Recovering Faith Lorene Hanley Duquin,2011-03-15 I was there physically but I was mentally and spiritually absent I had so much hurt and misinformation about what the Church was and wasn't While I would have liked for God to exist I could not in good conscience believe it Every person's journey of faith is filled with twists and turns Now Recovering Faith Stories of Catholics Who Came Home follows the personal and heartfelt faith journeys of 18 well known Catholics who have come back to their faith Some had fallen out of step with the Church through complacency or poor education Some were sidetracked by the lure of fame and fortune A few took a turn in Protestant traditions Others traveled through the darkness of atheism You'll be fascinated and encouraged by the way Christ touched each one to bring them all home The compelling stories include personal accounts from Martin Sheen actor Dean Koontz best selling novelist Clarence Thomas U S Supreme Court justice Dr Francis Beckwith former president of the Evangelical Theological Society Barbara Curtis author Leah Darrow America's Next Top Model finalist Janet Morana executive director of Priests for Life Teresa Tomeo Catholic radio personality

Those who Saw Her Catherine Odell,1986 How the Saints Shaped History Randall Petrides,2023-04-28 In every era of the Catholic Church holy men and women have shaped history through their gifts and talents and most importantly through their resolute commitment to Jesus Christ Some led armies some founded monasteries some lived a radical call to charity and each one had a unique part to play How the Saints Shaped History focuses on the essential role of the saints as vessels of God's grace in moving the Church and the world through her two thousand year history Written especially for everyday Catholics hungry to learn more about the Faith this book is both comprehensive and accessible It tells the story of how more than 180 saints from Saint Mary Magdalene to Pope Saint John Paul II led the Church through many crises and back to her spiritual roots As our Church continues to face crises this book reminds us that we still have reason to hope in our own time As the providential hand of God worked through the saints to shape history each of us is called to become a new saint to shape the history of the Church today Be Not Afraid to Follow the Footprints from Heaven John Carpenter,2016-07-21 Does God really exist Is there really any evidence for that Can science prove that the Communion wine and bread actually turn into the flesh and blood of Jesus Christ Does the Shroud of Turin validate the mystical resurrection of Christ through careful expert scrutiny How can statues weep real human tears How can the bodies of deceased holy persons not decay for centuries What are angels and what roles do they play Want to hear how Heaven and Hell are described And historically hundreds of people worldwide have documented appearances by the Virgin Mary This just cannot be real or is it Psychiatric therapist John Carpenter takes you where few researchers have gone before Like a logical detective amassing the supernatural evidence for your consideration he presents historical accounts and miraculous events along with recent medical and scientific research to develop a credible and stunning conclusion His evidence may bring you to a refreshing

new spiritual awareness at a time when doubt distraction materialism violence and self indulgence seem prevalent The implications are both joyful and chilling as Carpenter slowly seduces the reader into following him through the labyrinth of divine mysteries created by those footprints from heaven Be not afraid to take this journey and discover the Truth that could change your life

Seeing the Messiah Jonathan Kendall,2025-07-14 Apparitions are real The evidence for their objective nature is immense and they are frequently not the transparent non physical manifestations depicted by Hollywood and popular culture Moreover some apparitions demonstrate blatantly physical characteristics to the point that they may be initially mistaken for real people Seeing the Messiah takes readers on a tour of case studies from eight well evidenced categories of apparitions that occur in nature These categories include visions of the bereaved those that linger in haunted houses figures that materialize during s ances and apparitions that represent religious icons such as the Blessed Virgin Mary What exactly are apparitions Visitations from the supernatural realm Dramas created through telepathy Dr Kendall speculates on how these strange intrusions into our reality might best be interpreted and the implications this has for the nature of reality itself Having established the characteristics of this phenomenon Dr Kendall examines claims that Menachem Mendel Schneerson i e the Lubavitcher Rebbe was raised from the dead with special scrutiny of the post mortem encounters of the Rebbe to his followers He then evaluates the historical data used to support Jesus resurrection in light of the same apparitional data Do those who see the Messiah merely experience apparitions

Beyond the Threshold Christopher M. Moreman,2008-09-18 In every culture throughout history people have asked the same fundamental question about what will happen to them when they die From the underworld to the light at the end of the tunnel beliefs and experiences of death abound And even though we cannot know for sure what happens to us after death our understanding of the afterlife can have a profound impact on how we live Beyond the Threshold is the first book to seriously examine the afterlife through the lens of both world religions and metaphysical experiences Christopher M Moreman includes an introduction to the afterlife beliefs of ancient cultures which are essential to understanding the roots of many modern ideas about death He examines the folklore and doctrines of major world religions including Judaism Christianity Islam Hinduism Buddhism Confucianism and Taoism He also discusses psychic phenomena across traditions such as mediums near death and out of body experiences and past life memories While ultimately the afterlife remains unknowable Moreman s unique in depth exploration of both beliefs and experiences can help readers reach their own understanding of the afterlife and how to live No other book in the field approaches the issue of the afterlife from so many angles but Moreman weaves them skillfully together into an accessible and engaging book

U.S. Catholic Historian ,1995 **New Covenant** ,2001 **He is Alive** John S. Carpenter,2019-02-08 When science set forth to explain the historical evidence and miraculous events attributed to the existence of Jesus it expected to find hoaxes a lack of evidence and nothing substantial to support a supernatural belief in God What skeptical scientists did discover actually

validates the beliefs of Christians And what they could not explain also added even more support for Christian faith The historical accounts eyewitness testimonies and miraculous artifacts provide overwhelming proof that something supernatural and heavenly is in contact with mankind Join John Carpenter a psychiatric therapist on his logical investigation into the divine realm of miraculous evidence through the startled eyes of disbelieving medical and scientific researchers The amazing conclusions from their professional examinations suggest that Jesus Christ must truly be alive and impacting our lives today As with Carpenter s first book *Be Not Afraid to Follow the Footprints from Heaven* be not afraid of having your current assumptions about God challenged by this historical evidence now under the scrutiny of today s science Open your mind for this fascinating and inspirational journey

Three Brothers Steven Propp,2007-11-30 Matthew Mark and Luke O Sullivan are triplets whose pious Catholic mother passed away during childbirth but whose family sees to it that they are firmly raised in the faith Upon graduating from high school all three of them have a vocation to the priesthood It s an exciting time The Vatican Council has concluded the Mass is now said in English and Catholic priests are going to jail for protesting the Vietnam War but the Papal encyclical *Humanae Vitae* has caused division in the Church as well Always mindful of their father s counsel that Brothers come first the three of them attend college and then seminary during a time of unprecedented change in the Catholic Church The Mass ritual itself is changed the Roe v Wade decision legalizes abortion and the Charismatic Renewal sweeps the world while Archbishop Marcel Lefebvre is disciplined for stubbornly opposing the significant changes taking place Yet after ordination the pace of change only increases Pope John Paul II is elected but there are increasingly bitter divisions in the Church over ecumenism feminism and the ordination of women clerical celibacy and

the place of gays and lesbians in the Church Amidst a society torn by protests about nuclear arms abortion and the AIDS crisis the three brothers challenge each other in basketball as they challenge each other's arguments over birth control the death of Terri Schiavo and The Passion of the Christ but especially over the clergy sexual abuse scandal and what it means for the priesthood Then Benedict XVI is elected Pope further threatening the ability of dissenting Catholic theologians to freely express their views In reading this thought provoking book you may discover that the most pressing issues affecting the Catholic Church are really the same issues that affect us all
