US Narratives of Nuclear Terrorism Since 9/11 David Seed,2019-04-06 This study examines the US fiction and related films which makes a series of interventions in the cultural debate over the threat of nuclear terrorism It traces the beginnings of this anxiety from the 1970s which increased during the 1990s after the collapse of the Soviet Union The traumatic events of 9 11 became a major reference point for this fiction which expressed the fear that of a second and worse 9 11 The study examines narratives of conspiracies which are detected and forestalled and of others which lead to the worst of all outcomes nuclear detonations sometimes delivered by suitcase nukes In some of these narratives the very fate of the nation hangs in the balance in the face of nuclear apocalypse The discussion considers cases of attacks by electromagnetic pulse EMP cyberterrorism and even bioterrorism Some of the authors examined are present or former politicians members of the CIA and former president Bill Clinton *Biemer V. volume editor R Eli Paul places Scott s autobiography in a larger historical context According to Paul Scott stood apart from his fellow officers because of his enlightened views and forward looking actions Through Scott s own words we learn how he became an expert in Plains Indian Sign Language so that he could communicate directly with Indians and bypass intermediaries Possessing deep empathy for the plight of Native peoples and concern for the wrongs they had suffered he played an important role in helping them achieve small yet significant victories in the aftermath of the brutal Indian wars As historians continue to debate the details of the Indian wars and as we critically examine our nation s current foreign policy the unique legacy of General Scott provides a model of military leadership Sign Talker restores an undervalued diplomat to well deserved prominence in the story of U S Indian relations      **Big Skies & Bygone Days** Shane Dunning,2024-10-30 Welcome to Powder River Country where the rivers run north and the history never runs dry Here collected in one volume are thirty five vignettes of Montana and Wyoming history Award winning author Shane Dunning relates the stories your grandparents whispered among themselves Learn the powerful influence of the cattle barons experience the fighting spirit of Native Americans and feel the rugged example of homesteader families From the Big Horns to the Black Hills this collection tells the unvarnished truth      **Cyclopedia of Painters and Paintings** John Denison Champlin,1887      **Cyclopedia of painters and paintings, ed. by J.D.
