Myth and materiality in a woman's world Lynn Abrams, 2013-07-19 Shetland has a history unique in Europe for over the past two centuries it was a place where women dominated the family economy and the cultural

imagination Women ran households and crofts without men They maintained families and communities because men were absent And they constructed in their minds an identity of themselves as liberated long before organised feminism was invented And yet Shetland is a place which was made by the most masculine of societies those of the Picts Scots and above all the Vikings and its contemporary identity still draws on the heroic exploits and sagas of medieval Norsemen This book examines how against this tradition Shetland became a female place and offers answers as to how in this most isolated island community the inhabitants transgressed and reversed their traditional gender roles Reconstructing this woman s world from fragments of cultural experience captured in written and oral sources this book will appeal to scholars in the fields of social and cultural history social anthropology gender and women s studies Female Friends and the Making of Transatlantic Quakerism, 1650-1750 Naomi Pullin, 2018-05-24 This original interpretation of the lives and social interactions of Quaker women in the British Atlantic between 1650 and 1750 highlights the unique ways in which adherence to the movement shaped women s lives as well as the ways in which female Friends transformed seventeenth and eighteenth century religious and political culture *A Rule for Children and Other Writings* Jacqueline Pascal, 2007-11-01 Jacqueline Pascal 1625 1661 was the sister of Blaise Pascal and a nun at the Jansenist Port Royal convent in France She was also a prolific writer who argued for the spiritual rights of women and the right of conscientious objection to royal ecclesiastic and family authority This book presents selections from the whole of Pascal s career as a writer including her witty adolescent poetry and her pioneering treatise on the education of women *A Rule for Children* which drew on her experiences as schoolmistress at Port Royal Readers will also find Pascal s devotional treatise which matched each moment in Christ s Passion with a corresponding virtue that his female disciples should cultivate a transcript of her interrogation by church authorities in which she defended the controversial theological doctrines taught at Port Royal a biographical sketch of her abbess which presented Pascal s conception of the ideal nun and a selection of letters offering spirited defenses of Pascal s right to practice her vocation regardless of patriarchal objections Women's America Linda K.
