Womens Sport And Spectacle:

Women's Sport and Spectacle Gina Daddario, 1998-05-30 Historically the mass media have marginalized women's sports by devoting more coverage to men's sports and trying to appeal to a male audience This volume analyzes the mass media's portrayal of women's sports The Olympic Games are highlighted because they provide one of the few sports arenas where women's participation is heavily covered promoted and celebrated The author suggests the media are recognizing the significance of female spectatorship and are attempting to respond to this growing audience by adopting some of the rhetorical and textual characteristics of soap opera and melodrama *The Oxford Handbook of Sport and Spectacle in the Ancient World* Alison Futrell, Thomas Francis Scanlon, 2021 Examines the history of ancient sport and spectacle in Greece and Rome as well as issues of class civic contexts spaces health gender and sexuality Blends Greek and Roman topics to illuminate tensions and complementarities between different social and political contexts Authoritative scholars present novel insights and new avenues of research to give readers contemporary interpretations of Greek sport and Roman spectacle Book jacket **A Contemporary History of Women's Sport, Part One** Jean Williams, 2014-04-24 This book is an historical survey of women's sport from 1850-1960 It looks at some of the more recent methodological approaches to writing sports history and raises questions about how the history of women's sport has so far been shaped by academic writers Questions explored in this text include What are the fresh perspectives and newly available sources for the historian of women's sport How do these take forward established debates on women's place in sporting culture and what novel approaches do they suggest How can our appreciation of fashion travel food and medical history be advanced by looking at women's involvement in sport How can we use some of the current ideas and methodologies in the recent literature on the history and sociology of sport in order to look afresh at women's participation Jean Williams's original research on these topics and more will be a useful resource for scholars in the fields of sports women's studies history and sociology

Women Sport Fans Kim Toffoletti, 2017-06-26 Women worldwide are making their presence felt as sport fans in rapidly increasing numbers This book makes a distinctive and innovative contribution to the study of sport fandom by exploring the growing visibility and interest in women who follow sport It presents the latest data on women's sport spectatorship in different regions of the world posing new theoretical paradigms to study the globalised nature of female sport fandom This book goes beyond conventional approaches to analysing the practices of women sport fans By using a critical feminist perspective to investigate cultural conditions and social contexts including globalisation digital networked technologies consumerism neoliberalism and postfeminism it brings into view a diversity of women's voices and experiences as sport fans It sheds new light on the power dynamics of gender ethnicity and sexuality influencing women's participation in sport spectatorship and interrogates the ways female sport fandom is made visible through transnational media networks *Women Sport Fans Identification Participation Representation* is fascinating reading for all those interested in sport and gender the

sociology of sport or women's studies **Research Handbook on Sports and Society** Elizabeth C.K. Pike, 2021-05-28 This state of the art Research Handbook provides a challenging and critical examination of the complex issues surrounding sports in contemporary societies. Featuring contributions from world leading scholars, it focuses upon the impact of their research together with significant social issues and controversies in sport.

Women in Sports History Carol A. Osborne, Fiona Skillen, 2022-10-20 This book examines the developments in women's sports history in Britain in the last 10 years following on from its successful predecessor *Women and Sport History 2010*. It considers what has changed and what continuities persist, drawing on a series of contributions from authors who are active in the field. The chapters included in this book cover a broad time frame and range of topics such as the history of women's football in Scotland and England, women's role in rugby leagues, women's sport during World War II and female participation in American football, cricket and cycling. Written and edited during the early days of the COVID-19 pandemic, the book also reflects on the possible implications of the pandemic on women's sport. In doing so, it highlights the diversity of research currently being undertaken in the field and touches on areas which remain overlooked or underdeveloped. The chapters in this book were originally published as a special issue of *Sport in History*.

