The Human Eros Thomas M. Alexander,2013-07-01 In these philosophical essays a leading John Dewey scholar presents a new conceptual framework for exploring human experience as it relates to nature The

Human Eros explores themes in classical American philosophy primarily the thought of John Dewey but also that of Ralph Waldo Emerson George Santayana and Native American traditions Using these works as a critical base Thomas M Alexander suggests that human beings have an inherent need to experience meaning and value what he calls a Human Eros Our various cultures are symbolic environments or spiritual ecologies within which the Human Eros seeks to thrive This is how we inhabit the earth Encircling and sustaining our cultural existence is nature yet Western philosophy has not provided adequate conceptual models for thinking ecologically Alexander introduces the idea of eco ontology to explore ways in which this might be done beginning with the primacy of Nature over Being but also including the recognition of possibility and potentiality as inherent aspects of existence He argues for the centrality of Dewey s thought to an effective ecological philosophy Both pragmatism and naturalism he shows need to be contextualized within an emergentist relational nonreductive view of nature and an aesthetic imaginative nonreductive view of intelligence
