Boys will be Boys, and Other Myths Will Moore, 2022-07-28 Throughout history we have exalted and theologised about men like Adam or David to the point where we have become oblivious to the fact that they are far from perfect role models for Christian manhood Failing to read scripture properly we have used it to shape a distorted understanding of masculinity Stretching from issues of violence emotional and sexual abuse the desire for power homophobia and the suppression of emotions Will Moore draws from scholarship personal stories and popular culture to offer an honest and accessible insight into the toxic myths which frame how we read scripture Only when we expose these myths he argues can we start to see the authentic men staring straight back at us from the pages of our bibles and be able to reshape the way in which we produce Christian men today tackling the violence that is being done by men to themselves and others

The Politics of Authenticity Joachim C. Häberlen, Mark Keck-Szajbel, Kate Mahoney, 2018-10-19 Following the convulsions of 1968 one element uniting many of the disparate social movements that arose across Europe was the pursuit of an elusive authenticity that could help activists to understand fundamental truths about themselves their feelings aspirations sexualities and disappointments This volume offers a fascinating exploration of the politics of authenticity as they manifested themselves among such groups as Italian leftists East German lesbian activists and punks on both sides of the Iron Curtain Together they show not only how authenticity came to define varied social contexts but also how it helped to usher in the neoliberalism of a subsequent era

Questioning Gender Robyn

Ryle, 2023-06-28 **Questioning Gender A Sociological Exploration** aims to spark productive conversations and questions about gender and serve as a resource for exploring answers to many of those questions Rather than providing definitive answers this book aims to challenge students preconceptions about gender and demonstrate how gender as a system creates and reinforces inequality Taking a global approach author Robyn Ryle uses both historical and cross cultural approaches to help students understand the socially constructed nature of gender Through examining contemporary topics including the MeToo movement sexual harassment in the workplace and the gender wage gap students will be prompted to think critically about past present and future gender related issues The Fifth Edition has been updated with expanded coverage of disability as it relates to gender discussion of issues related to transgender and nonbinary people and examination of the COVID 19 pandemic s gender related effects as well as updated data throughout

Africa's Big Men Kenneth Kalu, Olajumoke Yacob-Haliso, Toyin Falola, 2018-03-20 This book spotlights analyzes and explains varying forms and patterns of state society relations on the African continent taking as point of departure the complexities created by the emergence proliferation and complicated interactions of so called big men across Africa s fifty four states The contributors interrogate the evolution of Africa s big men the role of the big men in Africa s political and economic development and the relationship between the state the big men and the citizens Throughout the chapters the contributors engage with a number of questions from different disciplinary and methodological orientations How did these states evolve to exhibit various deformities in their composition functioning and in their relations with the societies that they govern What roles did Atlantic and other slavery and European colonialism play in creating states that are unable to display the right and good relationships with citizens in civil society Why did these forms of predatory state society relations continue to thrive in Africa after the end of Atlantic slave trade and subsequent colonialism Why did the emerging African leaders at independence fail to effectively dismantle the structures of exploitation and expropriation that were the defining features of slavery and colonialism Who are Africa s big men and what are their trajectories This book is essential reading for all students and scholars of African politics public policy and administration political economy and democratisation

Aging, Society, and the Life Course, Fourth Edition Leslie A. Morgan, Suzanne Kunkel, 2011-03-15 Doody s Score 91 4 Stars This book s unfading preoccupation with social context social processes and social structures distinguishes itself and greatly contributes to the discourse in gerontology The Gerontologist This is a comprehensive textbook for both undergraduate and graduate level courses detailing the impact of societal forces on the aging process The book focuses on the diversity of the older population examining it from micro macro perspectives in order to understand aging and the life course as social phenomena This latest edition examines significant changes in the field of social gerontology such as the paradigms of aging and the life course the baby boomer cohorts as they approach retirement and later life the growing interest in global aging and civic engagement This text encourages students to examine aging from personal familial community societal and global perspectives including both the positive and negative

realities of aging Key Features Provides websites of interest at the end of each chapter Presents provocative essays on love sex music medicine and crime to further expand on chapter contents Provides review questions and key terms as study guides at the end of each chapter

Hematologies Jacob Copeman, Dwaipayan Banerjee, 2019-12-15 In this ground breaking account of the political economy and cultural meaning of blood in contemporary India Jacob Copeman and Dwaipayan Banerjee examine how the giving and receiving of blood has shaped social and political life Hematologies traces how the substance congeals political ideologies biomedical rationalities and activist practices Using examples from anti colonial appeals to blood sacrifice as a political philosophy to contemporary portraits of political leaders drawn with blood from the use of the substance by Bhopali children as a material of activism to biomedical anxieties and aporias about the excess and lack of donation Hematologies broaches how political life in India has been shaped through the use of blood and through contestations about blood As such the authors offer new entryways into thinking about politics and economy through a bloodscape of difference different sovereignties different proportionalities and different temporalities These entryways allow the authors to explore the relation between blood's utopic flows and political clottings as it moves through time and space conjuring new kinds of social collectivities while reanimating older forms and always in a reflexive relation to norms that guide its proper flow

Psychology of Physical Activity Stuart Biddle, Nanette Mutrie, Trish Gorely, Guy Faulkner, 2021-04-11 The positive benefits of physical activity for physical and mental health are now widely acknowledged yet levels of physical inactivity continue to be a major concern throughout the world Understanding the psychology of physical activity has therefore become an important issue for scientists health professionals and policy makers alike as they address the challenge of behaviour change Psychology of Physical Activity provides

comprehensive and in depth coverage of the fundamentals of exercise psychology from mental health to theories of motivation and adherence and to the design of successful interventions for increasing participation Now publishing in a fully revised updated and expanded fourth edition Psychology of Physical Activity is still the only textbook to offer a full survey of the evidence base for theory and practice in exercise psychology and the only textbook that explains how to interpret the quality of the research evidence As the field continues to grow rapidly the new edition expands the behavioural science content of numerous important topics including physical activity and cognitive functioning automatic and affective frameworks for understanding physical activity involvement new interventions designed to increase physical activity including use of new technologies and sedentary behaviour A full companion website offers useful features to help students and lecturers get the most out of the book during their course including multiple choice revision questions PowerPoint slides and a test bank of additional learning activities Psychology of Physical Activity is the most authoritative engaging and up to date book on exercise psychology currently available It is essential reading for all students working in behavioural medicine as well as the exercise and health sciences

Engendering Democracy in Brazil Sonia E. Alvarez, 2021-05-11 Brazil has the tragic distinction of having endured the longest military authoritarian regime in South America Yet the country is distinctive for another reason in the 1970s and 1980s it witnessed the emergence and development of perhaps the largest most diverse most radical and most successful women s movement in contemporary Latin America This book tells the compelling story of the rise of progressive women s movements amidst the climate of political repression and economic crisis enveloping Brazil in the 1970s and it devotes particular attention to the gender politics of the final stages of regime transition in the 1980s Situating Brazil in a comparative theoretical framework the author analyzes the relationship between nonrevolutionary political change and changes in women s consciousness and mobilization Her engaging analysis of the potentialities for promoting social justice and transforming relations of inequality for women and men in Latin America and elsewhere in the Third World makes this book essential reading for all students and teachers of Latin American politics comparative social movements and public policy and women s studies and feminist political theory
