A Man of Understanding Frank M. Berger, M.d., 2013-12-28 Dr. Frank Berger, 1913-2008, introduced the ground-breaking tranquilizer Miltown in 1955, which improved millions of lives and changed modern medicine. Despite this, he never gave up seeking a deeper solution to human distress. During the distinguished career that followed, this vastly curious scientist collected ideas that helped his understanding of the world. Here, he offers a formula for achieving the happy, successful life he'd enjoyed, and an A-Z of his stimulating views. Remarks by Einstein, Confucius, Joseph Campbell, Warren Buffett, Jackie Mason, and others support and amplify them. Dr. Berger had concluded that though we can't overcome life's uncertainties, we can greatly increase our ability to handle them with grace and ease. He shows that learning to see things for yourself and determine your own views, rather than accepting those handed down by others, can provide enormous inner strength, clarity, and confidence. You can create a set of beliefs that better outfit you for success and happiness. His catalog of 60 views on many subjects is meant as a springboard to inspire you to form your own. Jump into the book and discover for the first time what you really think about things and see if it changes your life. **Thinking for Yourself 6e-Im** Mayfield, 2003-07-01
