Theologie Bij De Tijd:

De Nederlandsche Hervormde Kerk van den tegenwoordigen tijd Hendrik Gerrit Kleyn, 1898 *Tijdschrift voor theologie*, 1996 De ethiek in de Gereformeerde theologie Gerhard Herman Johannes Wilhelm Jacobus Geesink, 1897 **The American Journal of Theology** University of Chicago. Divinity School, 1901 Vols 2 6 include Theological and Semitic literature for 1898 1901 a bibliographical supplement to the American journal of theology and the American journal of Semitic languages and literatures By W Muss Arnolt Separately paged **De theologie van Ernst Troeltsch** B. B. Keet, 1913 **The Federal Theology of Johannes Cocceius (1603-1669)** Willem van Asselt, 2021-10-01 This volume deals with the Federal theology of Johannes Cocceius who lived in the seventeenth century 1603 1669 German by birth he taught at Bremen Franeker and Leiden where he was Professor of Theology 1650 1669 As foremost biblical interpreter he sought to formulate a Covenant theory which described all of human history by introducing the structure of consecutive covenants or foedera The book poses a surprising alternative to the readings of earlier scholarship on Cocceius by its careful presentation of the pneumatological components of the doctrine of covenants Cocceius Federal theology was of considerable importance in the theological and political history of Europe and the United States and forms the framework for much of the Reformed theology in the past three centuries **Remembering Theologians - Doing Theology** Dirkie Smit, 2013-10-01 Theology for me has always been about friendship whether with students postgraduate students colleagues ministers ecumenical believers from different traditions theologians from abroad or simply books and publications articles and sources This volume is a witness to some of these friends and some of these conversation partners dead and alive near and far like minded or from totally different backgrounds and persuasions I have met over several decades and with whom I have been privileged to engage doing theology Dirk J Smit **Philosophy of Religion and Theology, 1975 Proceedings** American Academy of Religion, James William McClendon, 1975 **Theologische studiën**, 1908 Protestant Theology and Modernity in the Nineteenth-Century Netherlands Arie L. Molendijk, 2021-12-24 Protestant Theology and Modernity in the Nineteenth Century Netherlands examines how Dutch Protestant thinkers and theologians met the challenges of the rapidly modernizing world around them It shows that the nineteenth century saw theology fundamentally transformed and reinvented in a variety of ways Enlightenment values were fiercely attacked by orthodox Pietists but embraced by modern theologians Positions were not fixed and theologians had to work hard to maintain their intellectual integrity Jewish Isaac da Costa converted to Christianity and fulminated against the Zeitgeist Allard Pierson who in his youth had been under the spell of Da Costa resigned from his ministry and adopted an agnostic stance Abraham Kuyper modernized theology and politics by laying the foundations of pillarization the segmented social structures based on differences in religion and worldview of Dutch society Abraham Kuenen revolutionized the study of the Old Testament and Protestant theologians made ground breaking contributions to the emerging science of religion This book used in depth studies of a small number of significant and

influential Protestant thinkers to analyse how they addressed specific modern transformation processes such as political modernization the pluralization of world views and the emergence of critical historical scholarship It also considers the significant Dutch contribution to the historical critical study of the Bible and the emergence of the modern comparative study of religion

The Gospel in the Western Context Gert-Jan Roest, 2018-10-02 In *The Gospel in the Western Context* Gert Jan Roest focuses on discerning a Western contextual gospel an endeavour that is very relevant to the current state of Christianity in the postmodern and post Christendom West After giving an in depth analysis and synthesis of how Hendrikus Berkhof and Colin Gunton read the Western context and contextualize their Christology he develops a gospel centred model for reading the context Meanwhile he makes a creative and much needed attempt to connect the two disciplines of systematic theology and missiology and convincingly shows that both disciplines cannot only enrich one another but also can give church practitioners insight and wisdom for their tasks
