Stevensoniana J. A. Hammerton, 2018-01-13 Excerpt from Stevensoniana: An Anecdote, Life and Appreciation of Robert Louis Stevenson. An important feature of the present edition is the collection of illustrations with which it has been enriched. Scarcely less interesting than some of the literary matter are these scenes and portraits, and with the exception of the admirably produced brochure in the bookman Booklets series, no such collection has hitherto been available in book form.

The Works of Robert Louis Stevenson, Vol. 9 (Classic Reprint) Robert Louis Stevenson, 2015-07-12 Excerpt from The Works of Robert Louis Stevenson, Vol. 9. Nearly thirty years have passed since Stevenson began to attract a circle of appreciative readers. From the first it was clear that the literary appreciation coincided with a personal attraction. As his fame extended, the admiration of readers remotest in the flesh had a tinge of friendship, while the inner circle could not distinguish between their enthusiastic affection for the man and their cordial enjoyment of his genius. So far as the biographer is concerned, the identity of the two sentiments is a clear gain. Affection, though not a sufficient, is an almost necessary qualification for a good biography. It may be doubted, however, whether a man's friends are his best critics. The keen eye of the candid outsider has detected a tacit conspiracy in this case. The circle of friends looks unpleasantly like a clique trying to gain a reflex glory from the fame of its hero, or to make a boast of its superior insight. The connection, it is true, has other dangers. The tie may be broken, and the rupture it appears, cancels all obligations to reticence. No one can then lay on the lash like the old friend who knows the weak places and has or fancies that he has an injury to resent. The bitterness may be intelligible, and therefore perhaps we should excuse a man for relieving his feelings after this peculiar fashion. I cannot say that I think the result edifying, but I make no further comment. I would rather observe that fidelity to old ties is not necessarily blinding. No one can read Mr. Colvin's notes upon his friend's letters without admitting that his friendship has sharpened his insight.
