Politics through the Iliad and the Odyssey Andrea Catanzaro,2019-03-14 Facing censorship and being confined to the fringes of the political debate of his time Thomas Hobbes turned his attention to translating Homer s Iliad and the Odyssey from Greek into English Many have not considered enough the usefulness of these translations In this book Andrea Catanzaro analyses the political value of Hobbes translations of Homer s works and exposes the existence of a link between the translations and the previous works of the Malmesbury philosopher In doing so he asks What new information concerning Hobbes political and philosophical thought can be rendered from mere translation What new offerings can a man in his eighties at the time offer having widely explained his political ideas in numerous famous essays and treatises What new elements can be deduced in a text that was well known in England and where there were better versions than the ones produced by Hobbes Andrea Catanzaro s commentary and theoretical interpretation offers an incentive to study Hobbes lesser known works in the wider development of Western political philosophy and the history of political thought

Categories Giuseppe D' Anna,Lorenzo Fossati,2018-03-01 Das Nachdenken ber die Kategorien markiert einen

grundlegenden bergang in der Geschichte der Philosophie Durch die Theoretisierung dieses Problems erh lt die Philosophie jenen metareflexiven Charakter der wahrscheinlich eines der typischeren Merkmale philosophischen Wissens und ihrer Methode darstellt Das Kategorienproblem wurde im Laufe der Geschichte der Philosophie schrittweise durchdrungen aber nie endg ltig gel st In dieser Hinsicht kann die Geschichte der Kategorien im Rahmen der Philosophie nicht als abgeschlossen gelten tats chlich wird das Kategorienthema vom Altertum bis in die Gegenwart hinein analysiert und diskutiert ohne dass seine theoretische Fruchtbarkeit bereits ersch pft w re Die aktuelle Kategorienforschung muss sich unweigerlich mit der Geschichte der Kategorien befassen wenn sie Fortschritte erzielen und bereits in der Vergangenheit begangene Fehler vermeiden will Hieraus ergibt sich eine der Aufgaben des vorliegenden Bandes der von dem Bed rfnis ausgeht Perspektiven und Wege der Kategoriengeschichte aufzuzeigen Das Ergebnis ist nicht ersch pfend vielmehr wird ein erster und partieller Beitrag zu einem ausgedehnteren Projekt vorgelegt The reflection upon the categories leaves a fundamental mark in the history of philosophy By theorizing such issue philosophy gains a meta reflexive feature which is probably one of the most distinguishing traits of this kind of knowledge including its method In the history of philosophy the question of the categories has been gradually investigated and clarified but it still remains to be solved Therefore from a philosophical perspective the history of the categories is far from coming to an end since ancient times it has been debated and discussed thus revealing all its theoretical potential Such a broad history should be taken into account by any present study that wants to represent a real progress in the research in order to avoid repeating errors that have been already made in the past Among other things this is one of the objectives of the present volume which comes from the will to describe some paths and perspectives of this history without claiming to deliver an exhaustive overview and rather representing the first partial contribution to a wider project