A Companion to Television Janet Wasko, 2009-12-21 *A Companion to Television* is a magisterial collection of 31 original essays that charter the field of television studies over the past century. Explores a diverse range of topics and theories that have led to television's current incarnation and predict its likely future. Covers technology and aesthetics, television's relationship to the state, televisual commerce, texts, representation, genre, internationalism and audience reception and effects. Essays are by an international group of first rate scholars. For information, news and content from Blackwell's reference publishing program, please visit www.blackwellpublishing.com/reference.

Seven Faces of Women's Sport Irene A. Reid, Jane Dennehy, 2018-10-15 This book explores the connections between women's experiences of and contributions to sport as a profession, product and pastime. This collection brings together insights and experiences from academics, activists, players and practitioners to critically reflect upon contemporary women's sport.

Routledge Handbook of the Business of Women's Sport Nancy Lough, Andrea N. Geurin, 2019-05-21 Combining knowledge from sport management, marketing, media, leadership, governance and consumer behavior in innovative ways, this book goes further than any other in surveying current theory and research on the business of women's sport around the world, making it an unparalleled resource for all those who aspire to work in or understand women's sport. Featuring international perspectives with authors from North America, South America, Europe, Asia and Oceania, and insightful in-depth profiles of real leaders within different sectors of women's sport in the global sport industry, the *Routledge Handbook of the Business of Women's Sport* offers an integrated understanding of the ways traditional media and social media impact both the understanding and advancement of women's sport, properties, businesses, teams and athletes. Innovative case studies show how societal issues such as gender, power and framing impact the business of women's sports and those who work in women's sport. An essential

reference for any researcher or advanced student with an interest in women's sport or women in business and useful supplementary reading for researchers and advanced students working in sport business sport management mainstream business and management or women's studies

Women, Media and Sport Pamela J. Creedon, 1994-02-14 The book is well researched Chapters by contributing authors enhance the breadth of the content both from a cultural and media perspective Individuals interested in the history of women's sports and particularly in gender issues as related to varying media will find this volume informative Upper division undergraduate through professional Choice Chapters by different authors make a splendid reference work on the history of women in sports women's sports magazines examples of discrimination against women in sports and women sports reporters and of course the proverbial locker room access controversies are reviewed here Editor Publisher Pamela Creedon has hit a homerun that challenges assumptions about the relationship between women media and sports This impressive collection of research helps redefine a playing field that until now had overwhelmingly male boundaries This is a fabulous book Susan Henry California State University Northridge

Women Media and Sport is a path breaking book in mass media research Not only does it provide a well researched history of the women who report sports news and the media images of women in sports but it also skillfully applies critical feminist theories to examine the context of these media messages and effects It opens new research subjects and models for integrating media effects and cultural critical studies research Marion T Marzolf The University of Michigan This is a fascinating book that uses as its starting point a definition of sport as a cultural institution rather than concentrating on the activities and games that make up the sports component The book examines important sport metaphors and symbols placing women and the media on a contextual playing field I was struck by the fact that all the chapters are written by women who are asking myriad questions about journalistic norms about media values and about news conventions in the world of sport These questions have not been asked by mainstream male journalists or writers covering sports This distinctive point of view makes **Women Media and Sport** a valuable addition to any women's studies media studies or cultural studies book list This is a very thorough and comprehensive text covering history economics marketing and cultural paradigms for studying or critiquing women's sport Best of all it offers a new model for women's sport that is both provocative and practical This book will not change any opinions about favorite football teams or sports announcers but it does ask to examine attitudes toward women the media and the sport universe Sammye Johnson Trinity University The first book to link feminist sport and media theory together **Women Media and Sport** provides a broad cultural studies approach which also touches on race and class relations in sport In addition to the theoretical analyses this volume provides a practical look at models of sport media effects and the construction of the sportswomen and women's sport Designed as a text to fill the gap in this area the book is organized into three sections The first provides an overview of women sport and the media and an example of the ways they intertwine The extensive range of articles in the second section focuses on print and broadcast media's portrayal of women's

sports and its journalistic process and examines such issues as the relationship between sports promotion and media's representations of women's sport and how sport reporting is taught to future journalists. The final section seeks to develop a new model for the future. A thorough and original text. **Women Media and Sport** is essential for scholars, students and professionals in media and mass communication studies, sociology, women's studies, cultural studies, popular culture, ethnic studies and gender studies.

