Women Sex And The Church A Case For Catholic Teaching:

Women, Sex and the Church Erika Bachiochi, 2010 The women who write in this volume challenge the common misconception that the Catholic Church's teachings are anti women and anti sex Rather these women believe that it is precisely the Church's controversial teachings on abortion sex marriage and contraception that bespeak the Church's love of women and reverence for sex Recent empirical evidence reveals just how harmful breaking from these teachings has been for women their children and our culture over the past few decades Indeed the women who write these chapters argue that contrary to popular belief following Church teachings on sex and marriage in spite of the sometimes arduous difficulty of doing so actually helps women to flourish physically emotionally relationally and socially from the Introduction

Reproductive Justice and the Catholic Church Emily Reimer-Barry, 2024-06-10 Pregnancy loss is profoundly complex ambiguous and alienating but telling women who have procured abortions that they are murderers and sinners is not the best way forward Magisterial teachings on abortion are too often presented as moral absolutes when in fact moral absolutism distorts the rich wisdom of the Catholic intellectual tradition This book initiates a new conversation about women's experiences of miscarriage stillbirth and abortion arguing that we need not approach these difficult life experiences in a simplistic way Dr Reimer Barry argues that both the pro life and pro choice movements make important and valuable claims yet each approach on its own is flawed Drawing on the framework of reproductive justice together with Catholic social teaching Dr Reimer Barry suggests a new way forward for abortion discourse that takes seriously the full human dignity of women and the intrinsic though not absolute value of prenatal life She argues that instead of thinking of the Church as a moral teacher with leaders in Rome or Washington DC dictating to the consciences of the faithful a better way to address the complexity of difficult pregnancy discernments would be to think of the Church as a community of support in the midst of and after difficult discernments a community that seeks justice together and implements structural reforms while also providing spiritual care to those in need What women deserve is justice

Woman as Prophet in the Home and the World R. Mary Hayden Lemmons, 2016-09-15 This first ever interdisciplinary study of woman as prophet shows that in these troubling times ordinary women especially Christian women need to function as prophets by proclaiming in word and deed the indispensability of lovingly seeking the welfare of others More specifically social science shows that the person centered love prophesied by women prophets is able to meet interpersonal challenges within the home and world while philosophy and theology establish that women are able to excel as prophets due to the virtuous dispositions inculcated by femininity the choice to be caring a God centered spirituality and a pro life humanitarian personalist feminism that welcomes male collaborators Facilitating the ability of Christian women to prophesy love are Baptismal graces Thomistic virtues and a much needed prophetic Marian ecclesiology based on what John Paul II calls the prophetism of femininity These interdisciplinary findings provide an essential resource for educators and students of humanity the theology of women and evangelization

These findings emerge first from an investigation into the cognitive and ontological underpinnings of what John Paul II called the feminine genius. A second set of findings emerges from exploring the prophetic dimensions of the feminine genius: secular feminism's need to adopt the insights of Christianity and the ability of femininity's prophetism to recast both femininity and feminism as Marian prophecies. A third set of findings arises from analyzing the spirituality of women prophets within the Christian tradition by considering the conditions necessary for prophesying: explicating requisite Thomistic virtues and delving into the spirituality of Hildegard, Catherine of Siena, Julian of Norwich, and Teresa of Avila. A fourth set of findings arises from innovative studies of polarization, secularization, lust, romantic love, the conditions whereby mothers with careers can flourish, and the ability of nuns to combat racism in a small Midwestern town. Overall, these interdisciplinary investigations explicate the theology of women and show that women who prophesy love either in the order of grace or nature can help heal lives, families, and culture.

