The Works of John Ruskin ...: The stones of Venice 4th ed. 1886 John Ruskin, 1886 **Prostitution in the Works of Ödön Von Horváth** Belinda Horton Carstens, 1982 **The International Cyclopaedia** , 1900 *The International Cyclopædia* , 1895 *The American Catalog* , 1881 **Queer Voices in the Works of Richard von Krafft-Ebing, 1883-1901** Douglas Pretsell, 2023-01-01 This book is a critical edition of the autobiographical case studies used by the Austro German psychiatrist Richard von Krafft Ebing between 1883 and 1901 Forty one individual case studies of same sex attracted men and women in their own words made an eye catching component of Krafft Ebing s most important work *Psychopathia Sexualis* Although the psychiatrist probably edited the autobiographical case studies with the racier passages rendered in rather rudimentary Latin what is particularly remarkable is that he preserved an unmistakeable queer discourse in some of the case studies that disputed the pathologising ideologies of the psychiatric texts in which they were embedded Most of the autobiographies of same sex attracted men follow the discursive patterns established in nineteenth century psychiatry in providing descriptions of body features including genital size and shape mental and physical health family histories of health and disease and accounts of life events from childhood to the present This was because these men had been following Krafft Ebing s works and were now using their autobiographical contributions in *Psychopathia Sexualis* as a platform for negotiating the parameters of sexual orientation Women s sexuality was a relatively undeveloped component of Krafft Ebing s sexology but there are four case studies of women containing autobiographical content Similarly gender variance was hardly differentiated from sexuality at this period but there are three autobiographies that clearly articulate cross gender identification anticipating the future categories of transsexual and transgender Krafft Ebing reserved his therapeutic interventions to those individuals attracted to both sexes where hypnosis could suppress same sex urges Seven of these individuals supplied sexual autobiographies with two of them undergoing treatment as part of the overall case study Together these forty one accounts give the reader a window into queer self conceptions in Austria and Germany as the nineteenth century drew to a close *Prostitution, Considered in Its Moral, Social and Sanitary Aspects, in London and Other Large Cities and Garrison Towns*, 2. Ed William Acton, 1870 *The International Cyclopedica* Harry Thurston Peck, 1898 **The Lancet London** , 1870 **The American Catalogue** , 1881 American national trade bibliography **The Americana** , 1923 **Prostitution Considered in Its Moral, Social, and Sanitary Aspects, in London and Other Large Cities and Garrison Towns** William Acton, 1870 **The history of prostitution: its extent, causes and**

effects throughout the world William W. Sanger, 1858 Harlot or Holy Woman? Phyllis A. Bird, 2020-01-16 Harlot or Holy Woman presents an exhaustive study of qede ah a Hebrew word meaning consecrated woman but rendered prostitute or sacred prostitute in Bible translations Reexamining biblical and extrabiblical texts Phyllis A Bird questions how qede ah came to be associated with prostitution and offers an alternative explanation of the term one that suggests a wider participation for women as religious specialists in Israel's early cultic practice Bird's study reviews all the texts from classical antiquity cited as sources for an institution of sacred prostitution alongside a comprehensive analysis of the cuneiform texts from Mesopotamia containing the cognate qadi tu and Ugaritic texts containing the masculine cognate qd Through these texts Bird presents a portrait of women dedicated to a deity engaged in a variety of activities from cultic ritual to wet nursing and sharing a common generic name with the qede ah of ancient Israel In the final chapter she returns to biblical texts reexamining them in light of the new evidence from the ancient Near East Considering alternative models for constructing women's religious roles in ancient Israel this wholly original study offers new interpretations of key texts and raises questions about the nature of Israelite religion as practiced outside the royal cult and central sanctuary *Prostitution Considered in Relation to Its Cause and Cure* James Miller, 1859 **History of Prostitution** William W. Sanger, 1858

The Medical Times and Gazette, 1870 **The sexual life of our time: a complete encyclopaedia of the sexual** Iwan Bloch, 1937 **Catalogue** Boston Mass, Mass. state libr, 1880
