Thomas,2017-08-23 **Women's Health** Dawna Marie Thomas,2022 **The Politics of Women's Health** Susan Sherwin,Feminist Health Care Ethics Research Network,1998 Examines the real world of women s health status and health care delivery in different countries and the assumptions behind the dominant medical model of solving problems without regard to social conditions This book asks what feminist health care ethics looks like if we start with women s experiences and concerns Women's Health and Medicine: Transforming Perspect Alice J. Dan,Sue V. Rosser,2003-06 A vital collection of essays on women s health and women s health studies edited by leaders in the field **Women and Health** AnnJanette Alejano-Steele,2019-11-15 This volume on global women s health provides a broad overview of many conditions that impact women s health including social and economic inequities and examples of health advocacy The health and wellbeing of the world s population matters but many of the female half experience unequal access to information and care that increases their health risks This global women s health volume delves into a number of health and social factors that combine to create a lower quality of life for women Each chapter represents a global region featuring three to four countries and reviews health goals and outcomes relative to the United Nations Sustainable Development Goals and World Health Organization discussions on social determinants of health Chapters are organized to invite readers to consider environmental conditions and social determinants that create gender inequities in health around the globe Cultural forces that impact health including environmental risks access to health care reproductive health infectious and noncommunicable diseases behavioral mental health and intersectional identity considerations such as religion ethnicity and LGBTQ identity issues **Women and Health in America** Judith Walzer Leavitt,1999 Organised chronologically and then by topic this volume covers studies of women and health in the colonial and revolutionary periods through the Civil War The remainder of the book focuses on the late 19th and 20th centuries *Evaluating Women's Health Messages* Roxanne Louiselle Parrott,Celeste Michelle Condit,1996-02 The increased attention currently being paid to women s reproductive health issues has produced a corresponding interest in the role that communication plays in promoting better health care Groundbreaking and comprehensive this book is the first systematic examination of the major types and forms of messages about women s reproductive health medical social scientific and public and the degree to which these messages compare with and contradict each other Within the broad framework of communication a range of women s health issues are examined in this book from political historical technological and feminist perspectives The issues examined include abortion infertility drug and alcohol use in pregnancy childbirth AIDS menst *What Makes Women Sick* Lesley Doyal,1995-06-19 Lesley Doyal draws on a wide range of disciplines to highlight the limitations of medical models in understanding global patterns of health and disease in

women Examining in detail the impact of sexuality fertility control reproduction domestic labour and waged work on women s well being she shows how gender divisions in economic and social life affect their experiences of illness disability and mortality A concluding chapter illustrates the multiplicity of ways in which women around the world are challenging the threats to their health **The Reader's Companion to U.S. Women's History** Wilma Pearl Mankiller,1998 Contains articles on fashion and style household workers images of women jazz and blues maternity homes Native American women Phillis Wheatley homes picture brides single women and teaching Reader's Guide to Women's Studies Eleanor Amico,1998-03-20 The Reader s Guide to Women s Studies is a searching and analytical description of the most prominent and influential works written in the now universal field of women s studies Some 200 scholars have contributed to the project which adopts a multi layered approach allowing for comprehensive treatment of its subject matter Entries range from very broad themes such as Health General Works to entries on specific individuals or more focused topics such as Doctors

Women, Medicine, Ethics and the Law Susan Sherwin,Barbara Parish,2020-09-10 This title was first published in 2002 A collection of articles focused on women within a general study of medicine ethics and the law Topics covered include areas where the institutions of medicine ethics and the law intersect in women s reproductive and sexual lives the impact of legal policies and dominant ethical beliefs on many aspects of women s health and the health practices and policies of bioethics and health law The editors recognise that it is important not to lose sight of social differences other than gender such as race ethnicity class age sexuality religion level of physical and mental ability and family relationships In their approach they seek to consider the lives and experiences of women as primary Hence they focus on the question of how women s encounters with the health care system are structured by gender and other socially significant dimensions of their lives rather than the question of how women differ from the male norm Classic and Contemporary Readings in Sociology Ian Marsh,Rosie Campbell,Mike Keating,2014-05-12 Classic and Contemporary Readings in Sociology introduces the reader to sociological issues theories and debates providing extracts of primary source material from both classical and contemporary theorists Theorists are examined within their historical and sociological framework and the text provides an analysis of developments in sociological thought and research The text is divided into four main sections Part One Origins and Concepts surveys the history of the discipline of sociology and examines key themes which have influenced sociological theorising and investigation in particular social control culture and socialisation Parts Two and Four Sociological Theories and Sociological Research include a number of readings from the founding theorists and investigators including Auguste Comte Emile Durkheim Karl Marx Max Weber and Charles Booth and also include more recent theoretical writing and research approaches The focus on theory and research is extended by a selection of readings centred around the theme of Differences and Inequalities Part Three these readings provide students with examples of work from an area where sociological theorising and research has been widely applied **Material Discourses of Health and Illness** Lucy

