The Zen Of Oz Ten Spiritual Lessons From Over The Rainbow:

The Zen of Oz Joey Green,1998-11-15 Does The Wizard of Oz touch a spiritual chord in each one of us because it has a certain Zen to it Glinda the Good Witch of the North is clearly a Zen Master She sets Dorothy on the Yellow Brick Road to spiritual enlightenment When Dorothy the Scarecrow the Tin Man and the Cowardly Lion let go of their conscious yearning and free their minds to function spontaneously and inharmony with the cosmos brains heart and courage flow easily and effortlessly Ultimately Dorothy attains satori the Zen experience of awakening She finds her true Self her higher consciousness her ultimate Oneness with the cosmos and her home *The Heart of Healing* Regina Rosenthal,2013-02 The Heart of Healing is the perfect book for those seeking to deepen their understanding of healing Health care professionals and the chronically ill know that this is a life long journey of growth and development Page 4 of cover **Sacred Matters** Associate Professor of American Religious History and Culture Gary Laderman,Gary Laderman,2011-02 Widely praised in hardcover as a fascinating and important addition to religious and cultural studies Sacred Matters reveals the remarkable ways that religious practices permeate American cultural life In a country where references to God are as normal as proclaiming love of country support for the military or security for the nation s children religion scholar Gary Laderman casts his eye over our deeply hidden spiritual landscape questioning whether our conventional views even begin to capture the rich and strange diversity of religious life in America A compelling read Sacred Matters shows that genuinely religious practices and experiences can be found in the unlikeliest of places in science laboratories and movie theaters at the Super Bowl and Star Trek conventions and in Americans obsession with prescription drugs and pornography When devoted fans make a pilgrimage to Graceland because of their love for Elvis Laderman argues their behavior doesn t just seem religious it is religious enacting a well known ritual pattern toward saints in the history of Christianity In a dramatic reframing of what is holy and secular Sacred Matters makes a powerful and illuminating case that religion is everywhere and that we have barely begun to reckon with its hold on our cultural life **An Uphill Struggle** Barbara Mulloy-Robbins,2012-05-31 Managing Dual Diagnosis in the Family A Mother s Story An Uphill Struggle is an insightful and heart warming blend of memoir and research as a mother sifts through past attempting to understand the devastating connection between ADD and Chemical Addiction Dual Diagnosis as it played out in life and death of her two sons It speaks from the heart of their struggles with the undiagnosed and untreatable disorder of ADD and their attempts to self medicate to normalize their turbulent minds With great honesty and sensitivity An Uphill Struggle reaches out to parents locked in a tangle of circumstances that seems at times beyond their control and understanding *When I Look to the Sky* Sally Peters Roll,2016-10-25 Our sorrows and wounds are healed only when we touch them with compassion Buddha The loss of a loved one is one of the most difficult things a person can endure and it is all too easy to lose sight of ourselves in the experience of grief Yet it is in these times of trouble when comfort is most needed that it seems hardest to find When I Look to the Sky is a collection of thoughts prayers

and poems carefully selected to provide those who grieve with much needed strength and support in their darkest moments Serving as a source of both emotional support and personal guidance When I Look to the Sky helps put things in perspective allowing each of us to come to terms with loss in our own way and in our own time When I Look to the Sky mixes hope with introspection sorrow with beauty and loss with love Its timeless quotes and captivating verses belong in the hands of anyone who looks to the sky for answers

Easternization of the West Colin Campbell, 2015-11-17 In this provocative and groundbreaking book Colin Campbell shows that the civilization of the West is undergoing a revolutionary process of change one in which features that have characterized the West for two thousand years are in the process of being marginalized to be replaced by those more often associated with the civilizations of the East Moving far beyond popular trends Campbell assembles a powerful range of evidence to show how Easternization has been building throughout the last century especially since the 1960s Campbell demonstrates how it was largely in the 1960s that new interpretations in theology political thought and science were widely adopted by a new generation of young culture carriers This highly original and wide ranging book advances a thesis that will be of interest to scholars in many disciplines in the humanities and social sciences

Popular Culture in Counseling, Psychotherapy, and Play-Based Interventions Lawrence C. Rubin, 2008-05-12 With a Foreword by Danny Fingeroth former Group Editor of Marvel's Spider Man comics line Popular culture simply stated is the language of a people expressed through everything from its clothing food choices and religious practices to its media The popular and predominant values interests and needs of a society find their way into mass consciousness through a variety of venues including literature cinema television video games sport and music Through the inter related forces of mass production global marketing and the Internet the fruits of popular culture penetrate into stores living rooms and everyday experience of children teens and adults in the form of catchphrases toys iconography celebrities and indelible images Psychotherapists and counselors who can tap into the powerful images messages and icons of popular culture have at their disposal an unlimited universe of resources for growth change and healing Using real world case examples and sound psychological theory this book demonstrates how you can immediately start incorporating popular culture icons and images into your counseling or therapy In this way the authors will help elevate your ability to conduct clinical interviews with clients of all ages and all types of clinical problems
