AMIGA A1200

Reference Card

Welcome To Theme Park™

These instructions are for use with the Amiga A1200 version of Theme Park. This reference card is for you to include Theme Park onto your hard-drive, how to create a back up copy of the game, and how to load it. There are also a number of differences between the Amiga A1200 version of Theme Park and the game as distributed in the New Business Portfolio.

Backing-up your Theme Park Disks

As the world isn't a perfect place we're unable to guarantee that your original Theme Park disks will last until the end of time, so we advise you to make a back up copy of the disks, and then the game from these. If you ever experience problems with the back up just make a double copy from the originals — it's as simple as that!

To copy your Theme Park disks:

1. Turn the Amiga ON.
2. Insert your Workbench disk into drive CDD.
3. If you have a single drive system: Take out the Workbench disk and insert Theme Park Disk 1 into drive CDD.
4. If you have two drives: Simply insert Disk 1 into the other drive.
5. The Disk 1 icon appears on the Workbench screen. Place the mouse pointer on this icon and highlight it with a single left-click.
6. Using the right mouse button, pull down the icons menu from the menu bar. Drag the bar down to Copy and release.
7. Follow the on-screen instructions. Depending on your system you may have to copy disks from time to time.
8. When you have copied the disk, left-click its icon to highlight it. From the icons menu, choose Rename. Next, edit the disk name to remove 'Copy of' text characters so that the disk is called 'TP 1'. Press Enter.
9. Repeat steps 4 - 7 with the rest of your Theme Park disks.
10. Now put your original Theme Park disks away for safe keeping. Play only from the copies of your original disks. Make sure you leave these write protected with the black tab pushed up (letting you see through the hole) so that no-one accidentally erases them.
