Substance Use Disorders Treatment in Therapeutic Communities Miroslav Horák, Nahanga Verter, 2022-10-17 This book presents an in depth qualitative study carried out with inpatients under treatment for substance use disorders SUDs in seven therapeutic communities TCs located

in three countries Peru Nicaragua and Czech Republic By comparing the experiences in these different cultural contexts the book presents a grounded theory of SUDs treatment in TCs from a cross cultural perspective identifying factors that influence the efficacy of SUDs treatment in TCs based on interviews carried out with inpatients Based on rigorous qualitative research methods this book presents not only a comparative analysis of TCs located in different cultural contexts but also analyzes the cross cultural nature of the therapeutic programs adopted in these communities such as the combination of traditional Amazonian medicine based on the therapeutic use of ayahuasca with conventional psychotherapy and occupational therapy among other approaches Departing from the interviews carried out with inpatients the authors present a comparative analysis of how the different TCs address important issues related to SUDs treatment and complement this analysis with machine generated summaries of relevant scientific papers These summaries contain results of similar research projects conducted in other cultural contexts

Substance Use Disorders Treatment in Therapeutic Communities A Cross Cultural Approach presents the results of a unique comparative study with great translational potential which will be of interest to both researchers and practitioners working in TCs This unique comparative study identifies factors affecting the efficacy of therapeutic programs and proposes a grounded theory which aims to serve as an important source of information for therapists and other professionals working with SUDs treatment and for the replication of applied therapeutic methods in other TCs

Principles of Addiction Medicine Richard K. Ries, Shannon C. Miller, David A. Fiellin, 2009 This respected text from the American Society of Addiction Medicine is valuable for all physicians and mental health personnel who specialize in addiction medicine and who treat patients with addiction disorders The chapters blend scientific principles underlying addiction with the practical essentials of clinical addiction medicine Many of the contributors are affiliated with leading government agencies that study addiction and its science such as the National Institute on Alcohol Abuse and Alcoholism and the National Institute on Drug Abuse The book will appeal to a wide and interdisciplinary range of professionals especially those with interest or duties relating to addiction related disorders and in particular physicians seeking certification status via either the American Board of Addiction Medicine or the American Board of Psychiatry and Neurology A companion Website will offer the fully searchable text

Drug Use in Prisoners Dr. Stuart A. Kinner, Dr. Josiah D. Jody Rich, 2018-01-09 In most countries problematic drug use is dealt with primarily as a criminal justice issue rather than a health issue Accordingly a large proportion of people in prison have a history of alcohol tobacco and or illicit drug use and despite the best efforts of correctional authorities some continue to use these substances in prison often in very risky ways After release from prison many relapse to risky substance use and are at high risk of poor health outcomes preventable death or reincarceration In this edited volume for the first time we bring together 40 contributors from 10 countries to review what is known about alcohol tobacco and illicit drug use in people who cycle through prisons and the harms associated with use of these substances We consider some evidence based responses to these harms both in prison and after return to the community and discuss their implications for policy reform This book is international in scope and multi disciplinary in character It brings together and integrates the perspectives of public health and addictions researchers criminologists and correctional leaders epidemiologists physicians and human rights lawyers Our contributors are unified in their commitment to evidence informed policy that is doing what we know works An overarching theme pervading all of the chapters is that people who cycle through prisons come from the community and almost always return to the community

Their health problems are therefore our health problems in other words prisoner health is public health **Drug Use in America** United States. Commission on Marihuana and Drug Abuse,1973 Women and Substance Abuse Harry K Wexler,Sally J Stevens,2014-03-18 In Women and Substance Abuse Gender Transparency you ll see what can be done to aid women in some of the world s hardest hit substance abuse hubs including Rio De Janeiro Brazil Philadelphia Pennsylvania and New Haven Connecticut Filled with timely research and practical solutions this volume shows you what you can do to aid the tremendous and immediate need for specialized interventions in the lives of women Women and Substance Abuse considers many of the variables in the lives of women who abuse drugs race choice of drug HIV risk and drug treatment history and gives you line by line proof of the need for custom tailored harm reduction strategies for addicted women who are and who aren t engaged in drug treatment therapy In addition you ll see why frequent cocaine use current physical and sexual abuse and concerns relating to children can alter the success of therapies and treatments Overall this unique volume will broaden your understanding of the subject by covering gender differences in risk for gonorrhea infection risk factors for women who trade sex for drugs and money the role of physicians and prenatal care providers of substance abusing women how drug treatment programs can be more multifacted to include planning prenatal care and parenting skills prison based therapeutic communities long term residential treatment for women with children pregnant women and women without children For every unique woman with a drug problem there is a unique treatment Women and Substance Abuse turns away from the lost cause of blanket treatments and takes you into the world s slums and inner city ghettos where the faces of addiction are as diverse as the women who bear its debilitating burdens You ll see women s drug addiction for what it is a montage of suffering and pain that only individual and specialized care can cure Treatment of the Chemically Dependent Homeless Kendon J. Conrad,Cheryl I. Hultman,John S. Lyons,1993 Develop new programs or improve existing programs with these helpful descriptions of theoretical foundations and practical implementation of innovative projects Treatment of the Chemically Dependent Homeless presents fourteen projects funded by the National Institute on Alcohol Abuse and Alcoholism NIAAA in cooperation with the National Institute on Drug Abuse NIDA that were designed to develop strategies to combat the dual problems of homelessness and substance abuse and then analyze program effectiveness Contributors describe projects occurring in a variety of major cities and focus on the theory behind each program and its practical implementation Treatment professionals seeking new directions for their own programs will benefit from chapters that compare conventional services with new innovative treatments They also demonstrate how the new programs will effectively meet the needs of the target population and fill the gaps where current services fail Treatment of the Chemically Dependent Homeless presents detailed discussions of each program s theoretical foundation design and implementation that will be invaluable to clinicians and researchers needing information about the complex nature of various experimental interventions The book begins by presenting an overview of the background and rules of the NIAAA Cooperative agreement The

subsequent chapters follow a logical sequence by concentrating on one or two of the following aspects of program development theory of treatment local political and social milieus special populations outreach strategies relapse and retention issues residential care programs case management transition to independence Doctors nurses psychologists social workers substance abuse counselors and researchers who treat or study the chemically dependent homeless will value this groundbreaking information for studying developing and improving their own treatment programs Teachers who seek to educate their classes regarding state of the art service provision for homeless substance abusers will also find this an essential resource for innovative ideas and practical examples of program implementation

Addiction and Recovery in the UK Jeffrey Roth, David Best, 2013-09-13

Addiction and Recovery in the UK captures the essence of the emerging addictions recovery movement and in particular the emerging evidence base that had been gathered around the umbrella of the Recovery Academy UK The Recovery Academy was established with the aim of creating a forum for people in recovery practitioners commissioners and academics working together to describe and understand the principles of recovery as applied across the UK Following the first annual conference researchers who had been involved in academic research on recovery and innovative services and activities that had been evaluated were invited to outline UK initiatives This book the result of their contributions is a vibrant collection of diverse theories and models critiques and innovations ranging from two linked papers describing the growing recovery movement in Edinburgh to a recovery walking group in Wales and a model for peer activities in the North of England The projects are typically community up projects whose essence has been captured within this book and which together paint a picture of vitality and growth in the UK recovery movement This book was originally published as a special issue of the Journal of Groups in Addiction and Recovery
