The Routledge Companion to Accounting in China Haiyan Zhou, 2018-10-10 There is increasing interest in accounting issues in China Despite a relatively short history China's stock market is the world's second largest This growth has been accompanied by

increasing demand for accounting information alongside reforms of accounting and auditing rules as international investors have paid increasing attention to investment opportunities in this dynamic and energetic country with a large population and economic growth potentials Despite this at present there are few books which offer students academics and practitioners a comprehensive guide to current accounting issues in China The Routledge Companion to Accounting in China fills this important gap in the literature The volume is organized in six thematic sections which cover capital market and corporate finance financial accounting managerial accounting auditing taxation and internal controls The structure is intended to reflect the increasing diversity of contemporary accounting issues in China including a balanced overview of current knowledge identifying issues and discussing relevant debates This book is a prestigious reference work which offers students academics and practitioners an introduction to current accounting issues in the emerging market of China **Catalog of Copyright Entries, Fourth Series** Library of Congress.
