

WORDSWORTH'S *Gardens and Flowers*

THE SPIRIT OF PARADISE

Peter Dale & Brendan C. Yen

When the summer sun is high
And the air is warm
I think of the flowers
That are in the garden

I would have my garden
Filled with flowers
That are in the garden
That are in the garden

The best of the garden
Is the best of the garden
That are in the garden
That are in the garden

Illustration of *Campanula medium*,
a species of bellflower, from
the *Flora of the British Isles*, 1844.

Microtravel Charles Forsdick, Zoë Kinsley, Kate Walchester, 2024-06-04 The 2020 COVID 19

pandemic imposed immobility on large sectors of the world's population with confinement becoming an everyday reality. The lives of those who previously enjoyed the privileges of being fast-travelers ground to a halt while at the same time the displacement of more vulnerable populations along well-established migration corridors has been radically reduced. The result has been a recalibration of the scale of journeying with travellers slowing down their journeys and readjusting their relationship to the proximate and nearby. This situation has provided an opportunity for those who study travel and travel writing to rethink their objects of study and approaches to them. This volume explores and historicizes the phenomenon of microtravel designating slower journeys within a limited radius which allow and sometimes necessitate new forms of experiencing the world.

Women and the Collaborative Art of Gardens Victoria E. Pagán, Judith W. Page, 2023-11-30
Women and the Collaborative Art of Gardens explores the garden and its agency in the history of the built and natural environments as evidenced in landscape architecture literature art archaeology history photography and film. Throughout the book each chapter centers the act of collaboration from garden clubs of the early twentieth century as powerful models of women's leadership to the more intimate partnerships between family members to the delicate relationship between artist and subject. Women emerge in every chapter whether as gardeners designers owners writers illustrators photographers filmmakers or subjects but the contributors to this dynamic collection unseat common assumptions about the role of women in gardens to make manifest the significant ways in which women write themselves into the accounts of garden design practice and history. The book reveals the power of gardens to shape human existence even as humans shape gardens and their representations in a variety of media including brilliantly illuminated manuscripts intricately carved architectural spaces wall paintings black and white photographs and wood cuts. Ultimately the volume reveals that gardens are best apprehended when understood as products of collaboration. The book will be of interest to scholars and students of gardens and culture ancient Rome art history British literature medieval France film studies women's studies photography African American Studies and landscape architecture.

William Wordsworth and the Invention of Tourism, 1820-1900 Saeko Yoshikawa, 2016-02-17
In her study of the opening of the English Lake District to mass tourism Saeko Yoshikawa examines William Wordsworth's role in the rise and development of the region as a popular destination. For the middle classes on holiday guidebooks not only offered practical information but they also provided a fresh motive and a new model of appreciation by associating writers with places. The nineteenth century saw the invention of Robert Burns's and Walter Scott's Borders Shakespeare's Stratford and the Brontë Country as holiday locales for the middle classes. Investigating the international cult of Wordsworthian tourism Yoshikawa shows both how Wordsworth's public celebrity was constructed through the tourist industry and how the cultural identity of the Lake District was influenced by the poet's presence and works. Informed by extensive archival work her book provides an original case study of the contributions of Romantic writers to the invention of middle class tourism and the part guidebooks played in promoting the popular reputations of authors.

Mott, 1890 Wordsworth's Historical Imagination (Routledge Revivals) David Simpson, 2014-08-07 Traditionally Wordsworth's greatness is founded on his identity as the poet of nature and solitude The Wordsworthian imagination is seen as an essentially private faculty its very existence premised on the absence of other people In this title first published in 1987 David Simpson challenges this established view of Wordsworth arguing that it fails to recognize and explain the importance of the context of the public sphere and the social environment to the authentic experience of the imagination Wordsworth's preoccupation with the metaphors of property and labour shows him to be acutely anxious about the value of his art in a world that he regarded as corrupted Through close examination of a few important poems both well known and relatively unknown Simpson shows that there is no unitary public Wordsworth nor is there a conflict or tension between the private and the public The absence of any clear kind of authority in the voice that speaks the poems makes Wordsworth's poetry in Simpson's phrase a poetry of displacement Wordsworth Anthony Adams, 1981 **Dorothy Wordsworth's Rydal Journals** Nicholas Mason, Susanne Sutton, 2025-04-25 Although Dorothy Wordsworth's journals have long been celebrated for their vibrant and keen eyed portraits of everyday life until now only brief excerpts have been available from her most extensive set of diaries the fifteen notebooks from 1824-35 that have come to be known as the Rydal Journals This scholarly edition of the complete contents of these journals therefore marks a watershed moment for the study of this remarkable woman and more generally the shifting literary cultural and political realities of Reform era Britain The first half of the Rydal Journals chronicles the comings and goings of a buoyant fifty something still in her physical and intellectual prime capturing her bustling social life when at home in the Lakes and her zeal for new adventures when travelling to Manchester Yorkshire the Midlands the Welsh Marches and the Isle of Man The ensuing half by contrast offers an alternately inspiring and heart breaking record of the diarist's attempts to find joy and meaning amid the sudden onset of old age and disability that followed her near fatal illness of 1829 Besides providing long overdue access to what may be the last great trove of unpublished life writing by a major English Romantic this edition surrounds the text of the journals with dozens of illustrations a wealth of explanatory footnotes and engaging introductions to the people places and events that helped define this pivotal decade of Dorothy Wordsworth's life *Discovering English Gardens: Inspirations for Nature Lovers* Josiah Rollins, 2025-04-05 *Discovering English Gardens Inspirations for Nature Lovers* This captivating guide invites you on a journey through the enchanting realm of English gardens Explore verdant havens bursting with a symphony of colors fragrant blooms and serene vistas From the grand formal gardens of stately homes to intimate cottage gardens each destination offers a unique glimpse into the horticultural heritage and cultural
