Worship in the New Testament divine Mystery, *The Air I Breathe* Louie Giglio, 2009-01-21 Let Every Breath You Take Be an Act of Worship Worship is more than singing on Sunday morning While that's part of it worship is the essence of what makes us truly human God sparked this desire within our hearts from the day He first breathed life into Adam and Eve Since then every single human who has walked this planet has participated in this God-given ability and divine quest While many have squandered their gift there are those who find the wonder-filled life of communion with God no matter the time or place True freedom comes when worship flows through us as naturally as the air we breathe when the words and actions in our lives resonate with our Creator so deeply that every inhalation is full of meaning When we understand the holiness of the God who knows the stars by name and His overwhelming love for each one of us how can we offer anything less In *The Air I Breathe* Louie Giglio explains in passionate prose what it means to truly live a life of worship offering insight and guidance for finding our personal path towards connecting with the God of the Universe The ABCs of Worship, 1992-01-01 Offers explanations and brief discussions of Lent ecumenism Maundy Thursday Pentecost Christian symbolism baptism and prayer

Political Worship Bernd Wannenwetsch, 2009-06-18 How does Christian ethics begin This pioneering study explores the grammar of the Christian life as it is embodied and learned in worship as the formative experience of the fellow citizens of God's people The book presents the first in-depth theological investigation of the phenomenon of political worship by

exposing the political nature of worship and the worship dimension of politics In a careful analysis of biblical and traditional conceptions of worship Wannenwetsch demonstrates how the genuine political character of worship neutralizes attempts to politicize or de politicize it In the imprinting of the experience of divine reconciliation on the Christian body worship challenges the deepest antagonisms of political theory and practice antagonisms of private and public freedom and necessity and action and contemplation At the same time the spill over of worship into every sphere of life instils a healthy suspicion of post liberal conceptualizations of role mobility In the experience of hearing in communion an encounter with a word that does not deceive announces the end of the rule of the hermeneutics of suspicion Further questions discussed include the conditions of true consensus forgiveness as a political virtue political rhetoric between accountability and self justification how reversible role taking can avoid losing the otherness of the other and how the rhetoric of responsibility can be saved from hubris or depression Particular practices or dimensions of worship confession preaching praising intercession observance of holy days are examined and their heuristic and formative potentials explored in relation to these topics A special feature of the study is a strong ecumenical and international focus The book brings into conversation a variety of traditions including Lutheran Catholic Anglican and Orthodox and contemporary voices An original contribution to Christian ethics the book addresses systematic and practical theology as well as political theory while indicating the essential interpenetration of these disciplines
