the vital motif of the tree of life and what it meant to early modern writers who drew from its long histories in biblical classical and folkloric contexts giving rise to a language of trees an arboreal aesthetics An ancient symbol of immortality the tree of life was appropriated by Christian ideology and iconography to express ideas about Christ however the concept also migrated beyond religious doctrine Ideas circulating around the tree of life enabled writers to imagine and articulate ideas of death and rebirth loss and regeneration the condition of the political state and personal states of the soul through arboreal metaphors and imagery The motif could be used to sacralise landscapes such as the garden orchard or country estate blurring the lines between contemporary green spaces and the spiritual and poetic imaginary Located within the field of environmental humanities and intersecting with ecocriticism and critical plant studies this volume outlines a comprehensive history of the tree of life and offers interdisciplinary readings of focus texts by Shakespeare George Herbert Henry Vaughan Aemilia Lanyer Andrew Marvell and Ralph Austen It includes consideration of related ideas and motifs such as the tree of Jesse and the Green Man illuminating the rich histories and meanings that emerge when an understanding of the tree of life and arboreal aesthetics are brought to the analysis of early modern literary texts and their representations of green spaces both physical and metaphysical

Reformation Spirituality Gene E. Veith, 2013-01-16 George Herbert in his poetic skill and the depth of the spiritual experiences he explores may be the greatest of all religious poets This is a study of the specific religious experiences and beliefs that Herbert writes about both in his poetry and in his prose As such it also examines the spiritual landscape of seventeenth century England a period for all of its controversies still dominated by the understanding of God and the human condition articulated by Martin Luther and systematized by John Calvin Reformation spirituality which was different both from medieval Catholicism and late Protestantism is itself little understood by literary historians who have tended to look to medieval or Counter Reformation ideas and practices or to a simplistic distinction between Anglicans and Puritans as ways of understanding the religion of the time This study presents Reformation spirituality phenomenologically from the inside Just as Reformation spirituality reflects Herbert's poetry Herbert's poetry illuminates Reformation spirituality showing the experiential and mystical dimensions of an important religious tradition

Peterson, Jim Lyster, John Sharon, Peter Santucci, 1997-06-27 In *Subversive Spirituality* Peterson has gathered together a host of writings penned over the past twenty five years that reflect on the overlooked facets of the spiritual life Comprising occasional pieces short biblical studies poetry pastoral readings and interviews this work captures the epiphanies of life with the pleasing pastoral style and inspiring depth of insight for which Peterson is well known Peterson describes his book this way This gathering of articles and essays poems and conversations is a kind of kitchen midden of my noticings of the obvious in the course of living out the Christian life in the vocational context of pastor writer and professor The randomness and repetitions and false starts are rough edges that I am leaving as is in the interests of honesty Spirituality is not by and large smooth I do hope however that these pieces will be found to be freshly phrased
