Thinking About God Brian Davies OP, 2011-01-01 If it is reasonable to believe in God the ways in which God is thought of and spoken of deserve careful attention This book looks carefully at the philosophical implications for thinking and speaking about God the problems that have arisen and still arise and the various solutions that have been proposed In Part One Brian Davies examines the question of the reality of God Do we have reason to believe in God Arguments are discussed based on the beginning of the universe its continued existence the order it exhibits experience of God and the basis of morality Finally the Ontological Argument based on the concept of God is examined Part Two looks at questions raised by what is said about God Is talk about God meaningless If not in what sense can we talk about God What does it mean to say that God is eternal and changeless What does it mean to say that God is omnipotent omniscient omnipresent and good Does the existence of evil invalidate belief in God Part Three considers more precisely Christian belief in God Is there a rational basis for Christianity How does this relate to faith Can we make sense of the doctrines of the Incarnation and the Trinity Is prayer reasonable Throughout the book arguments from all sides are treated readably but rigorously There is generous provision of searching questions for discussion and further reading

What Was God Thinking? John D. Edison, 2016-09-26 John Edison provides answers to some questions many Bible students have been struggling with for centuries The key to answering questions about God is often not found until the questioner has learned to trust God above any human wisdom Most Bible answers are at the intersection of God's character the culture when the statement was made and common sense What Was God Thinking clarifies the Gospel God's love plan to save all people from sin God has prepared a home for us in Heaven followed by a return to Earth made new This book explains what it means to be saved by grace and what is involved in living as a person who has accepted all that God's grace has to offer Each chapter of this book deals with an issue of life that affects our relationship with God Each chapter deals with God's love and desire for us to be united with Him

The Power of God-Thinking Keith C. Powell, 2010-02-01 God Thinking distills powerful thinking principles *The Thoughts of God* John Ross Macduff, 1891 *Think On These Things* Molly Ratliff, 2022-12-03 Whatcha thinkin about If you're anything like me you're probably thinking a lot of things What I've been thinking is What if there is more to my understanding of God than I have right now What if the age old Sunday school stories still have life changing messages hidden in plain sight What if I could challenge my thinking What would life look like if I took these thoughts captive What if there is a God way of thinking and what if I thought more like this The more I've been thinking this the more I'm convinced God is calling for each of His children to challenge their thoughts His word is filled with indications of this heartbeat So I invite you to think ponder and dwell on the thoughts presented within this devotional and take on the mind of Christ This devotional is formatted for 52 weeks plus some bonus material The devotional is further formatted so that each week one thought is presented Then a prayer is offered in conjunction with this thought I believe as we take on the challenge of renewing our minds God will meet

us in the process and reveal Himself in a greater way not only in our minds but in our hearts souls and lives So let s think on these things

THE THOUGHTS OF GOD John MacDuff,FELIPE CHAVARRO POLANÍA, How precious are Your thoughts unto me O God How great is the sum of them Were I to count them they would outnumber the grains of sand When I awake I am still with You Psalm 139 17 18 The thoughts of a great man on earth how valued With what feelings then shall we ponder the thoughts of God We treasure the thoughts of the wise and the good for their own sake but how is their value enhanced when they are personal and have a special reference to ourselves These Thoughts of God are thoughts toward us I know the thoughts that I think towards you Your thoughts which are to us How precious also are Your thoughts unto me O God For sound doctrine presented Scripturally and devotionally with its application to the Christian life you cannot go beyond MacDuff MacDuff writes popularly yet he is by no means shallow For an hour s pleasant and holy reading commend us to MacDuff Charles Spurgeon

