The World Factbook 2011 Central Intelligence Agency, 2011-11-29 In general information available as of January 1 2011 was used in the preparation of this edition Provides brief information on the geography people government economy communications and defense of countries and regions around the world Contains information on

international organizations Designed to meet the specific requirements of United States Government Officials in style format coverage and content Includes 3 unattached maps dated June 2011 **Women's Lives around the World** Susan M. Shaw,Nancy Staton Barbour,Patti Duncan Ph.D.,Kryn Freehling-Burton Ph.D.,Jane Nichols,2018-01-04 Providing an in depth look at the lives of women and girls in approximately 150 countries this multivolume reference set offers readers transnational and postcolonial analysis of the many issues that are critical to the success of women and girls For millennia women around the world have shouldered the responsibility of caring for their families But in recent decades women have emerged as a major part of the global workforce balancing careers and family life How did this change happen And how are societies in developing countries responding and adapting to women s newer roles in society This four volume encyclopedia examines the lives of women around the world with coverage that includes the education of girls and teens the key roles women play in their families careers religions and cultures how issues for women intersect with colonialism transnationalism feminism and established norms of power and control Organized geographically each volume presents detailed entries about the lives of women in particular countries Additionally each volume offers sidebars that spotlight topics related to women and girls in specific regions or focus on individual women s lives and contributions Primary source documents include sections of countries constitutions that are relevant to women and girls United Nations resolutions and national resolutions regarding women and girls and religious statements and proclamations about women and girls The organization of the set enables readers to take an in depth look at individual countries as well as to make comparisons across countries **The Global News Challenge** Anne Geniets,2013-12-13 The Global News Challenge tackles one of the timeliest topics in mass communication today the challenges facing international broadcasters with universal branding strategies in developing countries In these heavily government controlled media environments with a scarcity of reliable information international news providers traditionally had an influential position With the ongoing media liberalization however commercial domestic providers have gained in strength to become strong competitors Additionally in a number of countries pan Arab broadcasting enterprises have widened their reach contributing to the growing competition for traditional international providers such as the BBC or France 24 This book employs a global perspective to explore the subject across the whole population and different media platforms in select developing markets of Africa and South Asia It is unique in providing a theoretical framework by which to analyze demand and usage of and trust in news from international broadcasters across the whole population not just opinion leaders It outlines the strategic options for international broadcasters in these evolving market contexts **Birthing Eternity** Jane Elizabeth Cody,2013-04-10 Are we living in what the Bible calls the Last Days It feels like it but how can you know for certain What if everything you have been taught about the End Times is wrong What if the doctrines of well meaning theologians who lived in a day before planes trains and automobiles before phones TVs and satellite communications are as helpful as the understanding of an elephant provided by the four proverbial blind men Based

on their limited knowledge gleaned from what their hands have touched they proclaim an elephant is like a rope a snake a tree a fan With the clarity of sight we know none of these accurately describes an elephant Birthing Eternity makes a compelling case to take off your theological blindfolds and examine the elephant standing before you By tracing the correlation between documented history and the biblical prophecy Birthing Eternity will give you answers that are both unexpected and profound Find out how God has fulfilled His Word in astounding detail and gain critical insight about current events that are on everyones mind in this unsettled and challenging time Birthing Eternity makes the Last Days easy to understand It is proof that the message of End Times Scripture does not require top secret information prophetic visions or a degree in theology It is simply a matter of connecting the dots between what is plainly stated in Scripture and human events More than that you will find assurance that the unfolding of Last Days events isnt something to be feared but rather an exciting adventure No matter what there is hope for a bright futureincluding eternity
