It's your tactical defense manual, the business plan every artist, producer, writer and musician needs to succeed. It's built to serve the corporate structure powered by the talent and heart of artists like you who fuel its engine. But with the right knowledge, you can level the playing field. What's Inside This Book: Years of battle tested strategies, hard earned insights and invaluable lessons Pete Warner gained from industry professionals, experts and legends. From stepping into the industry to becoming a multi platinum songwriter and Grammy nominee, Pete's journey reveals the hidden truths, contracts pitfalls and power moves that define the game. No fluff. No sugarcoating. You're getting the real, unfiltered, uncut and unapologetic. This Second Edition does more than teach, it takes a stand. For the first time in publishing history, a music business book includes a formal public petition to the United States Copyright Office calling for a Notice of Inquiry (NOI) into the practices of the Mechanical Licensing Collective (MLC). The author officially urges the Copyright Office to launch an NOI in response to the MLC's ongoing obstruction and failure to comply with federal law, specifically its disregard for properly executed Notices of Termination under Title 17 U.S.C. 203 of the United States Copyright Act. This public request to the United States Copyright Office, now preserved as part of the permanent record within this book, represents a real world effort to reclaim mechanical rights under federal law. Chapter 6 presents the supporting evidence and details of the complaint. This is not theory, it is advocacy in action, grounded in fact, ethics and an urgent commitment to defend the rights of

authors and composers as protected by federal statute The MLC operating under the authority of the United States Copyright Office is legally obligated to honor these rights Yet its current actions stand in direct conflict with those obligations Beyond its groundbreaking content this book guides you through mastering the music industry from that first spark of inspiration through the climb to success and far beyond what most artists ever imagine Completely Rewired Fully Reloaded Deeply Expanded We've taken everything from the first edition and enhanced it then added over 40 000 new words packing nearly 100 000 words of harder truths tactics business intel and actionable knowledge You'll Learn How contracts masters syncs PROs and copyright really work What's behind the recoupable expenses trap How to recognize manipulation tactics before you sign anything Why ownership is everything The 250 personality traits to watch for in allies and snakes You Have Two Choices 1 If you're not ready to face the truth about the business of music this isn't the book for you 2 If you know your time to shine has arrived and you're ready to make your mark then buy The Art of Business in Music Second Edition now and equip yourself to handle anything the industry throws your way No matter what No matter where No matter when You will always be prepared and ready to win Edition Notes Google Play eBook Word Count 99 743 Release Date 11 24 24 Latest Update 04 20 25 Publisher 2025 Brooklyn Icy Publishing Series Essential Reading Series Volume 1 This listing refers specifically to the Google Play eBook edition Latest Version Update Updates and refinements to front matter including Front Matter Enhancements Refinements to Ch 2 6 10 16 Refined Disclaimers at Chapter Sub chapter Endings for Consistency