You Only Think God Is Silent Julie Ann Allen,2017-06-07 We all have those moments where we encounter pain grief and struggles and wonder why God would allow this We have heard those semitheological platitudes about our struggles and questions Author Julie Ann Allen experienced those when her husband of fourteen years was buried alive on a work site Julie Ann learned what it was to stand at a crossroad generated by tragedy and make a choice That moment was a defining moment in her life She could either ignore God and blame him for the tragedy or rely on God to sustain her transform her and reconstruct her life as she passed through this profound tragedy Julie Ann writes about Gods voice provisions and how she eventually chose divine happiness by the hand of God If you have ever asked any of these questions Where was God Why did God allow this Why cant I hear God then reading *You Only Think God Is Silent* is a wonderful place to discover ways you can turn to God and hear the answers to those questions

The More You Think About God AA Momodu ,2022-04-27 Blessed is the man that walketh not in the counsel of the ungodly nor standeth in the way of sinners nor sitteth in the seat of the scornful But his delight is in the law of the LORD and in his law doth he meditate day and night And he shall be like a tree planted by the rivers of water that bringeth forth his fruit in his season His leaf also shall not wither and whatsoever he doeth shall prosper Psalm 1 1 Your thinking determines the kind of experiences you ve in life your thinking also determines where you go what you do who you associate with your thinking will either bring you into prosperity or cause you to suffer poverty A lot hangs on the quality and

the progression of your thinking Because you ll go wherever you consistently thinking about you ll do the things that you set your mind to do The writer of the book of Psalms gave us his prescription for a great life when we put our mind on the Lord and make Him the delight of our thinking by meditating on His goodness and His God works Then we shall become like the tree that is planted by the rivers of water whose leaves shall not wither God is life the more you think about God the more you live life flourishing *Big Problems, Bigger God* Steve Smothermon,2015-10-01 Are you or someone you love in a world of hurt right now You may be facing challenging circumstances intense pain crushing disappointment or silent regrets But you don t have to fold You don t have to resign yourself to defeat You can find help and encouragement to get through the tough parts to clarify the truth about your life to replace self sabotaging behaviors to discover areas where you need a change of heart or perspective And here s the promise As you keep moving forward through adversity you ll discover the greatness and the grace of God Because you ll realize how truly great and gracious he is only when you endure hard times and emerge on the other side Big Problems Bigger God is your no holds barred guide to difficult challenges and the hope they can produce as you walk with God through them Cornelius Van Til's Doctrine of God and Its Relevance for Contemporary Hermeneutics Jason B. Hunt,2019-09-27 Cornelius Van Til s Doctrine of God and Its Relevance for Contemporary Hermeneutics seeks to answer the question What does Van Til have to do with hermeneutics It is argued that some of the most relevant concerns in the field of contemporary hermeneutics are similar to those addressed by Van Til in the area of apologetics Van Til s approach involved a self conscious consistency between method and theology proper in order to reason according to the Christian worldview found in Scripture Just as one s apologetic method should be consistent with the theology revealed in the Bible so also should one s hermeneutic This work not only argues that Van Til has an important place in the hermeneutical discussion but also demonstrates his place in terms of the main contours in his doctrine of God In doing so certain influences on evangelical hermeneutics are considered according to consistency with theology proper Lastly a Van Tillian hermeneutic is applied to the often debated issue concerning the New Testament use of the Old Testament *My Thoughts Become Your Thoughts* Tracy Menchenton,2018-10-24 The existence of life s Presence within you the Kingdom of God was never intended to be a mystery And Eternal life is to be experienced now in this Present moment of life s only reality Your life s Conscious driven purpose was predestined before you were ever born It has always existed within you ready to be revealed you just had to come into the light of awareness of its existence This is the Practice of Awakening Your Mind to Your True Identity Life s Calling and Your Inspired Purpose The Minds Renewal Is the Path to Your New Transformation You are not who you think you are Your mind s false self awareness has separated you from the Presence of life In your separation from life s only reality this Present time you have created a false self identity or ego This ego continues to lead you astray from life s Presence by seeking for more beyond this Present moment the only reality of life s existence Transcend your mind s false self awareness to the higher state of Consciousness the awareness of your Oneness

