Introduction to the Desert Fathers Jason Byassee,2007-08-15 The desert fathers wanted to get away from a church co-opted by empire and a Christian faith grown cold and listless They retreated to the desert to do battle against demons and against their own worst desires They had no intention of being famous yet ironically their Sayings have inspired millions of imitators over the centuries This guide is meant to accompany a reading of the Sayings of the Desert Fathers in hopes that readers with lives quite different than those third and fourth century dwellers of the Egyptian desert might nevertheless come to imitate their lives of poverty chastity and obedience and more importantly that readers might grow more imaginative and passionate in their following of the same Lord **Seeking in Solitude** Bernadette McNary-Zak,2014-06-02 Seeking in Solitude examines select forms of contemporary Roman Catholic eremitic life and practice in the United States Given the sustained presence of and increased interest in the eremitic life and practice this book responds to the question of the place of the hermit in American Catholicism in a way that neither mystifies nor mythologizes it but rather attempts to understand it

Dreamcrafting Paul Levesque,Art McNeil,2003-02-16 A dreamer s guide to turning fantasies into reality teaches five macroskills Aspiration motivation projection inclusion and application required to achieve dreams in the real world

Letting Go William A. Gruber,M. D. William a. Gruber,2003-10 What would you do if you were granted your heart s desire the one thing in life that you wanted the most but then found out that you had only a limited time in which to enjoy it What would you do if you were given knowledge and power even to the point of delaying death but then found out that such a gift might cost you your soul A young man in Chicago faced the first question At the same time and the same age a young man in Boston faced the second one Years later in Seattle as both men approached mid life they began a ten year relationship During those years as each helped the other through illness and transition the answers to both questions gradually emerged Bill Gruber said of Mark Smetko At first he was my patient then he became my friend and then he became my teacher Letting Go is the memoir of that relationship By the time it was over both men had found a life they had never known before

Finding the Monk Within Edward C. Sellner, 2008 Finding the Monk Within is written with the conviction that lying deep within every person and underlying much of contemporary western and eastern cultures is an ancient memory a vital archetypal energy related to monasticism and its spirituality This book recovers that monastic memory the living presence of the past for those who desire to name and incorporate monastic values values of solitude and silence faith and compassion friendship and mentoring contemplation and leadership itself The author examines the social and religious dimensions in the fourth century that gave rise to monasticism then looks at Christian leaders from late antiquity to the medieval period associated with monasticism in both East and West who have much to teach about monastic values and their relevance for today among them Antony the first monk Augustine and Jerome John Cassian Brigit of Kildare and early Celtic monasticism Gregory the Great Benedict and Scholastica and finally Bernard of Clairvaux By studying the history of monasticism and its great heroes we come to realize that for the Christian much of what we call monastic is purely and simply what being a follower of Christ is all about and that being a monk whether inside monastic enclosures or outside in the world is simply becoming the sort of person everyone ought to be a person who unites action and contemplation in the care of souls writes the author By becoming familiar with the stories and thought of these inspirational figures readers will be inspired to incorporate monastic perspectives and values into their own lives Monastic Perspectives on Temporality Riitta

Hujanen, 2023-08-07 In this book Riitta Hujanen explores temporality in the context of Catholic enclosed contemplative traditions It investigates based on literature and other sources what enclosed contemplatives might say about temporality through their monastic journeys What makes a young person decide to dedicate their life inside a cloister Do contemplatives have a preference for eternity over temporal time How does the enclosed contemplative life impact one's concept of time How is time perceived towards the end of one's monastic journey What is seen when looking back to the years in the enclosed contemplative life What is experienced at the hour of death The answers to these questions illustrate a paradoxical dynamic in monastic journeys that cover a broad historical scope from the earliest monastic writers to contemporary sources
