literature is ahead in its understanding the desires fantasies and unconscious emotions of the public This book explores a form of intimacy frequently observed in consulting rooms and in life in general malicious intimacy Specific to the conjugal bond it is a type of intimacy connected to the relationship between the two halves of the couple that is extremely powerful and painful Instead of clinical cases Rossella Valdr examines four contemporary and widely successful novels published contemporaneously which capture perfectly this type of psychopathological universe Valdr then maps out psychoanalytic hypotheses regarding the persistency of these malicious intimacies Through analysis of these examples Valdr investigates the roots and hypotheses of a new scenario on victim executioner roles played out in the intimacy of the couple Exploring how and if the contemporary couple is undergoing profound changes she provides an overview of the various deep seated psychological mechanisms and unconscious dynamics that may be at work The book explores the need to not be dependant upon a love object as an extreme defence against abandonment or self collapse Valdr argues that such a configuration is very common and that Idealization in contemporary life is one of the reasons behind the most of sufferance in modern couples something which psychoanalysis can examine through art Women perhaps after emancipation are living overturned roles and paying a higher cost as a result Psychoanalytic Perspectives on Women and Power in Contemporary Fiction will appeal to psychoanalysts and psychoanalytic psychotherapists and be of interest to scholars and students of literature gender studies philosophy and sociology

is the object of still increasing interest and attention Afrique sur Seine guides us through writing that surprises with its fresh insights into multiculturalism and integration

raises two key issues If love has become central to people's understanding of marriage then it is important for the legitimacy of law that love is reflected in both the content and application of the law More fundamentally it requires us to reconsider how we understand law and to ask whether it is engaged with emotions or separate from them Along the way this book also considers the meaning of love itself in contemporary society and asks whether love is a radical force capable of breaking down conservative meanings embedded in institutions like marriage or whether it simply mirrors them This book will be of interest to everyone working on love marriage and sexuality in the disciplines of law sociology and philosophy

Domestic Allegories of Political Desire Claudia Tate, 1993-01-07 Why did African American women novelists use idealized stories of bourgeois courtship and marriage to mount arguments on social reform during the last decade of the nineteenth century during a time when resurgent racism conditioned the lives of all black Americans Such stories now seem like apolitical fantasies to contemporary readers This is the question at the center of Tate's examination of the novels of Pauline Hopkins Emma Kelley Amelia Johnson Katherine Tillman and Frances Harper **Domestic Allegories of Political Desire** is more than a literary study it is also a social and intellectual history a cultural critique of a period that historian Rayford W Logan called the Dark Ages of recent American history Against a rich contextual framework extending from abolitionist protest to the Black Aesthetic Tate argues that the idealized marriage plot in these novels does not merely depict the heroine's happiness and economic prosperity More importantly that plot encodes a resonant cultural narrative a domestic allegory about the political ambitions of an emancipated people Once this domestic allegory of political desire is unmasked in these novels it can be seen as a significant discourse of the post Reconstruction era for representing African Americans' collective dreams about freedom and for reconstructing those contested dreams into consummations of civil liberty
