Born Into Fire Mick Haines, 2010-08-11 The book is an autobiography of my life and covers it all from day one with my unexpected and untimely arrival to my finish now and all that went on between in my days before school my days at school my time in the British Army and the time in the Kent Fire and Rescue Service and the Hereford and Worcester Fire and Rescue Service I have put into the book things that I think people will find amusing and also interesting and informative and lastly of all the things that I think could make people cry The book is not entirely about things that happened to me during my time while in the Fire Service I have also taken part in other events that have gone on outside the working environment and having kept a diary during these events which has enabled me to write an accurate and hopefully amusing account of these times Obviously I have not tried to be amusing or funny when someone has been injured or killed as I think this would not be right or proper I hope you enjoy reading my book as much as I did when writing it
