Three Plays In A Greek Motif:

Three Plays in a Greek Motif George W. Harper, 2014-08-17 More than 2 500 years ago the Athenians perfected the art of drama The fact it was strictly al fresco was a handicap but these ancient Greeks possessed imagination a commodity which is sadly lacking in our modern world Where everything has to be spelled out in graphic detail and nothing is left to the imagination Among the results of this dramatic presentation were such plays as Oedipus Rex and The Birds Which between them exemplify the tragic and comedic extremes of ancient Greek drama The great Athenian classical performances of the plays were invariably staged as triplets consisting of two tragedies and one comedy to relieve the tension They might extend over several days and involve rival authors who vied for the laurel wreath which betokened victory Here is a recreation of the Greek motif But it has been updated to conform to modern moods and situations The results may astonish by their differences from the ancient mode but they are consonant with both the ancient and modern worlds and may even acquire a few laurels in addition to many sneers The Embassy, the Ambush, and the Ogre Roberto Morales-Harley, 2024-08-29 This volume presents a sophisticated and intricate examination of the parallels between Sanskrit and Greco Roman literature By means of a philological and literary analysis Morales Harley hypothesizes that Greco Roman literature was known understood and recreated in India Moreover it is argued that the techniques for adapting epic into theater could have been Greco Roman influences in India and that some of the elements adapted within the literary motifs specifically the motifs of the embassy the ambush and the ogre could have been Greco Roman borrowings by Sanskrit authors This book draws on a wide variety of sources including Iliad Phoenix Rhesus and Cyclops Greco Roman as well as Mah bh rata The Embassy The Five Nights and The Middle One Sanskrit The result is a well supported argument which presents us with the possibility of cultural exchange between the Greco Roman world and India a possibility which though hypothetical is worth acknowledging Due to its comparative nature this volume will appeal to both Indologists and Classicists including Mah bh rata scholars Sanskrit theater scholars and those interested in comparative work with Sanskrit literature It brings an original perspective to the field and provides inspiration for new lines of research **Eugene O'Neill, Three Plays** Normand Berlin, 1989

Classical Reception Anastasia Bakogianni, Luis Unceta Gómez, 2024-07-22 In a time of acute crisis when our societies face a complex series of challenges race gender inclusivity changing pedagogical needs and a global pandemic we urgently need to re access the nature of our engagement with the Classical World This edited collection argues that we need to discover new ways to draw on our discipline and the material it studies to engage in meaningful ways with these new academic and societal challenges The chapters included in the collection interrogate the very processes of reception and continue the work of destabilising the concept of a pure source text or point of origin Our aim is to break through the boundaries that still divide our ancient texts and material culture from their reception and interpretive communities Our contributors engage with these questions theoretically and or through the close examination of cultural artefacts They

problematise the concept of a Western elitist canon and actively push the geographical boundaries of reception as both a local and a global phenomenon Individually and cumulatively they actively engage with the question of how to marshal the classical past in our efforts to respond to the challenges of our mutable contemporary world **American Journal of Philology** Basil Lanneau Gildersleeve, Charles William Emil Miller, Tenney Frank, Benjamin Dean Meritt, Harold Fredrik Cherniss, Henry Thompson Rowell, 1918 Each number includes Reviews and book notices **The Art of Scenic Design and Staging for Children's Theatre** Jed Horace Davis, 1958 **Amphitryon: Three Plays in New Verse Translations**, 1974 Together with a comprehensive account of the evolution of the legend and its subsequent history on the stage **The Conceptual Worlds of the Fourth Gospel** Charles B. Puskas, C. Michael Robbins, 2021-01-08 Over under and through John's story of Jesus are unforgettable ideas and concepts profoundly simple and simply profound for the author's own audience and beyond These ideas did not originate in a vacuum They have recurred and been repeated before and after the writing of the Fourth Gospel For this reason we will examine the meaning of its words and themes in the context of its Jewish Greco Roman milieu Much of our intertextual understanding will be derived from alleged parallels that involve comparisons of similar vocabulary and phrases as well as parallel concepts and images from the Old Testament the Dead Sea Scrolls Philo and other relevant writings Such parallels will help to determine the meaning of a word or expression the translation of a particular language determining any direct influences upon the Fourth Gospel parallel traditions or the influence of its ideas as a creative and inspiring work of later antiquity **Munsey's Magazine**, 1898 **Munsey's Magazine for ...**, 1898 Visions of Tragedy in Modern American Drama David Palmer, 2018-02-08 This volume responds to a renewed focus on tragedy in theatre and literary studies to explore conceptions of tragedy in the dramatic work of seventeen canonical American playwrights For students of American literature and theatre studies the assembled essays offer a clear framework for exploring the work of many of the most studied and performed playwrights of the modern era Following a contextual introduction that offers a survey of conceptions of tragedy scholars examine the dramatic work of major playwrights in chronological succession beginning with Eugene O'Neill and ending with Suzan-Lori Parks A final chapter provides a study of American drama since 1990 and its ongoing engagement with concepts of tragedy The chapters explore whether there is a distinctively American vision of tragedy developed in the major works of canonical American dramatists and how this may be seen to evolve over the course of the twentieth century through to the present day Among the playwrights whose work is examined are Susan Glaspell Langston Hughes Tennessee Williams Arthur Miller Edward Albee Lorraine Hansberry Amiri Baraka August Wilson Marsha Norman and Tony Kushner With each chapter being short enough to be assigned for weekly classes in survey courses the volume will help to facilitate critical engagement with the dramatic work and offer readers the tools to further their independent study of this enduring theme of dramatic literature *Economy in Home Building, with a Consideration of the Part Played by the Architect* Oswald Constantine Hering, 1924 The Misterio de Los Reyes Magos