Japanese Women and Sport Robin Kietlinski, 2011-12-01. This book is available as open access through the Bloomsbury Open Access programme and is available on www.bloomsburycollections.com. In **Japanese Women and Sport** Robin Kietlinski sets out to problematize the hegemonic image of the delicate Japanese woman, highlighting an overlooked area in the history of modern Japan. Previous studies of gender in the Japanese context do not explore the history of female participation in sport and recent academic studies of women and sport tend to focus on Western countries. Kietlinski locates the discussion of Japanese women in sport within a larger East Asian context and considers the socio-economic position and history of modern Japan. Reaching from the early 20th century to the present day, Kietlinski traces the progression of Japanese women's participation in sport from the first female school for physical education and the foundations of competitive sport through to their growing presence in the Olympics and international sport.

Critical Geographies of Sport Natalie Koch, 2016-10-04. Sport is a geographic phenomenon. The physical and organizational infrastructure of sport occupies a prominent place in our society. This important book takes an explicitly spatial approach to sport, bringing together research in geography, sport studies and related disciplines to articulate a critical approach to sports geography. **Critical Geographies of Sport** illustrates this approach by engaging directly with a variety of theoretical traditions as well as the latest research methods. Each chapter showcases the merits of a geographic approach to the study of sport, ranging from football to running, horseracing and professional wrestling. Including cases from Asia, Africa, the Middle East, Europe and the Americas, the book highlights the ways that space and power are produced through sport and its concomitant infrastructures, agencies and networks. Holding these power relations at the center of its analysis, it considers sport as a unique lens onto our understanding of space. Truly global in its perspective, it is fascinating reading for any student or scholar with an interest in sport and politics, sport and society or human geography.

Female Olympians Linda K. Fuller, 2016-12-07. This book examines women's participation in the Olympic Games since they were allowed to be included in that global arena. Using a holistic social scientific approach and emphasizing the rhetoric of sport mediatization, **Female Olympians** reviews the literature relative to sexism, racism and ageism before providing historical, political, economic and socio-cultural perspectives such as the gendered language of Olympic reportage, religious considerations, women's bodies relative to their training for the Games, drugs and doping and female Paralympians. With numerous critical case studies never before assembled, data and personal interviews with athletes, this volume offers insights that both investigate and celebrate female Olympians' successes.

The Swimsuit Issue and Sport Laurel R. Davis, 2016-02-24. This study of the Sports

Illustrated swimsuit issue demonstrates how the magazine encourages individual and institutional practices that create and maintain inequality Laurel Davis illustrates how the interactions of media production media texts media consumption and social context influence meaning Individuals interpretations of and reactions to the magazine are influenced by their views about gender and sexuality views that have been shaped by their social experiences Based on extensive interviews with Sports Illustrated producers and consumers as well as analysis of every swimsuit issue from the first in 1964 to those of the 1990s the book argues that Sports Illustrated uses the swimsuit issue to secure a large male audience by creating a climate of hegemonic masculinity This practice produces considerable profit but on the way to the bank tramples women gays lesbians people of color and residents of the postcolonialized world Sport, Gender and Mega-Events Katherine

Dashper,2021-11-29 This volume unpicks mega events as gendered entities and showcases how they both position athletes in relation to one of two binary sex positions and also push the boundaries of what we see and accept as a recognisably gendered male or female body **Gender, Sport and Society** Hanya Pielichaty,2024-02-23

