Theft Of An Idol Paperback 1997 By Paul R Brass:

Hate Spin Cherian George, 2016-09-23 How right wing political entrepreneurs around the world use religious offense both given and taken to mobilize supporters and marginalize opponents In the United States elements of the religious right fuel fears of an existential Islamic threat spreading anti Muslim rhetoric into mainstream politics In Indonesia Muslim absolutists urge suppression of churches and minority sects fostering a climate of rising intolerance In India Narendra Modi's radical supporters instigate communal riots and academic censorship in pursuit of their Hindu nationalist vision Outbreaks of religious intolerance are usually assumed to be visceral and spontaneous But in *Hate Spin* Cherian George shows that they often involve sophisticated campaigns manufactured by political opportunists to mobilize supporters and marginalize opponents Right wing networks orchestrate the giving of offense and the taking of offense as instruments of identity politics exploiting democratic space to promote agendas that undermine democratic values George calls this strategy hate spin a double sided technique that combines hate speech incitement through vilification with manufactured offense taking the performing of righteous indignation It is deployed in societies as diverse as Buddhist Myanmar and Orthodox Christian Russia George looks at the world's three largest democracies where intolerant groups within India's Hindu right America's Christian right and Indonesia's Muslim right are all accomplished users of hate spin He also shows how the Internet and Google have opened up new opportunities for cross border hate spin George argues that governments must protect vulnerable communities by prohibiting calls to action that lead directly to discrimination and violence But laws that try to protect believers' feelings against all provocative expression invariably backfire They arm hate spin agents' offense taking campaigns with legal ammunition Anti discrimination laws and a commitment to religious equality will protect communities more meaningfully than misguided attempts to insulate them from insult

Nationalist Passions Stuart J.

Kaufman, 2015-11-06 Nationalist and ethnic conflict can take many forms from genocidal violence and civil war to protest movements and peaceful squabbles in democracies *Nationalist Passions* poses a stark challenge to extreme rationalist understandings of political conflict Stuart J Kaufman elaborates a compelling theory of ethnic politics to explain why ethnic violence erupts in some contexts and how peace is maintained in others At the core of Kaufman's theory is an assertion that conflicts are initiated due to popular symbolic predispositions biases of all kinds and perceptions of threat Kaufman puts his theory to the test in a range of conflicts He examines some highly violent episodes among them the Muslim rebellion in the southern Philippines beginning in the 1970s the civil war in southern Sudan that began in the 1980s and the Rwanda genocide of 1994 Kaufman also analyzes other situations in which leaders attempted to tame the violence that nationalist passions can generate In India Mahatma Gandhi mobilized an overtly nonviolent movement but failed in his efforts to prevent the rise of Muslim Hindu communal violence In South Africa Nelson Mandela and F W de Klerk ended apartheid but not without terrible cost more than fifteen thousand people died while the negotiations were under way In Tanzania however

Julius Nyerere led one of the few ethnically diverse countries in the world with almost no ethnic violence Nationalist Passions is essential reading for policymakers international aid workers and all others who seek to find the best possible outcomes for future internal and interstate clashes

The Institutional Origins of Communal Violence Yuhki Tajima, 2014-07-28 Why are transitions from authoritarian rule often marked by spikes in communal violence Through examining Indonesia's recent transition to democracy this book develops a novel theoretical explanation for this phenomenon that also accounts for why some communities are vulnerable to violence during such transitions while others are able to maintain order Yuhki Tajima argues that repressive intervention by security forces in Indonesia during the authoritarian period rendered some communities dependent on the state to maintain intercommunal security whereas communities with a more tenuous exposure to the state developed their own informal institutions to maintain security As the coercive grip of the authoritarian regime loosened communities that were more accustomed to state intervention were more vulnerable to spikes in communal violence until they developed informal institutions that were better adapted for less state intervention To test the theory Tajima employs extensive fieldwork in and rigorous statistical evidence from Indonesia as well as cross national data

The RSS and the BJP Abdul Gafoor Abdul Majeed Noorani, 2000 The fascist Rashtriya Swayamsevak Sangh through its political arm the BJP is now at the centre of Indian politics This poses a grave danger to Indian democracy and secularism What was the role of the Hindutva forces in the struggle against the British What links did Gandhiji's killer Nathuram Godse have with the RSS How did the political arm of the RSS the Jan Sangh and its later incarnation BJP come into being What actually happened on that fateful day of Dec 6 1992 What are the current agendas of the RSS What does the elevation of the hardliner Sudarshan to the post of the Sarsanghchalak of the RSS mean Marshalling a wealth of factual and archival detail eminent lawyer and political commentator A G Noorani answers these and a host of other questions in his characteristically forthright and hard hitting style Reprinted and updated til Feb 2001

Political Tolerance in the Global South Sten Widmalm, 2016-05-05 What makes people agree to the extension of political rights to those they clearly dislike This book moves beyond the extensive research on this question in western contexts to focus on the global south offering unique empirical studies of political tolerance in plural societies where poverty is prevalent and democratic institutions can often be fragile Based on extensive data gathered in India Pakistan and Uganda this volume offers an account of the factors that shape the foundations of a society and its capacity to be democratic but where the need for the protection of human rights is great and where the state is either weak or even constitutes a counter force against the rights of individuals and groups Combining large scale survey data with in depth interviews in each national setting the author exemplifies the great variation of factors which are related to political tolerance shedding light on the fundamental patterns existing in the organisation of state society relations and the ways in which they produce certain results owing to the manner in which the forces of modernisation operate A broad and empirically informed study of what shapes the foundations of a democratic society in

modernising nations Political Tolerance in the Global South will appeal to scholars of sociology and political science with interests in democracy human rights diversity and tolerance American Book Publishing Record ,1997 *Religion in World Conflict* Jonathan Fox, Shmuel Sandler, 2014-02-04 This new book tackles two crucial questions First how does religion in its various forms and manifestations influence world politics Second how will adding religion to the discourse on international relations modify our theoretical understanding Each of these leading authors addresses different aspects of these questions in different contexts providing a diverse and multifaceted view of the topic Susanna Pearce and Tanja Ellingsen examine the religious causes of conflict on the macro level Several of the contributors focus on specific conflicts The Gaurav Ghose and Patrick James examine the Kashmir conflict from the Pakistani perspective and Carolyn James and Ozgur Ozdamar examine it from the Indian perspective Similarly Hillel Frisch examines the Palestinian Israeli conflict from the Palestinian perspective and Jonathan Rynhold examines it from the Israeli perspective Finally two of the authors examine other important issues Stuart Cohen examines the evolution of the religious view of war in the Jewish tradition and Yehudit Auerbach examines whether it can play a role in conflict resolution and reconciliation These assessments deliver fascinating conclusions This book was previously published as a Special Issue of *Terrorism and Violence*
