Worker In The Cane A Puerto Rican Life History:

Worker in the Cane Sidney Wilfred Mintz, 1974 *Worker in the Cane* is both a profound social document and a moving spiritual testimony Don Taso portrays his harsh childhood his courtship and early marriage his grim struggle to provide for his family He tells of his radical political beliefs and union activity during the Depression and describes his hardships when he was blacklisted because of his outspoken convictions Embittered by his continuing poverty and by a serious illness he undergoes a dramatic cure and becomes converted to a Protestant revivalist sect In the concluding chapters the author interprets Don Taso's experience in the light of the changing patterns of life in rural Puerto Rico This is the absorbing story of Don Taso a Puerto Rican sugar cane worker and of his family and the village in which he lives Told largely in his own words it is a vivid account of the drastic changes taking place in Puerto Rico as he sees them

The Work of Repair Thomas Cousins, 2023-06-06 In the timber plantations in northeastern South Africa laborers work long hours among tall swaying lines of eucalypts on land once theirs In 2008 at the height of the HIV AIDS crisis timber corporations distributed hot cooked meals as a nutrition intervention to bolster falling productivity and profits But life and sustenance are about much more than calories and machinic bodies What is at stake is the nurturing of capacity across all domains of life physical relational cosmological in the form of amandla An Nguni word meaning power strength or capacity amandla organizes ordinary concerns with one's abilities to earn a wage to strengthen one's body and to take care of others it describes the potency of medicines and sexual vitality and it captures a history of anti colonial and anti apartheid struggle for freedom The ordinary actions coordinated by and directed at amandla do not obscure the wounding effects of plantation labor or the long history of racial oppression but rather form the basis of what the Algerian artist Kader Attia calls repair In this captivating ethnography Cousins examines how amandla as the primary material of the work of repair anchors ordinary scenes of living and working in and around the plantations As a space of exploitation that enables the global paper and packaging industry to extract labor power the

plantation depends on the availability of creative action in ordinary life to capitalize on bodily capacity The Work of Repair is a fine grained exploration of the relationships between laborers in the timber plantations of KwaZulu Natal and the historical decompositions and reinventions of the milieu of those livelihoods and lives Offering a fresh approach to the existential ethical and political stakes of ethnography from and of late liberal South Africa the book attends to urgent questions of postapartheid life the fate of employment the role of the state in providing welfare and access to treatment the regulation of popular curatives the queering of kinship and the future of custom and its territories Through detailed descriptions Cousins explicates the important and fragile techniques that constitute the work of repair the effort to augment one's capacity in a way that draws on acknowledges and reimagines the wounds of history keeping open the possibility of a future through and with others

Black Labor, White Sugar Philip A. Howard, 2015-06-15 Early in the twentieth century the Cuban sugarcane industry faced a labor crisis when Cuban and European workers balked at the inhumane conditions they endured in the cane fields Rather than reforming their practices sugar companies gained permission from the Cuban government to import thousands of black workers from other Caribbean colonies primarily Haiti and Jamaica Black Labor White Sugar illuminates the story of these immigrants their exploitation by the sugarcane companies and the strategies they used to fight back Philip A Howard traces the socioeconomic and political circumstances in Haiti and Jamaica that led men to leave their homelands to cut load and haul sugarcane in Cuba Once there the field workers or braceros were subject to marginalization and even violence from the sugar companies which used structures of race ethnicity color and class to subjugate these laborers Howard argues that braceros drew on their cultural identities from concepts of home and family to spiritual worldviews to interpret and contest their experiences in Cuba They also fought against their exploitation in more overt ways As labor conditions worsened in response to falling sugar prices the principles of anarcho syndicalism converged with the Pan African philosophy of Marcus Garvey to foster the evolution of a protest culture among black Caribbean laborers By the mid 1920s this identity encouraged many braceros to participate in strikes that sought to improve wages as well as living and working conditions The first full length exploration of Haitian and Jamaican workers in the Cuban sugarcane industry Black Labor White Sugar examines the industry s abuse of thousands of black Caribbean immigrants and the braceros answering struggle for power and self definition

Interactive Oral History Interviewing Eva M. McMahan, Kim Lacy Rogers, 2013-10-16 The essays in this anthology represent in the broadest sense an interpretive perspective of inquiry that has flourished in oral history for the past 15 years This perspective considers oral history interviews as subjective socially constructed and emergent events that is understanding interpretation and meaning of lived
