Working Through The Crisis A Godly Perspective On Divorce And Singleness:

Working Through the Crisis Jeffrey Paul Brown, 2012-03-23 I never thought I'd get divorced but I did. Most of us don't plan for this life-changing event so we often ask: What do I do now? How do I let go? What about the wasted years? How do I live as a single person? If you've ever asked these questions, this book is for you. This book will bring a direct but compassionate voice to the hardest experience in your life. I know it will help you lift your head up and work through your crisis like it has for thousands of others.

A Single Woman's Concerns and Struggles Dr. Bernadine C. Johnson, 2023-11-17 A Single Woman's Concerns and Struggles: Reversing the Perception of Exclusion in the Church in the Twenty-First Century and Beyond speaks to the many single, separated, single-parent, divorced, and widowed women who have and are experiencing concerns and struggles that may lead to perceptions of exclusion in the church and community. Each church holds various amounts of information from many sources that may assist single women in reversing the perception of exclusion, but making the best use of these sources and resources can make a big difference in the life of a single woman. Dr. Johnson provides insights into the core concerns, struggles, and perceptions of exclusion and provides a mentoring guide in encouraging inclusion in the local church and community in the twenty-first century and beyond.

The Multigenerational Church Crisis Bryan Chapell, 2025-05-06 Harness the strengths of every generation to create a church that endures: open the lines of communication, appreciate the experiences that shaped each generation in your church, unite in one mission to impact your community and the world. It may seem hard for younger Christians to believe that people over 50 were raised during an era when 90 percent of Americans identified as Christian. These older believers were once part of a majority group that understood the mission of the church was to take control of our culture to halt its evils. At the same time, Christians under 50 have lived their entire lives perceiving themselves as a minority that needs to make credible their faith to a secular, pluralistic culture. These distinct experiences and perceptions have a profound impact on the priorities different generations have for church ministry. It's no wonder that younger and older believers don't always see eye to eye. But imagine what could be accomplished in the name of Christ if we could better understand each other and turn that understanding into shared purpose and aligned priorities. Backed by thorough research, this eminently practical and hopeful book from pastor and scholar Bryan Chapell shows you how to open the lines of communication, appreciate the experiences that shaped each generation in your church, and unite in one mission to impact your community and the world.

Singles at the Crossroads Albert Y. Hsu, 1997-10-27 Albert Y. Hsu provides a balanced biblical understanding of Christian singleness that debunks the myth of the gift of singleness and honors singleness as a status equal to marriage. Includes an interview with John Stott.

Sex and the Single Savior Dale B. Martin, 2006-01-01 Probing into numerous questions about gender and sexuality, Dale Martin delves into the biblical texts anew and unearths surprising findings. Avoiding preconceptions about ancient sexuality, he explores the ethics of desire and marriage and pays careful attention to the original meanings of words, especially those

used as evidence of Paul's opposition to homosexuality. For example, after a remarkably faithful reading of the scriptural texts, Martin concludes that our contemporary obsession with marriage and the whole search for the right sexual relationships is antithetical to the message of the gospel. In all of these essays, however, Martin argues for engaging Scripture in a way that goes beyond the standard historical critical questions and the assumptions of textual agency in order to find a faith that has no foundations other than Jesus Christ.

Caring for God's People Philip Culbertson, 2000-01-01 Culbertson has built his text around the ideal of Christian wholeness and maturity: a healthy interconnectedness of self within community. Culbertson presents three schools of counseling theory: family systems theory, narrative counseling theory, and object relations theory. Each of these is explained and then applied to various counseling situations: pre-marital counseling, marriage counseling, divorce counseling, counseling gay men and women, and grief counseling. Culbertson addresses issues of gender, families, sexual orientation, the relationship of emotions to spirituality, and the relevance of the counselor's own self-understanding. From publisher's description.

The Covenant Divorce Recovery Leader's Handbook Wade Powers, 2008-03 This handbook's viable tools treat divorce like a death without a funeral that forces a person to come to grips with the denial, anger, and guilt that modern divorce dishes out. The work is an epiphany for many and a valuable tool in righting one's relationships with God and others. Christian.

The Metamorphoses of Kinship Maurice Godelier, 2012-03-03 With marriage in decline, divorce on the rise, the demise of the nuclear family, and the increase in marriages and adoptions among same-sex partners, it is clear that the structures of kinship in the modern West are in a state of flux. In *The Metamorphoses of Kinship*, the world-renowned anthropologist Maurice Godelier contextualizes these developments, surveying the accumulated experience of humanity with regard to such phenomena as the organization of lines of descent, sexuality, and sexual prohibitions. In parallel, Godelier studies the evolution of Western conjugal and familial traditions from their roots in the nineteenth century to the present. The conclusion he draws is that it is never the case that a man and a woman are sufficient on their own to raise a child, and nowhere are relations of kinship or the family the keystone of society. Godelier argues that the changes of the last thirty years do not herald the disappearance or death agony of kinship but rather its remarkable metamorphosis, one that ironically is bringing us closer to the traditional societies studied by ethnologists.

A Biblical Study of Divorce Dale Fisher,2004-08 Having been taught the strict Traditional View the author studied the Scripture and concluded that this view is lacking both biblically and in practice as are the Traditional Dissolution Divorce the Betrothal and the Consanguinity views Studying all the pertinent passages the author adopted what he calls the More Liberal Dissolution Divorce View The two testaments teach the same view on divorce and remarriage with one exception The New Testament passages of Jesus and the Apostle Paul are interpreted in harmony with Greek grammar and the meaning of words The author concluded that the divorce teaching of Scripture is addressed only to believers and that it is time to stop the hypocrisy fostered by the other views of professing a certain belief but not daring to implement that belief in practice The author knows of no study in print that reaches these important conclusions