with life's Presence Know your true identity your Oneness with the Author and Perfecter the Creator of all life The end of all suffering You hold the key to your inner peace the end of your mental suffering You are not your thoughts the thinking and rationalizing mind but you are the observing or witnessing Presence within Know your mind's right standing position its correct alignment with Consciousness the awareness of life's Presence in the here and now of reality Learn to become free from the mind's attachment to the intellect and put an end to all your suffering Life has a purpose for you Predestined before the foundation of the earth life's unfolding script had a unique role for you to play You were created with a longing desire within to know your inner purpose something much greater than you could imagine for this life You were created with the secret of your identity and purpose hidden within you waiting to be revealed Life is calling you drawing you inward to an awareness of your true self and to fulfill its destiny and there is no greater time than now The New Beginning Are you ready child To take the journey of life as I have set it out just for you Hold fast for there is much to learn much to teach you Lend an ear to Me I will fill you up for wisdom only comes with reverence Ask and you shall receive I give all to My children who reverence Me Do not go outside of life's existence but remain in the Present with Me I shall surely reveal to you My unfolding plans for your life's purpose your great destiny

Ways of Thinking about God E. B. Self, 2013-08-01 As we become more deeply involved in thinking about God it would be good to remember that the thinking is about God but is done by humans We should be careful We should not have too high an opinion of our own thinking We might recall the statement of Isaiah 55 8 9 For my thoughts are not your thoughts nor are your ways my ways says the Lord For as the heavens are higher than the earth so are my ways higher than your ways and my thoughts than your thoughts With the reminder that human thinking about God has important limitations we should still try to think about God as carefully as possible 1 How can we summarize the beliefs about God in the Bible 2 How should we understand the Bible's many references to God and violence 3 Can we derive a clear and comprehensive view of God and human destiny from the Bible 4 Can we prove the existence of God by reason apart from the Bible 5 What views have philosophers had about the basic nature of God 6 How can we reconcile belief in God's goodness and unlimited power with the evil in the world 7 Is God an appropriate subject for scientists to study 8 Should scientific views of time life and space lead us to adjust some of our beliefs about God 9 Are our views of God appropriate for the modern world 10 Do you believe that you should do some more thinking about God

Thinking about God in an Age of Technology George Pattison, 2005-09-22 Technology shapes every aspect of contemporary life but George Pattison argues that thinking about God offers a creative counter movement to the dominant technological culture His argument is applied to questions of ethics university study the arts and urban living

God Thoughts 2 U K Edward Balentine, 2019-06-07 This book was written for those who have perhaps become disillusioned with the condition of today's church Over the years much of the content of our faith has been seriously diluted many words have been emptied of meaning and much vibrancy has been lost Found in these writings is the offering of some thoughts that can help us regain some of

what we have lost Jesus is still building his church today whether or not we can see it and it is the author's hope that these writings are part of his reconstruction *Unity*, 1905 *What's Right with the Trinity?* Dr Hannah Bacon, 2013-06-28 The doctrine of the Trinity poses a series of problems for feminist theology At a basic level the androcentric nature of trinitarian language serves to promote the male as more fully in the image of God and as the archetype of humanity pushing women to the margins of personhood It is no surprise then that feminist scholarship on this doctrine has often focused on what's wrong with the Trinity setting out the problems raised by the use of traditional androcentric trinitarian language This book brings together a discussion of feminist theological methodology with a critical exploration of the doctrine of the Trinity Focussing on what's right with the Trinity as opposed to what's wrong with the Trinity it considers the usefulness of this doctrine for feminist theology today It replaces a stress on trinitarian language with an emphasis on trinitarian thought exploring how we might effectively think rather than speak God in light of feminist concerns In particular it asks how a trinitarian understanding of God might support and be supported by key values which underpin a feminist way of doing theology specifically values which underpin the methodological use of women's experience in feminist theology The central argument is that thinking God as Trinity need not serve to reinforce patriarchal values and ideals but may in fact promote the subjectivity and personhood of women Philosophy and Religion Strong, 1888
