Women in the American Revolution Barbara B. Oberg, 2019-05-24 Building on a quarter century of scholarship following the publication of the groundbreaking *Women in the Age of the American Revolution* the engagingly written essays in this volume offer an updated answer to the question What was life like for women in the era of the American Revolution The contributors examine how women dealt with years of armed conflict and carried on their daily lives exploring factors such as age race educational background marital status social class and region For patriot women the Revolution created opportunities to market goods find a new social status within the community or gain power in the family Those who remained loyal to the Crown however often saw their lives diminished their property confiscated their businesses failed or their sense of security shattered Some essays focus on individuals Sarah

Bache Phillis Wheatley while others address the impact of war on social or commercial interactions between men and women Patriot women in occupied Boston fell in love with and married British soldiers in Philadelphia women mobilized support for nonimportation and in several major colonial cities wives took over the family business while their husbands fought Together these essays recover what the Revolution meant to and for women *The Women of The American Revolution (Complete)*

Elizabeth Fries Lummis Ellet, 2020-09-28 When Mrs Ellet compiled her history of The Women of the Revolution she could not have foreseen the deep interest in Colonial and Revolutionary history that was destined to mark the last decade of the Nineteenth Century nor could she have realized that the various patriotic societies that were to be organized among women would lead to as great an interest in the lives of the mothers as in those of the fathers of the Republic Yet the writer of these sketches of noted women has prepared for just such a phase of American life which makes her work now appear a prophecy of the future as well as a summary of past events The Women of the Revolution having been published in the middle of the century the material for these biographical sketches was collected while some men and women were still living who could recall the faces and figures of the statesmen and soldiers of the Revolutionary struggle When the sketch of Mrs Philip Schuyler went to press the daughter of that heroic lady was still living in Washington and able to relate for the entertainment of her friends stirring incidents of her mother's life and of her own life in camp with Mrs Washington when as Miss Betsey Schuyler she won the heart of the General's young aide de camp the brilliant versatile Hamilton Another interesting character who was living while Mrs Ellet's work was in course of preparation was Mrs Gerard G Beekman whose mind was a storehouse of Revolutionary incidents and adventures of many of which she was herself the heroine or an eyewitness There are in these volumes many proofs that Mrs Ellet availed herself of the opportunities afforded her to draw from original sources In some instances the author acknowledged her indebtedness to the rich fields of reminiscence in which it was her privilege to glean in other passages the result of such gleaning is evident from the minuteness and vividness with which she portrayed certain characters and depicted the scenes and circumstances in which they moved In the opening paragraph of the sketch of Martha Wilson of New Jersey Mrs Ellet speaks of the valuable fund of recollection that was opened to her through familiar association with intimate friends of the subject of the biography Mrs Wilson who lived through the first decade of the Nineteenth Century recollected the stirring days of the Revolution when New Jersey was its principal battle ground and she as the daughter of one of General Washington's officers and the wife of another entertained in her father's house and in her own the Commander in Chief and other prominent Revolutionary heroes Mrs Wilson was able to relate many conversations that were held at her table and numerous personal incidents which threw light upon the characters of Washington Wayne Greene and Knox while the faces and voices of such foreign patriots as Pulaski and the Marquis de Lafayette were familiar to her as household words **Heroines of the American Revolution** Diane Silcox-Jarrett, 1998

Historians and genealogists have mostly overlooked the role of women in the American Revolution even though women s roles in working their farms raising their children and generally supporting the morale of the Patriot side were of great importance The suffering of the men at Valley Forge on the British prison ships and during long marches is well documented however women also faced daily pain and hardship Many times they watched their homes burn were threatened with

physical harm or had to bury their loved ones Women also faced dangers working as spies nursing boycotting British goods publishing writings in support of the American cause and when necessary defending their homes against attacks from the British or their allies The purpose of this book by Jack Crowder is to highlight roughly 90 women who went beyond the norm in supporting America s struggle for Independence In a series of vignettes some of them illustrated and all of them documented the author recounts the heroism of the women who rendered service in the various theatres of the conflict While some of these heroines such as Molly Pitcher or Anna Strong member of General Washington s spy ring are already the stuff of legend most researchers thanks to Mr Crowder will be making the acquaintance of these women patriots for the first time Provided by publisher **Women of the American Revolution** Jim Pearson,1991 The roles of eighteenth century women at teh time of the Americna Revolution *The Women of the American Revolution* Elizabeth F.
