book whose subject is the music sounds and silences of Antarctica From 2011 until 2014 Australia marked its long standing connection with Antarctica by celebrating the centenary of the Australasian Antarctic Expedition The icy continent with its extremes of climate and environment and unique soundscapes offers great potential for creative achievements in the world of music and sound This book demonstrates the intellectual and creative engagement of artists musicians scientists and writers Consciousness of sounds in particular musical ones has not been at the forefront of our aims in polar endeavours but listening to and appreciating them has been as important there as elsewhere **Oceans** James Fargo Balliett, 2014-12-18

Covering 71 percent of the planet these saline bodies of water provided the unique conditions necessary for the building blocks of life to form billions of years ago This book explains how our oceans continue to support and influence life in important ways by providing the largest global source of protein in the form of fish populations by creating and influencing weather systems and by absorbing waste streams such as airborne carbon It is shown how oceans have an almost magnetic draw almost half of the world's population lives within a few hours of an ocean Although oceans are vast in size exceeding 328 million cubic miles 1 37 billion cubic kilometers they have been influenced by and have influenced humans in numerous ways The book includes three detailed case studies The first focuses on the most remote locations along the Mid Atlantic Ridge where new ocean floor is being formed twenty thousand feet underwater The second considers the Maldives a string of islands in the Indian Ocean where increasing sea levels may force residents to abandon some communities by 2020 The third describes the North Sea at the edge of the Arctic Ocean where fishing stocks have been dangerously depleted as a result of multiple nations unrelenting removal of the smallest and largest species *Ice* Karal Ann Marling, 2008 From frozen wastelands to visionary explorers from frosty desserts to shimmering castles cultural historian Karal Ann Marling weaves together fantastic and fascinating topics related to hard cold water Commerce, Justice, Science, and Related Agencies Appropriations for Fiscal Year 2007 United States. impenetrability For centuries Antarctica has captured the imagination of our greatest scientists and explorers lingering in the spirit long after their return Shackleton called it the last great journey for Apsley Cherry Garrard it was the worst journey in the world This is a book about the call of the wild and the response of the spirit to a country that exists perhaps most vividly in the mind Sara Wheeler spent seven months in Antarctica living with its scientists and dreamers No book is more true to the spirit of that continent beguiling enchanted and vast beyond the furthest reaches of our imagination Chosen by Beryl Bainbridge and John Major as one of the best books of the year recommended by the editors of Entertainment Weekly and the Chicago Tribune one of the Seattle Times s top ten travel books of the year Terra Incognita is a classic of polar literature

Southern Imagining Elleke Boehmer, 2025-12-30 A new compass for global reading looking at the world from the far southern latitudes A northern viewpoint is most often the default while the south the far southern latitudes occupied by Australia New Zealand Argentina and southern Africa among others seems far away and ignorable In Southern Imagining Elleke Boehmer offers an alternative perspective using literary scientific and cultural material to explore how we look at the world from the south Reading she argues is a transformative means of reversing our usual planetary orientation and rearranging our perceptual geography Boehmer examines writing from across southern continents and islands considering how we imaginatively inhabit the farthest reaches of our planet Creators ranging from the Portuguese epic poet Lu s de Cam es to Samuel Taylor Coleridge Charles Darwin Katherine Mansfield Jorge Luis Borges and ancient Indigenous storytellers capture the edgy and austere experiences of the far south For Boehmer imaginative work stimulates and shapes our phenomenological understanding Southerners often see themselves as far away from where things count as outsiders internalising the wider global sense of their relative insignificance Conversely when northerners read or hear legends narratives songs and poems from the south it is as if they are located in the south at least for the duration of the reading or listening Boehmer suggests that the south tilted world map re centred through song and story invites us to claim a more involved sense of belonging to our planet both its north and its south The writers of the south disrupt conventional ways of seeing and invite us to inhabit our globe differently Stanford ,2006 *The Marvellous Wonders of the Polar World...*