Introducing the core concepts issues and debates in the study of gender and sport this is an accessible engaging and thought provoking textbook for anyone studying or interested in sport It highlights the complexity of the gendered sporting world Exploring inequalities in society that are reflected in sporting spaces and practices and offering practical guidance on how to develop study skills and critical thinking this textbook empowers readers to view the world in a different way The book explores the social and political aspects of gender sport and society as well as their intersection with race ethnicity disability and sexualities Introducing the basics of gender theory as applied to sport and placing equity diversity and inclusion at the heart of the discussion the book explores key themes current issues and hot topics such as women in esports mental health and parenthood The book also looks at how gender and gender stereotypes play out in the world of sport business and management The reader is asked to co create the textbook s narrative by engaging with several pedagogical features such as stop and think and seminar activities requesting the reader to be an active and critical participant The compact and considered chapters will help to break down the complexity involved in this subject area The final chapter is dedicated to study skills and practical learning advice acting as a study guide to complement the discipline rich chapters that come before it This textbook is written from practitioner educator experience ensuring the content is degree specific critically positioned and most importantly inclusive and accessible Full of useful features in every chapter from subject insights to guides on further reading media links and other sources as well as example assignment questions this is an indispensable textbook for all students of gender and sport women and sport the sporting body sport and society social issues in sport inclusion in sport and sport development and fascinating reading for anyone with an interest in sport gender studies or sociology more broadly **Sporting Blackness** Samantha N. Sheppard,2020-06-16 Sporting Blackness examines issues of race and representation in sports films exploring what it means to embody perform play out and contest blackness by representations of Black athletes on screen By

presenting new critical terms Sheppard analyzes not only skin in the game or how racial representation shapes the genre's imagery but also skin in the genre or the formal consequences of blackness on the sport film genre's modes codes and conventions Through a rich interdisciplinary approach Sheppard argues that representations of Black sporting bodies contain critical muscle memories embodied kinesthetic and cinematic histories that go beyond a film's plot to index circulate and reproduce broader narratives about Black sporting and non sporting experiences in American society **Global**

Perspectives on Women in Combat Sports Christopher R. Matthews,Alex Channon,2016-04-29 This volume offers a wide reaching overview of current academic research on women's participation in combat sports within a range of different national and trans national contexts detailing many of the struggles and opportunities experienced by women at various levels of engagement within sports such as boxing wrestling and mixed martial arts **Handbook of Sports and Media**

Arthur A. Raney,Jennings Bryant,2009-03-04 This distinctive Handbook covers the breadth of sports and media scholarship one of the up and coming topics bridging media entertainment sports management and popular culture Organized into historical institutional spectator and critical studies perspectives this volume brings together the work of many researchers into one quintessential volume defining the full scope of the subject area Editors Arthur Raney and Jennings Bryant have recruited contributors from around the world to identify and synthesize the research representing numerous facets of the sports media relationship As a unique collection on a very timely topic the volume offers chapters examining the development of sports media production coverage and economics of sports media sports media audiences sports promotion and race and gender issues in sports and media Unique in its orientation and breadth the Handbook of Sports and Media is destined to play a major role in the future development of this fast growing area of study It is a must have work for scholars researchers and graduate students working in media entertainment media psychology mass media mass communication sports marketing and management popular communication popular culture and cultural studies **EA Sports FIFA** Raiford Guins,Henry

Lowood,Carlin Wing,2022-07-14 If there is anything close to a universal game it is association football also known as soccer football fussball f tбол fitba and futebol The game has now moved from the physical to the digital EA's football simulation series FIFA with profound impacts on the multibillion sports and digital game industries their cultures and players Throughout its development history EA's FIFA has managed to adapt to and adopt almost all video game industry trends becoming an assemblage of game types and technologies that is in itself a multi faceted probe of the medium's culture history and technology EA Sports FIFA Feeling the Game is the first scholarly book to address the importance of EA's FIFA From looking at the cultures of fandom to analyzing the technical elements of the sports simulation and covering the complicated relations that EA's FIFA has with gender embodiment and masculinity this collection provides a comprehensive understanding of a video game series that is changing the way the most popular sport in the world is experienced In doing so the book serves as a reference text for scholars in many disciplines including game studies sociology of sports history of

games and sports research