The Oxford Handbook of Theology, Sexuality, and Gender Adrian Thatcher, 2015. The Oxford Handbook of Theology, Sexuality, and Gender presents an unrivalled overview of the theological study of sexuality and gender. These topics are not merely contentious and pervasive; they have escalated in importance within theology. Theologians increasingly agree that even the very doctrine of God cannot be contemplated without a prior grappling with each. Featuring 41 newly commissioned essays written by some of the foremost scholars in the discipline, this authoritative collection presents and develops the latest thinking in these areas. Divided into eight thematic sections, the Handbook explores methodological approaches, contributions from neighbouring disciplines, sexuality and gender in the Bible and in the Christian tradition, controversies within the churches and within four of the non-Christian faiths, and key concepts and issues. The final extended section considers theology in relation to married people and families, gay and lesbian people, bisexual people, intersex and transgender people, disabled people, and to friends. This volume is an essential reference for students and scholars, which will also stimulate further research.

Can You Be a Catholic and a Feminist? Julie Hanlon Rubio, 2024-03-15. Is it possible to reconcile Catholic and feminist identities? Julie Hanlon Rubio argues that it is, but only if we rethink how women and men who experience the pull of feminism and Catholicism can credibly claim both identities. **One Body: A Program of Marriage Preparation and Enrichment for the New Evangelization** John and Claire Grabowski, 2018-06-29. A Culture of Engagement Cathleen Kaveny, 2016-03-01 Religious traditions in the United States are characterized by ongoing tension between assimilation to the broader culture as typified by mainline Protestant churches and defiant rejection of cultural incursions as witnessed by more sectarian movements such as Mormonism and Hassidism However legal theorist and Catholic theologian Cathleen Kaveny contends there is a third possibility a culture of engagement that accommodates and respects tradition It also recognizes the need to interact with culture to remain relevant and to offer critiques of social political legal and economic practices Kaveny suggests that rather than avoid the crisscross of the religious and secular spheres of life we should use this conflict as an opportunity to come together and to encounter challenge contribute to and correct one another Focusing on five broad areas of interest Law as a Teacher Religious Liberty and Its Limits Conversations about Culture Conversations about Belief and Cases and Controversies Kaveny demonstrates how thoughtful and purposeful engagement can contribute to rich constructive and difficult discussions between moral and cultural traditions This provocative collection of Kaveny's articles

Shame, the Church and the Regulation of Female Sexuality Miryam Clough, 2017-07-14 Shame strikes at the heart of human individuals rupturing relationships extinguishing joy and at times provoking conflict and violence This book explores the idea that shame has historically been and continues to be used by an oftentimes patriarchal Christian Church as a mechanism to control and regulate female sexuality and to displace men's ambivalence about sex Using a study of Ireland's Magdalen laundries as a historical example contemporary feminist theological and theoretical scholarship are utilised to examine why the Church as an institution has routinely colluded with the shaming of individuals and moreover why women are consistently and overtly shamed on account of and indeed take the blame for sex In addition the text asks whether the avoidance of shame is in fact functional in men's efforts to adhere to patriarchal gender norms and religious ideals and whether women end up paying the price for the maintenance of this system This book is a fresh take on the issue of shame and gender in the context of religious belief and practice As such it will be of significant interest to academics in the fields of Religious Studies but also History Psychology and Gender Studies

Celibacy, Seminary Formation, and Catholic Clerical Sexual Abuse Vivencio O. Ballano, 2024-04-30

Does the current celibate semi monastic and all male seminary formation contribute to the persistence of clerical sexual abuse in the Roman Catholic Church Applying sociological theories on socialization total institutions and social resistance as the primary conceptual framework and drawing on secondary literature media reports the author s experience interviews and Church documents this book argues that the Catholic Church s institution of the celibate seminary formation as the only mode of clerical training for Catholic priests has resulted in negative unintended consequences to human formation such as the suspension of normal human socialization in society psychosexual immaturity and weak social control against clerical sexual abuse The author thus contends that celibate training while suitable for those who do live in religious or monastic communities is inappropriate for those who are obliged to live alone and work in parishes As such an alternative model for diocesan clerical formation is advanced A fresh look at the aptness and effects of celibate formation for diocesan clergy this volume is the first to relate the persistence of Catholic clerical sexual abuse to celibate seminary formation exploring the structural links between the two using sociological arguments and proposing an apprenticeship based model of formation which has numerous advantages as a form of clerical training It will therefore appeal to scholars and students of religion sociology and theology as well as those involved with seminary formation
