Freedom on the Frontlines Lina AbiRafeh, 2022-02-10 Afghan women were at the forefront of global agendas in late 2001 fueled by a mix of media coverage humanitarian intervention and military operations Calls for liberating Afghan women were widespread Women's roles in Afghanistan have long been politically divisive marked by struggles between modernization and tradition Women politics and the state have always been intertwined in Afghanistan and conflicts have been fueled by attempts to challenge or change women's status It may appear that we have come full circle twenty years later in late 2021 when Afghanistan fell to the Taliban once more Women's rights in Afghanistan have been stripped away and any gains however tenuous now appear lost Today the country navigates both a humanitarian and a human rights crisis This book measures the rhetoric of liberation and the physical and ideological occupations of Afghanistan over the twenty year period from 2001 through 2021 through the voices perspectives and experiences of those who are implicated in this reality Afghan women

Battle Lines Joel Baetz, 2018-05-25 For Canadians the First World War was a dynamic period of literary activity Almost every poet wrote about the war critics made bold predictions about the legacy of the period's poetry and booksellers were told it was their duty to stock shelves with war poetry Readers bought thousands of volumes of poetry Twenty years later by the time Canada went to war again no one remembered any of it Battle Lines traces the rise and disappearance of Canadian First World War poetry and offers a striking and comprehensive account of its varied and vexing poetic gestures As eagerly as Canadians took to the streets to express their support for the war poets turned to their notebooks and shared their interpretations of the global conflict repeating and reshaping popular notions of among others national obligation gendered responsibility aesthetic power and deathly presence The book focuses on the poetic interpretations of the Canadian soldier He emerges as a contentious poetic subject a figure of battle romance and an emblem of modernist fragmentation and fractiousness Centring the work of five exemplary Canadian war poets Helena Coleman John McCrae Robert Service Frank Prewett and W W E Ross the book reveals their latent faith in collective action as well as conflicting recognition of modernist subjectivities Battle Lines identifies the Great War as a long overlooked period of poetic ferment experimentation reluctance and challenge

The Girls Next Door Kara Dixon Vuic, 2019-02-04 The story of the intrepid young women who volunteered to help and entertain American servicemen fighting overseas from World War I through the wars in Afghanistan and Iraq The emotional toll of war can be as debilitating to soldiers as hunger disease and injury Beginning in World War I in an effort to boost soldiers morale and remind them of the stakes of victory the American military formalized a recreation program that sent respectable young women and famous entertainers overseas Kara Dixon Vuic builds her narrative around the young women from across the United States many of whom had never traveled far from home who volunteered to serve in one of the nation's most brutal work environments From the Lassies in France and mini skirted coeds in Vietnam to Marlene Dietrich and Marilyn Monroe Vuic provides a fascinating glimpse into wartime gender roles and the tensions that continue to complicate American women's involvement in the military arena The recreation

program volunteers heightened the passions of troops but also domesticated everyday life on the bases Their presence mobilized support for the war back home while exporting American culture abroad Carefully recruited and selected as symbols of conventional femininity these adventurous young women saw in the theater of war a bridge between public service and private ambition This story of the women who talked and listened danced and sang adds an intimate chapter to the history of war and its ties to life in peacetime

Beyond the Call Eileen Rivers, 2018-11-06 A riveting account of three women who fought shoulder to shoulder with men and worked with local women to restore their lives and push back the Taliban They marched under the heat with 40 pound rucksacks on their backs They fired weapons out of the windows of military vehicles defending their units in deadly battles And they did things that their male counterparts could never do gather intelligence on the Taliban from the women of Afghanistan As females they could circumvent Muslim traditions and cultivate relationships with Afghan women who were bound by tradition not to speak with American military men And their work in local villages helped empower Afghan women providing them with the education and financial tools necessary to rebuild their nation and the courage to push back against the insurgency that wanted to destroy it For the women warriors of the military's Female Engagement Teams FET it was dangerous courageous and sometimes heartbreaking work Beyond the Call follows the groundbreaking journeys of three women as they first fight military brass and culture and then enemy fire and tradition And like the men with whom they served their battles were not over when they returned home