Yardley,2013-01-11 Material Discourses of Health and Illness applies discursive approaches to the field of health psychology in stark contrast to the bio medical model of health and illness The discursive approach uses the person s experience and feelings as the central focus of interest whereas the more traditional models regarded these as coincidental and relatively unimportant The book provides an accessible and compelling introduction to social constructionist and discursive approaches to those with limited previous knowledge of socio linguistic theory and research It provides practical examples of how these approaches can be applied to the field of health psychology with a collection of sophisticated discursive analyses which demonstrate the distinctive contribution that can be made by psychologists to a field that has been largely dominated by sociologists and anthropologists **Disability and the Sociological Imagination** Allison C. Carey,2022-05-16 Disability and the Sociological Imagination provides an expertly developed and accessible overview of the relatively new and growing area of sociology of disability Written by one of the field s leading researchers it discusses the major theorists research methods and bodies of knowledge that represents sociology s key contributions to our understanding of disability Unlike other available texts it examines the ways in which major social structures contribute to the production and reproduction of disability and examines how race class gender and sexual orientation shape the disability experience **Velvet Jihad** Faegheh Shirazi,2009-09-27 There are numerous conflicts ensuing in the Middle East but not all are being fought with rockets and rifles While the Internet has proven invaluable to those who wish to uphold a patriarchal society and spread the message of Islamic fundamentalism Muslim women have used the Web to build a transnational community intent on growing women s rights in the Middle East There is a large disparity between a Muslim woman s role according to the Qur an and her role as some corners of Muslim society have interpreted it In Velvet Jihad Faegheh Shirazi reveals the creative strategies Muslim women have adopted to quietly fight against those who would limit their growing rights Shirazi examines issues that are important to all women from routine matters such as daily hygiene and clothing to controversial subjects like abortion birth control and virginity As a woman with linguistic expertise and extensive life experience in both Western and Middle Eastern cultures she is uniquely positioned as an objective observer and reporter of changes and challenges facing Muslim women globally *Maternal and Child Health* Jonathan Kotch,2013 Maternal and Child Health Programs Problems and Policy in Public Health Third Edition takes a developmental approach to learning about Maternal and Child Health MCH Organized according to fundamental principles of MCH the book covers traditional MCH topics such as family planning and maternal and infant health as well as skills that are applicable across Public Heath disciplines such as planning research monitoring and advocacy Successfully tested in prestigious academic programs of Public Health Maternal and Child Health Third Edition appeals to students across the health professions and those interested in women s health reproductive health maternal and infant health the health of children and adolescents including those with special needs The Third Edition is a thorough update that includes New chapters on Environmental Health Life Course Oral Health and Monitoring and

Evaluation Streamlined chapters on Assessment and Planning MCH Research Rights and Justice and Advocacy and Policy Development New and additional material on global health and health disparities in MCH New material in life course theory New ancillary course materials for instructors Becoming Women Carla Rice,2014-02-24 In a culture where beauty is currency women s bodies are often perceived as measures of value and worth The search for visibility and self acceptance can be daunting especially for those on the cultural margins of beauty Becoming Women offers a thoughtful examination of the search for identity in an image oriented world That search is told through the experiences of a group of women who came of age in the wake of second and third wave feminism featuring voices from marginalized and misrepresented groups Carla Rice pairs popular imagery with personal narratives to expose the culture of contradiction where increases in individual body acceptance have been matched by even more restrictive feminine image ideals and norms With insider insights from the Dove Campaign for Real Beauty Rice exposes the beauty industry s colonization of women s bodies and examines why the beauty myth has yet to be resolved
