factors that tend to somewhat ameliorate detrimental tendencies **Comparing Muslim Societies** Juan R. I. Cole, 2025-10-01 This book departs from stereotypes that often dominate Western discourse about Muslim societies The Muslim world encompasses a wide range of countries among them Turkey Iraq Egypt Senegal Saudi Arabia and Morocco each with a varying degree of religious stricture Generalizations therefore can be erroneous and misleading The contributors to this book prominent scholars in anthropology history sociology and political science examine such issues as the ideology and political practices of Iran s ruling Shi ite clerics the impact of state policies on the status of women the controversy over parliamentary government in the Arab world the role of modern intellectuals and charisma and leadership in tribal societies The arguments the authors put forward often overturn conventional opinion about the Muslim world This original and important book reminds us that Muslim society is not a monolith but that it encompasses a rich variety of cultures **The State of Social Progress of Islamic Societies** Habib Tiliouine, Richard J. Estes, 2016-04-08 This handbook addresses the historical background of the Islamic world and reviews its basic past intellectual achievements It studies social progress of these regions and sub regions in comparison with other parts of the world It uses large data sets and well established statistically weighted Indexes in order to assess the nature and pace of the multiple facets of social change in member states of the Organization of Islamic Cooperation OIC The handbook extensively discusses the main challenges confronting the Islamic

nations in the social economic political and ideological fields Though it is recognizable that social change in the Islamic World is generally positive it remains highly variable in pace and there is room to speed it up to the benefit of millions of deprived Muslim people Hence the book studies the different propositions and programs of action such as the United Nations Millennium Development Campaign and the OIC s Ten Year Programme of Action to present an integrated and comprehensive agenda of action to help improve the situation in the Islamic World *Nation-Building, State and the Genderframing of Women's Rights in the United Arab Emirates (1971-2009)* Vania Carvalho Pinto,2022-07-01 In the United Arab Emirates the extensive change to Emirati women s traditional rights and roles has been one of the most visible transformations taking place throughout the country s 40 years of modern history This book offers an interpretation of why and how these modifications came about The book discovers that there is no direct or easy link between the State s offer of rights towards women and society s acceptance of them Given these circumstances the mechanisms that induce women to actually take advantage of what is offered have not been given sufficient attention The concept of genderframing aims precisely at defining the connecting mechanism and explaining the successes and failures of these policies both mobilization wise and implementation wise The term genderframing refers to a dynamic and interactive process between the State and its population which entails the symbolic rework of meanings associated with women related policies It is argued that such re interpretation has been purposefully conducted by the Emirati State in order to portray the changing roles of women as necessary and desirable for reasons associated with nation building purposes religious conformity promotion of family values and efforts at indigenous cultural preservation The book highlights the profound intertwining of gender nation building and domestic socio political dynamics in a country that while seeking to establish its modernizing credentials is still struggling for self definition and empowerment Hidden Histories of Gender and the State in Latin America Elizabeth Dore,Maxine Molyneux,2000-03-03 Collection of essays which compares the gendered aspects of state formation in Latin American nations and includes new material arising out of recent feminist work in history political science and sociology **Women, the State, and Political Liberalization** Laurie A. Brand,1998 Brand focuses on three countries Jordan Tunisia and Morocco with special attention to issues such as access to contraception and abortion labor pension criminal legislation protection against harassment and violence and the degree of women s participation in government The Continuum Complete International Encyclopedia of Sexuality Robert T. Francoeur,Raymond J. Noonan,2004-01-01 A completely updated one volume edition of the 4 volume International Encyclopedia of Sexuality Includes nearly 60 countries and places 12 not previously covered by more than 200 authorities It is the only reference work of its kind in any language
