Roald Amundsen's Norwegian Expedition the party suffered a final tragedy the loss of Scott and his companions to the Antarctic cold on their return journey to base camp The Worst Journey in the World is an autobiographical account of one of the survivors of the expedition Apsley Cherry Garrard It's a unique combination of fascinating scientific documentary adventure novel and with the inclusion of Scott's final journal entries horror story Journey is peppered throughout with journal entries illustrations and pictures from Cherry Garrard's companions making it a fascinating window into the majesty and danger of the Antarctic This book is part of the Standard Ebooks project which produces free public domain ebooks

Robert Falcon Scott's ill-fated expedition to the South Pole. Apsley Cherry-Garrard, the youngest member of Scott's team and one of three men to make and survive the notorious Winter Journey, draws on his firsthand experiences as well as the diaries of his compatriots to create a stirring and detailed account of Scott's legendary expedition. Cherry himself would be among the search party that discovered the corpses of Scott and his men who had long since perished from starvation and brutal cold. It is through Cherry's insightful narrative and keen descriptions that Scott and the other members of the expedition are fully memorialized.

The Worst Journey in the World Apsley George Benet Cherry-Garrard, 1930 *The Worst Journey in the World, Antarctica 1910-1913. Complete, Unabridged and Illustrated. Volumes 1 And 2* Apsley Cherry-Garrard, 2011-04-22

Cherry-Garrard's *The Worst Journey in the World* is a gripping account of Scott's expedition gone disastrously wrong. This is the original print complete with original Panoramas, Maps and Illustrations. There is also now a free app. The QR code in this book opens an app with stunning photos, links to reference books and a full video documentary. The app also opens a LIVE CAM at the south pole. Herbert Ponting's award-winning re-enactment is also embedded in the app. It is simple to use the QR scanner on your phone which is available free at any app store. Just point your phone or tablet at the code and it opens like magic. This is not the cheaper, smaller budget edition. Cherry-Garrard was the youngest member of Scott's team; the author was later part of the rescue party that eventually found the frozen bodies of Scott and three men who had accompanied Scott on the final push to the Pole. Cherry-Garrard's account is filled with details of scientific discovery and anecdotes of human resilience in a harsh environment. Each participant in the Scott expedition is brought fully to life. Cherry-Garrard's recollections are supported by diary excerpts and accounts from other teammates. Apsley Cherry-Garrard was only 24 when he set out on Scott's ill-fated Terra Nova expedition. He was the youngest member of the group and, for my money, the best qualified for the later task of writing the complete story. Why *The Worst Journey in the World* is an awe-inspiring adventure told in such a way that you feel the young man's wide-eyed wonder as your own. Very few novels have gripped and excited me as this book has, and far fewer non-fiction works. Cherry, as his friends called him, writes with a vigour and attention to detail and drama usually reserved for thrillers. The blizzards, storms at sea, killer whale attacks, sub-zero temperatures and exhausting struggles with sled dogs, ponies and yawning crevasses are vividly depicted. By the end of the book, you almost feel as though you've been on the journey with him. The phenomenon is something I encounter very seldom in a book. This book actually managed to make me cold. *The Worst Journey in the World* is not solely devoted to the adventure and the final tragedy of finding Scott and his men frozen to death. Cherry takes time out to comment on the scientific significance of their work in Antarctica, of the need for exploration regardless of immediate results, and in conclusion, of why Scott's return from the Pole ended so bitterly. These sections of the work put the adventure into perspective so that not only do you experience the good and bad times with the expedition, you learn what ideals drove them and what was at stake with every piece of bad luck. Cherry-Garrard was the only survivor of Scott's last journey to the South

Pole and was a member of the search party that later discovered the remains of Scott and his comrades *The Worst Journey in the World Antarctic 1910-1913* Cherrygarrard Apsley,2016-06-23 Unlike some other reproductions of classic texts

The Worst Journey in the World Apsley CHERRY-GARRARD,2017-09-16 The Worst Journey in the World is a memoir of the 1910 1913 British Antarctic Expedition led by Robert Falcon Scott It was written and published in 1922 by a member of the expedition Apsley Cherry Garrard and has earned wide praise for its frank treatment of the difficulties of the expedition the causes of its disastrous outcome and the meaning if any of human suffering under extreme conditions Preparations and the Worst Journey In 1910 Cherry Garrard and his fellow explorers travelled by sailing vessel the Terra Nova from Cardiff to McMurdo Sound Antarctica Cherry was teased at first by some of the other members of this expedition because of his lack of Antarctic experience his lack of specialised credentials for the position of assistant zoologist to which he had been named and persistent suspicions among some of his comrades that he had in fact bought his way on board by contributing 1 000 to the expedition s troubled funds Cherry Garrard responded to these taunts with modesty a self sacrificial ability to work hard and acute observational skills He was also according to novelist biographer and socialite Nancy Mitford the only intellectual amongst the crew These traits were to serve him well when it came time for him to write down his memories of the expedition They also caught the eye of the expedition s second in command Dr Edward Bill Wilson who adopted Cherry Garrard as a protégé Dr Wilson s personal goal in Antarctica was to recover eggs of the Emperor penguin for scientific study It was thought at the time that the flightless and primitive penguin might shed light on an evolutionary link between reptiles and birds through its embryo As the bird nests during the Antarctic winter it was necessary to mount a special expedition in July 1911 from the expedition s base at Cape Evans to the penguins rookery at Cape Crozier Wilson chose Cherry Garrard to accompany him and Birdie Bowers across the Ross Ice Shelf under conditions of complete darkness and temperatures of 40 C and below All three men barely alive returned from Cape Crozier with their egg specimens which were stored It was this Winter Journey not the later expedition to the South Pole that Cherry Garrard later described as The Worst Journey in the World Later the tragedy and the book The expedition then swung into preparations for a march from Cape Evans to the as yet unreachable South Pole This march was to be done during the Antarctic summer in 1911 1912 Scott s strategy called for a large team of men ponies motor sledges and dogs to start out southward from their base hauling food and fuel on sledges As the team progressed southward the leader would successively send support groups back home leaving a small Pole party of the fittest men to make the final advance to the South Pole Cherry Garrard accompanied the initial team across the Ross Ice Shelf and up the Beardmore Glacier that discharges ice from the Antarctic Plateau down onto the shelf At the edge of the

polar plateau Scott told him that he would have to return northward The men not chosen to go on to the Pole all returned to the base camp at Cape Evans Some returned by ship to Britain while others stayed in the Antarctic and prepared to meet Scott and his four companions on the return journey But for a variety of reasons partly described in *The Worst Journey in the World* the rendez vous failed Cherry had been given the task of using the dog teams to meet Scott's party and assist them home but in fact Cherry Garrard did not penetrate beyond One Ton Depot only 11 miles distant from Scott's final location where he and his companions froze to death In 1912-1913 Cherry Garrard and other expedition members once again marched southward this time to try to find traces of their lost comrades
